

## ♦ Numerical Listing & Descriptions of Video Cassettes

### **VC 34 OFFICER SURVIVAL: FELONY STOPS**

**1984/MCJA/13:11 min./ VHS video cassette/3 copies      Audience: LET**

Filmed in Augusta, this training tape shows the different approaches to all three levels of enforcement stops: level one -- dealing with normal traffic enforcement; level two -- dealing with so-called aggressive behavior which could affect your personal safety; level three --dealing with a high risk or a felony which could lead you to believe that your personal safety is threatened, with imminent danger to your well being or life.

### **VC 37 FIRST ON THE SCENE: HAZARDOUS MATERIALS**

**198-/Fay Communications, Inc./25 min./VHS video cassette      Audience: A-LET**

*First on the Scene: Hazardous Materials* deals with the first responder's actions when arriving at the scene of a hazardous materials incident. The key points to remember are as follows: 1) protect yourself—use safe approach 2) identify hazards 3) secure the scene 4) obtain further aid and assistance 5) safe site entry. Several scenarios show the incorrect response followed by the correct response to a particular situation.

### **VC 38 CHILD ABUSE: THE HIDDEN EPIDEMIC: ROLE OF THE SCHOOLS**

**1984/VHS video cassette/part 1      Audience: A**

### **VC 38 CHILD ABUSE: THE HIDDEN EPIDEMIC: ROLE OF THE SCHOOLS**

**1984/VHS video cassette/part 2      Audience: A**

### **VC 39 WORKING WITH FEMALE OFFENDERS**

**198-/NIC/60 min./VHS video cassette      Audience: CT**

### **VC 40 INTERPERSONAL COMMUNICATIONS IN PROBATION AND PAROLE**

**198-/NIC/120 min./VHS video cassette      Audience: CT**

### **VC 41 MY HEART, YOUR HEART**

**1985/PBS Video/60 min./VHS video cassette      Audience: A-CT-LET**

This videotaped presentation takes an informative look at heart attacks and heart disease, and is based on Jim Lehrer's personal heart attack experience--the symptoms, the attack, his surgery, treatment and continuing rehabilitation. *My Heart, Your Heart* drives home the realization that it does not always happen to the other person.

### **VC 42 HAZARDOUS MATERIAL INCIDENTS**

**198-/60 min./ VHS video cassette      Audience: A**

### **VC 43 VOLUNTEER AND CONTRACT EMPLOYEE TRAINING/CORRECTIONAL SUPERVISION**

**198-/NIC/120 min./VHS video cassette**

**Audience: CT**

**VC 44 ACTAR 911 INFANTRY**

**1993/Actar Airforce Inc./15 min./VHS video cassette  
LET**

**Audience: A-CT-**

An overview for CPR Instructors.

**VC 45 THE MAZDA COURSE: THE HAZARDS OF DRUGGED DRIVING**  
**1986/Melear Multi-Media,Inc./VHS video cassette/1 course outline and teacher's guide**

**Audience: JH-HS**

*Drugged Driver* is a fourteen minute vignette that highlights David, an eighteen-year old recovering drug user who was involved in seven drug-related automobile crashes. Through David's dialogue, as well as a veteran state Patrol officer and an emergency room doctor, the need for unimpaired coordination while operating a motor vehicle is stressed. *Survival*, a fifteen-minute video, offers suggestions to teens on avoiding situations where drugs, alcohol and driving are involved. A veteran state patrol officer reviews ways to spot a driver who is under the influence of drugs or alcohol. This video-based instructional program was donated to the Academy by Mazda Motors of America (East), Inc. and may be reproduced for educational purposes, but not sold for profit.

**VC 46 DEADLY WEAPONS**

**1985/Anite Co./100 min./VHS video cassette**

**Audience: CT-LET**

Alec Jason walks the viewer through the fundamentals of small arms, demonstrating in vivid ways such concepts as "stopping power," "penetration" and controlled fire. He obliterates many common myths along the way, such as "silencers" really silence and that the .357 Magnum can penetrate an engine block.

**VC 47 FEDERAL LABORATORIES RIOT CONTROL AGENTS CN/CS--CHEMICAL AGENTS IN RIOT CONTROL**

**198-/Federal Laboratories/28 min./VHS video cassette**

**Audience: LET**

**VC 48 EPIDEMIC: DEADLIEST WEAPON IN AMERICA**

**1985/MTI/30 min./VHS video cassette/2 copies**

**Audience: HS-A**

Narrated and hosted by Collin Siedor, *Epidemic: Deadliest Weapon in America* is a hard-hitting program that examines both the statistical and human sides of the most unpredictable killer in recent history; the drunk driver. Though uncomfortable to watch at times, this program is intended to stimulate thought and discussion among viewers; better yet, it may save lives.

**VC 49 THE CORRECTIONAL OFFICER: INSTITUTIONAL SAFETY**

**1986/AIMS/20 min./VHS video cassette**

**Audience: CT**

This cassette is designed to help officers find out how well they perform this part of their job and to determine if there is need for improvement. Topics covered include fire and accident prevention, development of safety policies and regulations, use of safety equipment by inmates at work, and the training and monitoring of inmates.

**VC 50 THE CORRECTIONAL OFFICER: RECOGNIZING DRUG ABUSE**

**1986/AIMS/21 min./VHS video cassette**

**Audience: CT**

This cassette describes the symptoms and behaviors associated with drugs commonly found inside a correctional facility: cannabis, LSD, alcohol,

barbiturates, amphetamines, cocaine, and heroin. Clear descriptions and visual examples are great aids to officers in the detection of drug use.

**VC 51 THE CORRECTIONAL OFFICER: WHAT TO EXPECT--AN ORIENTATION FOR NEW CORRECTIONAL OFFICERS**

**1986/AIMS/21 min./VHS video cassette**

**Audience: CT**

This cassette allows new officers to get a broad and varied view of life in a correctional facility. Correctional officers from across the country were interviewed and asked the following questions: what mistakes do new staff members make most? what makes you feel good about the job? what advice do you have for new staff? Helps calm the anxieties of new staff and make their transition into the new job world a little easier.

**VC 52 SPACE DRIVING TACTICS**

**1980/AIMS/14 min./VHS video cassette**

**Audience: JH-HS**

Even if you are a safe driver, millions of others are not as careful. You need to give yourself space to stay out of trouble: an escape route against sudden stops, tailgaters, and dangerous hills and curves where visibility is impaired. This cassette explains simple safety rules.

**VC 53 PRO DRIVING ATTITUDES**

**1977/AIMS/16 min./VHS video cassette**

**Audience: JH-HS**

This video cassette demonstrates four key attitudes characteristic of professional drivers: being alert and prepared for the unexpected, being wary and suspicious of other drivers, traffic lights, pedestrians and intersections, being patient of other drivers and of driving conditions, and being considerate of other drivers.

**VC 54 WHEN ALL THE CITIZENS HELP**

**1981/Jayne Fitzgerald Productions/21 min./VHS video cassette Audience: A**

This tape stresses the cooperation between citizen patrol and the police department in Fairfax County, Virginia. Interviews with convicted burglars show what they look for when deciding which house to burglarize and just what factors deter them. Also listed are precautions the homeowner can take to make things a little more difficult.

**VC 54 THE INVITATION**

**1980/Hanna Barbera Productions, Inc./12 min./VHS video cassette**

**Audience: A**

A "likeable" thief tells tales of his profession. Exactly what he looks for to enable his success is shared with viewers. "So many people make it so easy."

**VC 55 NASSAU COUNTY POLICE DEPARTMENT BULLETIN: BALLISTIC KNIFE  
1985/3 min./VHS video cassette Audience: CT-LET**

Training video cassette to familiarize officers with the ballistic knife. Narrator cautions police against this threatening weapon.

**VC 56 WHEN TEENAGERS DRIVE  
1985/Insurance Institute for Highway Safety/12 min./VHS video cassette Audience: JH-HS**

Motor vehicle crashes are the #1 killer of teenagers. They cause more deaths of young people than cancer and the infectious diseases combined. This video cassette documents the problem and describes the policy options that work and those that don't, to save many of the young people being killed and injured in crashes.

**VC 57.1 EXCLUSIONARY RULE**

**1985/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

The exclusion of evidence from a defendant's trial when that evidence has been obtained in violation of the defendant's fourth amendment rights is the manner in which those rights are currently enforced. It is the exclusion in these circumstances that has generated a great deal of public debate that is covered in this tape.

**VC 57.2 REPEAT OFFENDERS**

**1985/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

This taped discussion defines repeat offenders more generally as people who commit serious criminal offenses at a high rate and over a long period. Some of the aspects touched upon are identification, police apprehension and prospects for repeat offender programs.

**VC 57.3 SENTENCING**

**1985/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

This tape covers the historical background and recent changes in sentencing as well as arguments and counterarguments of indeterminate vs.determinate sentencing.

**VC 57.4 DEADLY FORCE**

**1985/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

Under what circumstances should the police be authorized to use deadly force against criminal suspects? Does a criminal "forfeit his right to live" by committing a crime? Should off-duty police officers be required to carry guns? These questions and more are discussed in this tape.

**VC 57.5 OUT ON BAIL**

**1985/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

The evolution of bail, current facts about bail and pretrial detention as well as current issues in bail policy are discussed.

**VC 57.6 PRISON CROWDING**

**1985/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

A major theme of this tape concerns the different approaches used to deal with prison overcrowding. Basically, there are only three and they are 1) providing more capacity, 2) diverting convicted people to sentences other than prison ("front-door" approach) or 3) shortening the time served in prison by those who go there ("back-door" approach).

**VC 57.7 DEATH PENALTY**

**1985/National Institute of Justice/29 min./VHS video cassette    Audience:  
A-LET**

There are four major issues in the capital punishment debate and they are deterrence, retribution, arbitrariness and danger of mistake and this tape debates these and more.

**VC 57.8 DRINKING AND CRIME**

**1985/National Institute of Justice/29 min./VHS video cassette    Audience:  
A-LET**

There is a close relationship between alcohol and crime, and good reason to believe that consumption of alcohol causes crime. The most obvious crimes in which alcohol plays a role are drunk driving and public drunkenness, but alcohol is also a factor in great percentages of violent crime and domestic situations.

**VC 57.9 GUN CONTROL**

**1985/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

What exactly is the "gun problem?" Some gun control strategies discussed in this tape are place and manner restrictions; stiffer penalties for firearm violence; prohibiting high-risk groups from owning guns; permissive licensing; registration, and cutting down on the handgun.

**VC 57.10 FOOT PATROL**

**1985/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

Foot patrol is regaining popularity as a police tactic. This program discusses some of foot patrol strengths vs. its weaknesses. What is the significance of foot patrol?

**VC 57.11 DOMESTIC VIOLENCE**

**1985/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

For many centuries, the law allowed the male head of the house to use violence against his wife and children, who by law were regarded as a man's property or "chattels." Over the past century the letter of the law has changed. How serious is the domestic abuse problem and how do police usually handle these situations?

**VC 57.12 PREDICTING CRIMINALITY**

**1985/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

Predicting criminality means trying to assess the likelihood that a convicted offender will commit another offense when released into the community. There is no standard approach to calculating recidivism rates, but different factors are considered.

**VC 57.13 JUVENILE OFFENDERS**

1985/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET

Today the past informality of juvenile court is largely gone. Juveniles sit with their lawyers like adult defendants. Juvenile hearings proceed much the same as criminal trials. This tape deals with the features that distinguish juvenile delinquency proceedings from adult criminal proceedings.

**VC 57.14 NEIGHBORHOOD SAFETY**

**1985/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

The past fifty years has broken down both the informal methods of deterring crime through surveillance as well as the formal police strategies of solving crimes through neighborhood "tips." This process is addressed in this tape including the kinds of citizen and police programs available.

**VC 57.15 VICTIMS**

**1985/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

Many crimes are never reported and this may be due in part from victims' dread of "getting involved." Victims and witnesses sometimes refuse to testify because of the inconvenience or distress they may experience or because of fear of reprisals from the defendant. This tape suggests "the most important person in the criminal justice system may not be the judge, police officer, or prosecutor--it may be the victim."

**VC 57.16 JOBS AND CRIME**

**1985/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

The question posed by Professor Wilson in this tape--why do employment programs produce such disappointing anticrime results?--deserves consideration. "Is there any connection between general economic conditions and the crime rate?"

**VC 57.17 BIOLOGY AND CRIME**

**1985/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

For criminal behavior, as for many other kinds of significant human behavior, it is likely that how people behave bears some relation to their biological constitutions.

**VC 57.18 INSANITY DEFENSE**

**1985/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

This tape offers the reasons for having an insanity defense and how frequently this defense was successfully pleaded. The legal definitions of insanity are covered, as well as what happens to those persons now found not guilty by reason of insanity. **{NGRI}**.

**VC 57.19 HEROIN**

**1985/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

A history of heroin is given along with the effects it has on the user's body. The various policies which have been suggested to lower the impact of heroin addiction are listed.

**VC 57.20 INSIDE PRISONS**

**1985/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

Some of the topics discussed on this tape are prison crowding, prison popularity, prison alternatives, prison problems and prison reforms.

**VC 57.21 TV AND VIOLENCE**

**1985/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

No doubt mass media has changed what people know and how they think and behave. For the past three decades, television has received the most attention as an influence of the mass media on violent behavior. This tape expounds on the research which has been conducted as well as better methods to study the causal effect.

**VC 57.22 SEARCH AND SEIZURE**

**1985/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

This tape covers such pertinent questions as the need for a warrant; searches without a warrant in exigent circumstances; searches incident to an arrest; searches in the absence of probable cause to make an arrest; and searches and seizures by consent.

**VC 57.23 DRUG EDUCATION**

**1986/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

This tape deals with the control of drug abuse through education. Just how effective is drug education and how can drug education be made more effective are some of questions addressed.

**VC 57.24 DRUG TESTING**

**1986/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

This tape delves into why the drug abuser needs to be identified, how to identify drug users, who should be tested--as well as some of the reasons against testing.

**VC 57.25 DRUG TRAFFICKING**

**1986/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

The widespread use of drugs such as heroin, cocaine, and marijuana is usually viewed as a social problem linked to drugs and crime, drugs and social dependence, drugs as traps for children. Some perspectives are shared such as legalization, high-level enforcement, and street-level enforcement.

**VC 57.26 FAMILIES AND CRIME**

**1986/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

This tape delves into which family factors are related to crime and how well-planned training sessions can help parents improve their childrearing practices. Why does criminality run in families?

**VC 57.27 HOUSE ARREST**

**1986/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

Exactly what is house arrest and why is it so popular? The advantages and disadvantages of house arrest are touched upon in this discussion.

**VC 57.28 PRIVATE PRISONS**

**1986/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

The tape delves into the major issues and controversies about the privatization of corrections. The pros and cons are covered. The historical, political, budgetary, administrative, and philosophical dimensions should be considered as background for this debate.

**VC 57.29 PROBATION**

**1986/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

Probation is defined in this video. Topics touched upon are the problem of recidivism and restructuring probation as an intermediate sanction.

**VC 57.30 RESTITUTION AND COMMUNITY SERVICE**

**1986/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

The tape covers the history behind restitution, its status today coupled with community service sentences and whether they rehabilitate and lastly, what's in the future for these sentencing options?

**VC 57.31 STREET PEOPLE**

**1986/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

Street people are a diverse group and can be a problem for law enforcement officers. Just what can the police do in dealing with these offenders and how closely can they work with the social service system are some of the the issues discussed in this tape.

**VC 57.32 WHAT WORKS--RESEARCH AND THE POLICE**

**1986/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

This tape delves into the history of research, and how this research, including experiments, can be used to test new ideas or reevaluate old ones and to supplement tradition and professional judgment. Some requirements for successful experimentation are explained.

**VC 57.33 DRUGS: ADDICTION**

**1990/National Institute of Justice/29 min./VHS video cassette    Audience: A-LET**

The nature and consequences of addiction and the current problems with cocaine are discussed.

**VC 57.34 DRUGS: ASSET SEIZURE**

**1990/National Inst. of Justice/29 min./VHS video cassette/2 copies**

**Audience: A-LET**

A debate of the use of asset seizure and forfeiture provisions to help finance anti-drug efforts, focusing on the Broward County, Florida, sheriff's program.

**VC 57.35 DRUGS: COMMUNITY RESPONSES**

**1990/National Inst. of Justice/29 min./VHS video cassette/2 copies**

**Audience: A-LET**

Citizen actions to stem the tide of drugs in the Nation's neighborhoods.

**VC 57.36 DRUGS: LEGALIZATION**

**1990/National Institute of Justice/29 min./VHS video cassette Audience: A-LET**

A debate by two of the nation's leading authorities on drugs.

**VC 57.37 DRUGS: MILITARY INTERDICTION**

**1990/National Institute of Justice/29 min./VHS video cassette Audience: A-LET**

How the Texas National Guard is working with the US Customs officials in border searches for drugs, plus a debate on military involvement in drug interdiction.

**VC 57.38 DRUGS: TREATING OFFENDERS**

**1990/National Institute of Justice/29 min./VHS video cassette Audience: A-LET**

Discussion of a New York State shock incarceration program and innovations for handling drug offenders who are swamping already crowded jails and prisons.

**VC 57.39 DRUGS: WORKPLACE TESTING**

**1990/National Institute of Justice/29 min./VHS video cassette Audience: A-LET**

The pros, cons, and implications of workplace drug testing, including a discussion of one company's extensive program.

**VC 57.40 DRUGS: YOUTH GANGS**

**1990/National Institute of Justice/29 min./VHS video cassette Audience: A-LET**

A look at reducing crime and drug dealing by big-city youth gangs, with Los Angeles, home of the Crips and the Bloods, as the backdrop.

**VC 57.41 CRIME AND PUBLIC HOUSING**

**1990/National Institute of Justice/29 min./VHS video cassette Audience: A-LET**

A comparison of two Boston housing projects: one rundown and crime ridden, the other orderly and law abiding.

**VC 57.42 JUVENILE REHABILITATION**

**1990/National Institute of Justice/29 min./VHS video cassette Audience: A-LET**

Rehabilitation programs and alternatives to juvenile detention, including a visit to Ohio's Paint Creek Youth Center, an innovative residential treatment center for serious juvenile offenders.

**VC 58 AIDS AND YOUR JOB: WHAT YOU SHOULD KNOW**

**1984/Centers for Disease Control/20 min./VHS video cassette Audience: A-LET**

*Aids and Your Job* provides information which can be used on the job to minimize contact with contagious diseases, including Acquired Immune Deficiency Syndrome. Emphasizes that while the risk of acquiring AIDS is very small it can be made even smaller by following the guidelines developed by the National Institute of Health. Intended for police, other emergency workers, health care providers, laboratory personnel and any others who may come in contact with AIDS victims.

**VC 59 CRIME SCENE SEARCH: COLLECTION AND PRESERVATION OF PHYSICAL EVIDENCE**

**1987/MCJA/29 min./VHS video cassette/2 copies Audience: LET**

This training tape stresses the duties of the first officer arriving at the scene of a crime, as well as the collection and preservation of evidence by crime lab technicians. A special segment on casting footprints in the snow is included.

**VC 60 NEW CPR STANDARDS (1986)**

**1986/American Heart Assoc./38 min./VHS video cassette Audience: A-LET**

The time period between the stopping of the heart and brain death is when resuscitation literally brings the patient back to life. Now there are new standards for CPR which make the technique that much more effective.

**VC 61 1991 CHEVROLET CAPRICE POLICE PACKAGE ANTI-LOCK BRAKE DEMONSTRATION**

**1991/General Motors/10 min./VHS video cassette Audience: LET**

Reviews the characteristics of anti-lock brakes in police vehicles.

**VC 62 MAINE STATE POLICE K-9 UNIT**

**1987/Maine State Police/30 min./VHS video cassette Audience: LET**

Through several vignettes, the usefulness of a well-trained police dog is highlighted in different situations--pay special attention to the segment on "Damsel in Distress!"

**VC 63 THE REVOLVING DOOR: SUBSTANCE ABUSE**

**1987/Old English Electronics Production/10 min/VHS video cassette**

**Audience: CT**

This tape shows how to detect and effectively deal with the substance abuser in the correctional facility. Document any clues you may detect on/from inmates. Treatment is not the job of the correctional officer; however, detection and getting help is.

**VC 64 THE REVOLVING DOOR: UNDERSTANDING MENTAL ILLNESS**  
**1987/Old English Electronics Production/31 min./VHS video cassette**

**Audience: CT**

This tape trains how to recognize when an inmate needs professional help and to use the resources within the community. Violent behavior and suicidal tendencies are situations which have to be dealt with by the correctional officer. Types of mental illness are described. A panel discussion follows the vignettes. Symptoms of emotionally stressed inmates are cited with examples.

**VC 65 THE REVOLVING DOOR: OBSERVATION SKILLS**  
**1987/Old English Electronics Production/12 min./VHS video cassette**

**Audience: CT**

Good observation skills are essential for a correctional officer. It is important to know population and people. Look for changes in behavior. What is normal behavior for an inmate? Notice these three elements: 1) eating patterns 2) sleeping patterns 3) personal hygiene.

**VC 66 THE REVOLVING DOOR: PSYCHOTROPIC MEDICATIONS**  
**1987/Old English Electronics Production/13 min./VHS video cassette**

**Audience: CT**

More and more inmates are suffering from some form of mental illness. Five groups of psychotropic medications are listed and described. How medication is dispensed is important--not where it is dispensed.

**VC 67 THE REVOLVING DOOR: CRISIS INTERVENTION****1987/Old English Electronics Production/13 min./VHS video cassette****Audience: CT**

This tape deals with intervention in a crisis situation and how to handle those problems before they occur. It's important to look at the emotional state of the inmate. Sometimes it doesn't take much to set off an inmate, but do not take inmates outbreak personally. As a correctional officer you need to deal with everyone's crisis as best as you can. It does not matter what causes the outbreak, you must stay cool and think through the situation in order to take charge. Extremely important to document the inmate's behavior--not just your opinions.

**VC 68.1 IT'S A MATTER OF ATTITUDE****1986/Ford Motor Company/14 min./VHS video cassette Audience: JH-HS-A**

Before taking his three students out for their first practical driving lesson, the driver education teacher explains how driving is a mental activity. How skilled drivers will make mistakes if they're angry or don't have their minds on driving.

**VC 68.2 ON THE STREETS****1986/Ford Motor Company/12 min./VHS video cassette Audience: JH-HS-A**

A driver education teacher explains the visual habits drivers must develop, particularly how they have to learn to look ahead. Other visual habits such as staying out of the blind spots of other drivers and looking ahead through the windows of other cars, as well as driving practices in city traffic are covered.

**VC 68.3 TAKING CARE OF IT: PREVENTIVE MAINTENANCE AND BREAKDOWNS****1986/Ford Motor Company/11 min./VHS video cassette Audience: JH-HS-A**

A driver education teacher tells about the three main warning lights/gauges: oil pressure, temperature and alternator. If the oil pressure or temperature light turns on, you should pull off the road immediately and stop the engine. If the alternator light comes on, you should drive home or somewhere for repair without turning off the engine. Simple repairs are covered as well as the service check that should be made every couple of weeks.

**VC 68.4 WHEN THE SUN SETS: NIGHT DRIVING****1986/Ford Motor Company/8 min./VHS video cassette Audience: JH-HS-A**

The important subjects covered in this tape are the importance of clear visibility at night, windshield should be kept clean, check low and high beams, look to the farthest reach of headlight.

**VC 68.5 WHEN THE PAVEMENT'S SLICK: DRIVING IN INCLEMENT WEATHER****1986/Ford Motor Company/11 min./VHS video cassette Audience: JH-HS-A**

While driving with his class on a rainy day, the driver education instructor explains how to deal with rain, fog and other inclement weather situations. Students with their licenses tell their friends about hydroplaning, driving on ice and other weather-related subjects.

**VC 68.6 ON THE FREEWAY**

**1986/Ford Motor Company/12 min./VHS video cassette    Audience: JH-HS-A**

The teacher takes his students onto a freeway and explains how driving there utilizes the same skills as city driving. One of the students drives with her mother who explains highway hypnosis and other topics.

**VC 68.7 THE LITTLE THINGS**

**1986/Ford Motor Company/8 min./VHS video cassette      Audience: JH-HS-A**

The teacher asks his students about the common mistakes experienced drivers make--and how all drivers must watch for these mistakes. This tape is suitable for showing to adult groups simply because the students bring up common mistakes, and this subtly reminds parents that they are in fact role models for their teenagers who are learning to drive.

**VC 68.8 GETTING READY FOR THE PROM**

**1986/Ford Motor Company/11 min./VHS video cassette      Audience: JH-HS-A**

This film reviews the topics covered in the first seven films. It shows that while driving can be fun, it is also a responsibility. The driver education students--who now have their licenses--are preparing decorations for the junior prom. They display good driving practices, but also make a few mistakes.

**VC 69 RADAR ON TRIAL: THE SHORTCOMINGS OF POLICE TRAFFIC RADAR**  
**1985/Radio Assoc. Defending Airwave Rights, Inc./34 min./VHS video cassette/2 copies**

**Audience: A-LET**

Police radar has been in use for over thirty years. This video documents the history of RADAR and the many problems associated with its use. Judge Nesbitt will walk you through a RADAR trial and experts will demonstrate many of the more common errors that occur.

**VC 70 RIDE STRAIGHT**

**1985/Motorcycle Safety Foundation/13:42 min./VHS video cassette**

**Audience: HS-A**

How alcohol affects motorcyclists is discussed on this informational tape. An eye-opening statistic is that 88% of alcohol-induced motorcycle accidents result in injury while only 31% of alcohol-induced automobile accidents result in injury. A police officer discusses the procedure used when stopping a rider who is suspected of operating under the influence. Dangers of over-the-counter drugs taken alone or mixed with alcohol are mentioned. Bottom line--don't drink the last hour before riding.

**VC 71 A DRIVER'S VIEW OF MOTORCYCLE SAFETY**

**1979/AAA/10 min./VHS video cassette**

**Audience: JH-HS-A**

Helps car drivers develop greater understanding and cooperation on safely sharing roadways with motorcycles. Meeting Leader's Guide available upon request.

**VC 72 AIDS: THE CHALLENGE FOR CORRECTIONS**

**1987/National Sheriffs' Association/18:02 min./VHS video cassette**

**Audience: CT**

How to handle infected inmates, transport these inmates--and dealing with AIDS-infected inmates in violent situations is covered in this tape. Some basic questions such as : What is AIDS? Who is at risk in getting AIDS? How do you protect your officers during cell searches, body searches, and performing CPR? A panel discussion ensues on the mandatory testing of inmates for AIDS.

**VC 72 PREVENTING AIDS: IT'S A MATTER OF LIFE OR DEATH**

**1987/National Sheriffs' Association/14:58 min./VHS video cassette**

**Audience: CT**

Some of the myths concerning AIDS are dealt with in an understandable format. Statistics are presented on who gets AIDS, tips on knowing if you have AIDS and words of wisdom on not sharing razors or toothbrushes.

**VC 73 SEVEN STEPS TO SURVIVAL**

**198-/NHTSA/11:20 min./VHS video cassette/2 copies**

**Audience: JH-HS-**

**A**

Remember you are operating a motor vehicle if you operate a moped. Seven safety rules are outlined in this tape in an effort to reduce moped crashes and crash injuries.

**VC 74 GETTING IT RIGHT: TRAINING FOR LAW ENFORCEMENT**

**1986/Shinn & Assoc.,Inc./40 min./VHS video cassette**

**Audience: A-LET**

Proper use of car seats for children is sometimes not understood by parents. Some frightening statistics--at least 1 out of 4 children ride in a car unprotected and 3 out of 4 car seats are misused. As a law enforcement officer, you can be instrumental in motivating/instructing parents in this area.

**VC 75 THE CORRECTIONAL OFFICER: INTRODUCTION TO REPORT WRITING**

**1987/AIMS/21 min./VHS video cassette**

**Audience: CT**

This tape depicts the types of situations that are the subjects of reports. It shows how to be objective and just why that objectivity is so important. Legal and disciplinary actions depend on complete, unbiased, and accurate reports. Basic elements of every good report are reviewed and the officers are shown how to answer the key questions of who, what, when, where, how and why.

**VC 76 AUTOPSY**

**197-/60 min./VHS video cassette**

**Audience: CT-LET**

This extremely graphic tape of an actual autopsy is only for the stalwart fans of "Quincy." A narration describes the postmortem examination.

**VC 77 THE RUDE SURPRISE (FINANCIAL VERSION)**

**1987/ICI Americas, Inc./11 min./VHS video cassette/2 copies**

**Audience:**

**LET**

This training tape describes the Security Pac electronics protection system. Shows how it surprises a robber with a tear gas/dye pack. Logical discussion of how this system will deter robbers as well as making apprehension easier.

Donated by ICI Americas, Inc.

**VC 78 BRAVO! WHAT A PRESENTATION**

**1989/American Management Assoc./18 min./VHS video cassette**

**Audience: A-LET**

This 19-minute video will show the viewer the benefits of planning a presentation carefully, knowing their audience as well as possible, and focusing on the audience's needs and interests. This is a lighthearted approach to a task that gives many people endless nights without sleep. Upon completion of the video, participants will learn that stage fright and nervous energy can be translated into enthusiasm and audience rapport.

**VC 79 AMERICA CLICKS!**

**1988/American Coalition for Traffic Safety/12 min./VHS video cassette/2 copies**

**Audience: CT-LET**

Police officers should wear seat belts and be role models for John Q. Public. This tape includes war stories told by officers who survived accidents by using their seat belts.

**VC 80 HAZARDOUS MATERIAL PROGRAM MANAGER: AN INTRODUCTION & OVERVIEW**

**/US DOT/17 min./VHS video cassette**

**Audience: A-LET**

This video, produced by the U.S. Department of Transportation, deals with the role of the hazardous materials manager. It is a complete look at all of the aspects involved with the management of hazardous materials.

**VC 81 SEAT BELTS AND THE FAMILY: SHATTERING SOME MYTHS**

**1986/General Motors Corp./15:09 min./VHS video cassette/2 copies**

**Audience: HS-A**

Overwhelming facts which prove seat belts should be worn by all members of the family; however, for some reason myths prevent people from wearing them. This tape's purpose is to shatter these myths such as pregnant women should be excluded from wearing them, children don't need them, easier to be trapped in the car and they are not necessary for short trips. The moral of this tape is seat belts are for everyone---that's no myth!

**VC 82 THE TORRENCE PAPERS**

**1987/Ohio Dept. of Highway Safety/22:10 min./VHS video cassette**

**Audience: JH-HS**

When Rick Turner gets killed in an automobile accident--it has a lasting effect on his classmates. Ted Torrence, a movie producer, visits the driver education class and asks for their input on making a movie. Some of the suggestions coming from the class is a cartoon segment on "Lead Foot Leonard", a rock song entitled "Don't Drink and Drive", as well as a segment on two gangs---BELTS vs. MISSILES. Because of this timely presentation on drinking and driving, speeding and seat belt usage, the facts are driven home.

**VC 83 INTERVIEW WITH CONSTRUCTION EQUIPMENT THIEF**

**198-/Associated General Contractors of America/53 min./VHS video cassette**

**Audience: LET**

Nearly \$600 million was lost in the construction business in 1983 and the theft of construction equipment represented 54.6% of the total crime loss. A Missouri Department of Corrections inmate who was incarcerated for equipment theft was interviewed on his career as a construction equipment thief. **THIS TAPE IS INTENDED FOR TRAINING PURPOSES ONLY.**

**VC 84 MCGRUFF'S DRUG PREVENTION AND CHILD PROTECTION PROGRAM**

**1987/National Crime Prevention Council/multi-media kit Audience: E-M**

This program contains a 23 min. VHS video cassette, viewer's guide, computer game (compatible for use on Apple II, IIe and IIc computers), an audio cassette,

and a packet of camera-ready masters. With this multi-media kit, children are helped to have respect for their bodies and feel good about saying no to drugs, recognize substances/objects that could be harmful to them, help friends to say no, and to consult with a trusted adult before taking any medication.

**VC 85 PRODUCT TAMPERING: LAW ENFORCEMENT RESPONSE**

**1988/Athena Research/15 min./VHS video cassette/2 copies      Audience: LET**

This video is the result of the adoption of the IACP Product Tampering Policy which was published in the February 1988 issue of the Police Chief. The Federal Anti-Tampering Act is covered and correct steps are outlined to enable a swift and sure response for law enforcement agencies. **Reproduction is permitted in its entirety for non-commercial use. This training video was donated by the Maine Chiefs of Police.**

**VC 86 SEAT SENSE**

**1984/FLI Learning Systems, Inc./14 min./VHS video cassette      Audience: A**

This tape deals with the proper use and installation of infant and child restraint seats. Some of the most common mistakes people make are presented in conjunction with demonstrations on a 30mph crash simulator. The results are truly startling.

**VC 87 TRAFFIC CONTROL FLAGGER TRAINING**

**1986/BECC Co./9:42 min./VHS video cassette      Audience: A**

Some common rules for flaggers are covered in this training tape: Don't turn back on traffic; don't leave post without replacement, as well as knowing road conditions.

**VC 87 TRAFFIC CONTROL INSTRUCTOR TRAINING**

**1986/BECC Co./12:26 min./VHS video cassette      Audience: A**

An unskilled flagger can cause a great deal of trouble. Who is responsible for their training? Some of these issues and more are addressed in this segment.

**VC 88 FELONY STOPS/FELONY VAN STOPS**

**198-/California Highway Patrol/30 min./VHS video cassette      Audience: LET**

This training tape outlines the correct procedure used by the California Highway Patrol for both felony stops involving a car and a van. **DONATED BY WESTBROOK POLICE DEPARTMENT.**

**VC 89 NEWHALL INCIDENT**

**198-/California Highway Patrol/42 min./VHS video cassette      Audience: LET**

This tape is an excellent companion to the film *Officer Survival: Felony Stops (Newhall Shooting)*. Documentation and background on the complete scenario, including crime scene photos, as well as an overview and follow-up of the perpetrators is included. **Donated by the Westbrook Police Department.**

**VC 90 AIDS AND EMERGENCY MEDICAL CARE****1988/Maine EMS/90 min./VHS video cassette****Audience: A**

This tape was produced to enable emergency medical personnel to better understand and react to AIDS related emergencies. Recorded in four distinct segments 1) Information About AIDS 2) Universal Precautions 3) Selected Topics 4) Legal Issues, and using the format of a panel discussion with question and answer sessions, coupled with a narration. An extremely informative, timely presentation.

**VC 91 CPR FOR EVERYONE! BASIC LIFE SUPPORT AND EMERGENCY CHOKING PROCEDURES****1987/Double A. Production Inc./90 min./VHS video cassette****Audience:****HS-A**

Detailed instruction on performing CPR (Cardiopulmonary Resuscitation) and Emergency Choking Procedures (Heimlich Method) for an infant, child or adult. The nine segments of instruction are not intended to replace hands-on practice with a CPR mannequin.

**VC 92 FIREFIGHT****1986/FBI/55 min./VHS video cassette/2 copies****Audience: LET**

On April 11, 1986, in Miami, Florida, a firefight ensued, following a rash of five robberies, which lasted four minutes and killed two special FBI agents, wounded five agents and killed both subjects. The first part of this tape describes the incident itself along with a detailed description and the second part deals with lessons learned because of this encounter and street survival. Some parting messages from the wounded agents are to take training seriously, to be prepared for any eventuality, have the will to survive and to be mentally prepared. Just because you are injured does not mean you are going to die. Donated by the Westbrook Police Department.

**VC 93 SURVIVING EDGED WEAPONS****1988/Calibre Press, Inc./85 min./VHS video cassette/2 copies****Audience:****LET**

During this intense, explicit tape, you will learn how to defend yourself against the threat of "knife culture" offenders, life-saving survival insights from officers who have nearly been killed with edged weapons, the latest in improvised weapons, and medical self-help to save your life if you are cut or stabbed...and more!

**VC 94 AND KEEP ON LOOKING**

**198-/Film Reflections, Ltd./14 min./VHS video cassette Audience: E-M**

In the opening segment Willie Whistle talks about pedestrian safety. During the remainder of the film, problems at intersection, being especially careful in parking lots, visual screens, and walking in front of a school bus are addressed. The theme is that pedestrian safety is important for all ages.

**VC 95 HOW TO CONDUCT INFORMAL LOCAL SAFETY BELT SURVEYS**

**1992/US DOT/8 min./VHS video cassette Audience: LET**

By following a Selective Traffic Enforcement Program (STEP), local agencies will be able to conduct their own safety belt survey. Steps involved are ad campaigns, police press conferences, enforcement blitz, and press releases. The survey will become a tool for the agency in enforcing safety belt laws.

**VC 96 ROOM TO LIVE**

**1979/Media Group Limited/27 min./VHS video cassette Audience: HS-A**

This tape features Sergeant Jack Ware, a state trooper with 23 years of experience investigating highway accidents. In his penetrating, motivational commentary he shatters myths about seatbelt excuses and makes his viewers understand that there is *Room to Live* in a vehicle during an accident if drivers and passengers use seat belts consistently.

**VC 97 WILLY THE WHISTLE AND INTRO TO BIG WHEEL**

**198-/NHTSA/VHS video cassette Audience: E-M-JH-  
HS-A**

Willy narrates on habits for safely crossing the street. The three steps are stop when you come to a curb, look left--right--then left again, and go to the outside edge of parked cars if there are cars parked along the street and follow your checklist at that point. A short segment on riding a bicycle in the driveway follows.

**VC 98 THE TRANSPORTATION AND IDENTIFICATION OF PRECURSOR CHEMICALS**

**n.d./NHTSA/25 min./VHS video cassette Audience: LET**

This video, produced by the U.S. Department of Transportation, deals extensively with chemicals that are used in the production of illegal substances.

**VC 99 RIDING WITH NOTHING BUT THE RADIO ON**

**1987/Mississippi Seat Belt Coalition/18 min./VHS video cassette**

**Audience: HS-A**

In this motivational video, Sgt. Pete Collins, a 16-year veteran trooper with the Mississippi Highway Patrol, speaks out frankly about the senseless deaths from automobile crashes where safety belts would have made a difference. Sgt. Collins keeps insisting he is no actor but his presentation really comes across well.

**VC 100 THE RIDE OF YOUR LIFE**

**1986/GEICO Corp./20 min./VHS video cassette/2 copies Audience: HS-A**

All excuses why seat belts are not worn are given. Seat belts can be the most important item in your car. High speed driving requires professional expertise. This tape also touches upon brain-damaged accident victims as well as showing the mechanics of the seat belt. The ideal situation would be an air bag and seat belt installed in each car. Every ride you take is *The Ride of Your Life*.

**VC 101 CRIMENET**

**1988/Washington Crime News/32 min./VHS video cassette/2 copies**

**Audience: LET**

Premier edition. Includes 4 interviews with leaders of the Washington law enforcement community.

**VC 102 IF ONLY...**

**1988/Visucom/23 min./VHS video cassette**

**Audience: HS-A**

This dynamic tape interviews brain-damaged automobile accident victims to find out how drastically their lives have been shattered--not only their lives, but the lives of their families and friends. All the therapy and rehabilitation involved following the accident and how much that all wished *If Only* we had worn seat belts.

**VC 103 CHILDREN AND INFANTS IN CAR CRASHES: RESTRAINED AND UNRESTRAINED**

**1979/Insurance Institute for Highway Safety/10 min./VHS video cassette**

**Audience: A**

We don't worry about the possibility of children being hurt or killed in automobile accidents--it can never happen to us! This tape shows the difference between restrained and unrestrained infants in crash situations.

**VC 104 MAKE WINTER DRIVING SAFER**

**198-/AAA/13 min./VHS video cassette**

**Audience: JH-HS**

Outlines precautions a driver should take to prepare their car for cold weather. Proper techniques needed to anticipate and avoid potential winter accidents due to skidding on ice and snow, as well as how to recover from skid.

**VC 105 TO DRIVE AT NIGHT**

**1978/AAA/13 min./VHS video cassette**

**Audience: JH-HS**

Using the latest technological advancements in night photography, this tape gives new and experienced drivers a vivid, realistic, visual presentation of driving conditions at night. Major emphasis is placed on the need for drivers to modify daytime driving habits and maneuvers to meet specific problems posed by reduced visibility when driving at night.

**VC 106 WATERSKIING ON FOUR WHEELS**

**1978/AAA/13 min./VHS video cassette**

**Audience: JH-HS-**

**A**

This tape features a discussion of the phenomenon of hydroplaning and steps drivers must take to maintain control when driving on wet pavement.

**VC 107 SHARING THE ROAD WITH BIG TRUCKS**

**(1987)/AAA/18 min./VHS video cassette**

**Audience: JH-HS**

Viewing this video should help prevent car and truck crashes. Intended for passenger-car drivers, driving scenes from the view of a big-truck operator are shown, along with the limitations and advantages and how other road users are

affected by them. Tips are included to help motorists safely share the road with trucks.

**VC 108 KEYS TO SURVIVAL**

**198-/FBI/15 min./VHS video cassette**

**Audience: LET**

This training tape is a result of a study which concentrated on the application of the Weaver technique as it pertains to law enforcement. Through a combination of scenarios coupled with firearms range instruction, this tape is a very effective training medium. The Weaver stance, the Weaver grip, the Weaver draw, close combat hip shooting and the roll over prone shooting position are covered in detail.

**VC 109 DRINKING DRIVER: WHAT DO YOU DO?****1988/MTI/14:20 min./VHS video cassette****Audience: JH-HS-A**

This tape dramatizes four situations in which four teenage picnic-goers must decide, before they get into a car, whether they or their friends have had too much to drink. "Contemporary, informative, and well produced with a good message" are just one of the reviews.

**VC 110 TARGETS****1985/MTI/19 min./VHS video cassette****Audience: JH-HS-****A**

This compassionate tape deals with five reckless teenagers who emerge from an alcohol-related automobile accident to find themselves in limbo while awaiting their ultimate fate. Points stressed are that teens do not have to be alone when it comes to dealing with alcoholism, peer pressure, molestation or domestic violence.

**VC 111 ONE FOR THE ROAD?****1981/MTI/29:25 min./VHS video cassette****Audience: JH-HS-****A**

Alcohol is the number one cause of fatal and injury-producing traffic accidents. This documentary shows the performance of drunken volunteers as they play alcohol-sensitive games. It stresses the volunteers' abilities while sober and intoxicated. After viewing this tape the student should be able to describe how a breathalyzer measures alcohol intoxication and list reasons why drinking and driving just don't mix.

**VC 112 NO SECOND CHANCE****1986/MTI/13 min./VHS video cassette****Audience: JH-HS-****A**

Greg, an attractive 17-year old with everything to live for, now faces life as a paraplegic because he had "too much to drink" at a party. In this tape we see how Greg, through a series of flashbacks, insists upon driving home, even though his girlfriend, Anne, begs him to let her drive. The teenagers are involved in a serious car accident that leaves Greg fighting to walk again. But Anne has no second chance.

**VC 113 OPEN SECRETS****1985/MTI/25 min./VHS video cassette****Audience: JH-HS-****A**

This tape, a dramatization that begins in a hospital lounge, is designed to encourage both adolescent and adult viewers to examine their own attitudes toward drug use, to communicate openly about this issue and to be able to take action to prevent harm.

**VC 114 DRIVER ATTITUDES****1988/Safety Industries, Inc./13 min./VHS video cassette****Audience: JH-HS-****A**

Most accidents are preventable, and driver error is the leading factor in traffic crashes. Strong emotional feelings, stress, unsafe habits, and inappropriate attitudes are all common causes for bad judgements. This tape encourages safe habits needed for accident free driving.

**VC 115 AUTO INSURANCE**

**1988/Safety Industries, Inc./15 min./VHS video cassette Audience: JH-HS-A**

This tape focuses on the six basic kinds of automobile insurance found in most policies. Adequate amounts of protection are described and recommended.

**VC 116 THE DRIVING TASK**

**1984/Safety Industries, Inc./15 min./VHS video cassette/2 copies Audience: JH-HS-A**

Two major parts of safe operations of a motor vehicle--defensive driving car control and handling skills--are described in a variety of traffic environments.

**VC 117 UNRESTRAINED MOTORISTS: THE COST TO YOUR COMMUNITY**

**1995/Office of Occupant Protection/8 min./VHS video cassette/2 copies Audience: LET-A**

Discusses the cost of traffic crashes to society because occupants were not wearing their safety belts. Encourages occupants to wear their safety belts and officers to enforce the wearing of safety belts. Training Guide available upon request.

**VC 118 BASIC CAR CONTROL**

**1983/Safety Industries, Inc./15 min./VHS video cassette Audience: JH-HS-A**

*BASIC CAR CONTROL* focuses on the location, meaning and use of the instruments, lights, devices and controls the driver will be using while operating the vehicle. Pre-driving habits, starting and stopping, steering and backing are covered as well as procedures for both manual and automatic transmissions.

**VC 119 LEGAL ASPECTS OF TRAFFIC ACCIDENTS AND VIOLATIONS**

**1988/Safety Industries, Inc./10 min./VHS video cassette Audience: JH-HS-A**

Our legal responsibilities when involved in a traffic accident, when coming upon an accident, or hitting an unattended vehicle are summarized in this tape. Proper emergency medical care is discussed.

**VC 120 BUYING YOUR FIRST CAR**

**1988/Safety Industries, Inc./10 min./VHS video cassette Audience: JH-HS-A**

This tape is designed to help present the facts about buying, financing, maintaining, and insuring a car.

**VC 121 TRAFFIC LAWS**

**1984/Safety Industries, Inc./12 min./VHS video cassette/2 copies**

**Audience: JH-HS-**

**A**

The laws of parking, speed, right-of-way, car positioning and passing are emphasized in this tape. Laws covered in this program are common in most states.

**VC 122 SAY IT STRAIGHT: OUR HEALTH, OUR YOUTH, AND MARIJUANA**

**1997/Community Anti-Drug Coalition/116 min./VHS video cassette**

**Audience: A**

*Say it Straight* presents a case against legalization of Marijuana. It discusses Marijuana's devastating impact on youth and communities and the deception used to legalize Marijuana in California and Arizona, and other states in the future. It also provides information on alternate medicines that are more effective than Marijuana to treat illness symptoms. The video notes that marijuana produces cancer the same as tobacco, and lowers resistance to disease.

**VC 123 TRAFFIC PROBLEMS**

**1984/Safety Industries, Inc./15 min./VHS video cassette Audience: JH-HS-**

**A**

This tape describes the who, why, what, when and where of motor vehicle crashes with special emphasis on the vehicle, the road and the driver.

**VC 124 LAWS OF NATURE AND DRIVING**

**1983/Safety Industries, Inc./15 min./VHS video cassette Audience: JH-HS-**

**A**

Every time we get behind the wheel, the natural laws of gravity, friction, inertia and the force of impact affect us. A driver must be aware of how these laws affect vehicle performance in order to make driving safer and more enjoyable.

**VC 125 DEFENSIVE DRIVING TACTICS**

**1977/AIMS/15 min./VHS video cassette**

**Audience: HS-A**

This tape shows how to protect yourself against the offensive driver. A test drive shows that in the time it takes two cars to complete the run, the offensive driver is ahead by only two minutes, but has committed 78 violations while doing so.

**VC 126 ALCOHOL AND RED FLARES**

**1971/AIMS/20 min./VHS video cassette**

**Audience: HS-A**

This tape follows one drinking driver from party to accident to arrest and booking to court and conviction and then through driver improvement school. In school, various class members outline events leading to their arrest for operating under the influence and the class views a film which explains the physical and physiological effects on the body.. **(NOTE: This tape also includes scenes,**

***some explicit, of actual accidents involving personal injury...may not be suitable for all audiences)***

**VC 127 WINTER DRIVING TACTICS**

**1975/AIMS/16 min./VHS video cassette**

**Audience: HS-A**

From common sense rules like keeping the windows clear to the skillful art of skid recovery, this tape demonstrates the precautions necessary when driving on icy and snowy surfaces, plus the techniques for handling slick-surface emergencies. It also shows how to properly winterize your car and the emergency equipment that can be useful to any winter driver.

**VC 128 REACTION, BRAKES, TIME AND SPACE**

**1964/AIMS/9 min./VHS video cassette**

**Audience: HS-A**

Graphic proof that "tailgating" is dangerous. A viewer's self-test illustrates reaction time lag. Time is translated into reaction distance in a 50 mph test staged with stunt drivers.

**VC 129 FREEWAY DRIVING TACTICS**

**1974/AIMS/16 min./VHS video cassette**

**Audience: HS-A**

This tape covers the key factors in freeway driving. It explains the proper tactics for entering and exiting, what to do in case of breakdowns, proper lane changing techniques, as well as the danger of following too closely.

**VC 130 CITY DRIVING TACTICS**

**1965/AIMS/17 min./VHS video cassette**

**Audience: HS-A**

This tape emphasizes the need for constant attention and complete control of the car in city driving situations. It features a test run through city traffic with the results showing the driver making a decision almost once every second.

**VC 131 NIGHT DRIVING TACTICS**

**1984/AIMS/13 min./VHS video cassette**

**Audience: HS-A**

Although there is less traffic at night, there are two and a half times as many accidents as during the daylight hours. This tape deals with proper driving tactics during the hours of darkness.

**VC 132 OFFICER SURVIVAL: FELONY STOP (NEWHALL SHOOTING)**

**Los Angeles County Sheriff's Dept./10 min./VHS video cassette**  
**Audience: LET**

This video reenacts the tragic Newhall shootout that left 4 California Highway Patrolmen dead after a traffic stop. Updated tactics are demonstrated to better prepare officers for high-risk and felony traffic stops.

**VC 133 BUCKLE UP**

**1988/Entertainment Industries Council/20 min./VHS video cassette**

**Audience: JH-HS-**

**A**

Narrated by Michele Lee, this exciting video has over 100 celebrities promoting a safety belt lifestyle. The combination of testimonials and footage from movies and television programs makes this a fast-paced, entertaining tape. An original music video on buckling up by the Fifth Dimension will make this a popular tape on occupant restraints.

**VC 134 SAFETY AND YOUR CAR**

**1975/AIMS/20 min./VHS video cassette**

**Audience: HS-A**

Race driver Mark Donohue and other famous personalities discuss differences among street automobiles and how those differences should affect safe driving practices. The story of a young man, who made improper alterations to his first car, has a tragic ending.

**VC 135 HORIZONTAL GAZE NYSTAGMUS TEST/DUI ARREST SEQUENCE**

**1985/SCETV Commission/40 min./VHS video cassette**

**Audience: LET**

For every drinking driving arrest, 2,000 go undetected. The visual cues which an officer should look for are listed citing all 16 cues. This tape shows a traffic stop for a suspected o.u.i. subject who committed a traffic violation. The officer administers the horizontal gaze nystagmus test, the walk and turn test and the one-leg-stand test,...and then must make one of the following decisions: cite for the traffic violation, make an arrest, or release the driver. The driver is arrested and administered the breathalyzer test. This tape was a joint venture of the South Carolina Criminal Justice Academy and the National Sheriff's Association.

**VC 136 SEAT BELT SAFETY: BUCKLE UP & LIVE**

**198(8)/Lucerne Media/20 min./VHS video cassette**

**Audience: HS-A**

People don't wear seat belts because they really don't believe in the law of physics. All the popular myths for not wearing seat belts are disputed in this tape. You cannot brace yourself in a crash--multiply your own body weight times your speed traveling to estimate the force of the human collision which occurs seconds after the collision of your car. You are 25 times more likely to die if you are thrown from the car in a crash. Never wear a shoulder belt without a lap belt. Make it a habit—*Always buckle up!*

**VC 137 SAFETY BELTS: FOR DUMMIES OR PEOPLE?**

**1989/General Motors/7:44 min./VHS video cassette**

**Audience: E-M-JH**

This tape presents, in an understandable and realistic way, the facts about safety belts to school audiences. The correct positions for lap and shoulder belts are explained. Vince and Larry make cameo appearances.

**VC 137 THE GAME OF YOUR LIFE**

**1989/General Motors/18:17 min./VHS video cassette**

**Audience: M-JH**

The second portion of this tape concerns the national problems of drinking and driving. This is not a driver's education film, but geared to students in late elementary and junior high school. Candid information is presented before students reach driving age, at a stage when children can understand and be receptive to this information. Teacher's guides available upon request.

**VC 138 DOMESTIC RESPONSE****1988/Syndistar, Inc./10 min./VHS video cassette****Audience: LET**

Domestic violence is not a routine call. Historically, one-third of all homicides and nearly 6 million women are abused by their mates each year. Nationally 15% of all police officers killed, and about one-third of those officers injured, occurred while intervening in cases of domestic disputes. This tape deals with the communication, observation, planning, approach and proper interview techniques to ensure officer safety while handling these calls. Leader's guide available upon request.

**VC 139 RITUAL, OCCULT AND SATANIC CRIME INVESTIGATIONS****1989/WSM Pub. Co./82 min./VHS video cassette****Audience: LET**

This training video, which is divided into seven parts, deals with the following: talk by former head of FBI, Los Angeles, Ted Gunderson (18 min.); recreation of a satanic ritual (3 min.); recreation of a satanic crime scene (3 min.); talk by police Capt. Dirk Masters (6 min.); Talk by PhD. psychologist on how to recognize if child is involved in satanism or has been a victim. Includes interviews with a female adult and a female child victim (25 min.); interview with mother of child victim of satanic crimes in a preschool (25 min.); scenes of the Mexican satanic incident (2 min.).

**VC 140 POLAROID DOMESTIC VIOLENCE RESPONSE VIDEO: LAW ENFORCEMENT****1997/Polaroid/10 min./VHS video cassette****Audience: LET**

This training video takes you into the world of law enforcement at the scene of a DV crime. It also details appropriate procedures to follow to ensure the safety of victims and the prosecution of batterers.

**VC 141 THE JUNKYARD****1986/Parker Productions/19:53 min./VHS video cassette Audience: JH-HS-A**

There are many stories to be told by cars/trucks in the junkyard--these are only four of them. Jimmy Joe Purcell takes his girlfriend's diet pills to stay awake while driving an 18-wheeler. When amphetamines are combined with alcohol, you end up with a wide-awake drunk. Tommy Thayer combines pot and beer at a party and then loads seven of his friends in the back of his pick-up and two others in the cab with him. Chuck Spencer's first car was his best friend until it ended up in the junkyard when Chuck was too drunk to realize how intoxicated he was on his last ride. Liz McDonald's Cadillac was her pride and joy until she took a sedative to relieve stress followed by alcohol. This combination was responsible for the death of a child. Yes...there are many stories to be told...

**VC 142 AGENTS OF CHANGE: THE LAW ENFORCEMENT RESPONSE TO FAMILY VIOLENCE**

**1987/Victim Services Agency/27 min./VHS video cassette**

**Audience:**

**A-LET**

A comparison of two cities--Rye, New York and Newport News, Virginia--and because of adapting pro arrest policies, their domestic violence homicides dropped from 34% to 19%. Officers talk openly about their frustrations with domestic calls as well as their reactions to new policies. Stories of victims, offenders, and children convey the importance of effective police intervention and how the police can become *AGENTS OF CHANGE* in their communities. **Donated by the Maine Coalition of Family Crisis Services (MCFCS). For Coalition use only. Other agencies/departments may contact Vicki Look at 255-4785 for information.**

**VC 143 ACCIDENT INVESTIGATION****1988/MTI/40 min./2 VHS video cassettes****Audience: LET**

Part I outlines the persistence, attention to detail and record-keeping skills that define a good accident investigator. Dramatization involving an automobile accident helps illustrate proper use of equipment and interviewing techniques. Part 2 continues the dramatization to examine in detail how the accident investigator gathers pieces of evidence, as if constructing a puzzle, to solve the mystery of how and why an accident occurred. Formulas for all essential evidence gathering techniques are well-illustrated throughout.

**VC 144 ALERT, ALIVE AND WELL: CHECKING YOURSELF OUT****1989/LETN/24 min./VHS video cassette****Audience: LET**

Patrol officers will be provided with an evaluation on physical fitness. After viewing this tape, officers will have sufficient information on cardiovascular respiratory fitness, low to moderate levels of body fat, and appropriate strength, endurance and flexibility.

**VC 145 STREET BEAT: DOMESTIC VIOLENCE****1989/LETN/25 min./VHS video cassette****Audience: LET**

One fifth of national homicide rates are attributed to domestic violence. These and other alarming statistics are presented by Peter Mancuso, a criminal justice consultant, in this video. Patrol officers will be given detailed information on family or domestic violence crime as well as techniques on dealing with these situations.

**VC 146 TRAINING FOR SURVIVAL: OFFICER AS HOSTAGE****1989/LETN/20 min./VHS video cassette****Audience: LET**

This training tape will provide patrol officers with a basic knowledge on being taken hostage. It gives realistic tactics to modify an officer's thinking to survive a hostage situation. Lt. Bob Welsh, a firearms trainer and survival specialist and 23-year veteran with the Ohio Highway Patrol, is the lecturer and demonstrates survival tactics.

**VC 147 DWI DETECTION & SFST OPTIONS: SESSIONS XI-A, XIV-A****1995/Arizona Dept. of Public Safety/95 min./2 VHS video cassettes****Audience: LET**

This alcohol workshop, filmed at the Phoenix Training Academy in 1995, was administered by certified instructors. This video is an IACP & NHTSA approved training tape for law enforcement officers.

**VC 148 DWI DETECTION & STANDARDIZED FIELD SOBRIETY TESTING (TAPE I)****1989/NHTSA/20 min./VHS video cassette/2 copies****Audience: LET**

There are twenty visual cues which denote a driver is driving while intoxicated. The nighttime patrol statistics for these certain cues are presented. The following segments are also included: Segment 2: Detection of DWI Motorcyclists; Segment 3: DWI Detection Phase 1: Leaving the Shopping Center, The Silver Jeep, The Sliding Sports Car, The Impatient Driver, The Busy Businessman, The

Busy Businessman Exiting, Segment 4: DWI Detection Phase 2: Throwing a Curve, Segment 5: Standardized Field Sobriety Testing. (3 copies of tape 1, segment 1 only)

**VC 148 DWI DETECTION & STANDARDIZED FIELD SOBRIETY TESTING (TAPE II)  
1989/NHTSA/20 min./VHS video cassette/2 copies Audience: LET**

Some of the segments in tape number 1 are analyzed further in the second tape of this set. In the first segment, a young driver is observed driving recklessly and, after field testing, is believed to be intoxicated. The officer then goes over the case with the attorney. Segment 2: Buck Savage testifies in a DUI case. Segment 3: Segment 1's officer testifies in the DUI case. Segment 4: A middle-aged man runs a red light, and is stopped.

**VC 149 MCGRUFF'S DRUG PREVENTION AND CHILD PROTECTION PROGRAM  
(REVISED)**

**1989/National Crime Prevention Council/multi-media kit Audience: E-M**

This program contains a 22 min. VHS video cassette, discussion guide, audio-cassette, and a packet of camera-ready masters. With this multi-media kit, children are helped to have respect for their bodies and feel good about saying no to drugs, recognize substances/objects that could be harmful to them, help friends to say no, and to consult with a trusted adult before taking any medication.

**VC 150 I'M NO FOOL WITH A BICYCLE: NEW EDITION**

**1988/ Walt Disney/16:28 min./VHS video cassette Audience: E-M**

"The bicycle is a wonderful invention," observes Jiminy Cricket, "and it's even more wonderful if we know the right things to do with it." Some of the points this tape stresses are to use safety equipment; bicycles are vehicles; follow the rules of the road; stop, look left, right, then left again; learn to scan for cars and safety first.

**VC 151 YIELDING TO EMERGENCY VEHICLES**

**1988/Film Communicators/22:25 min./VHS video cassette Audience:  
HS-A**

This tape examines how drivers of emergency vehicles and civilian drivers can cooperate to make a difficult task a little easier on those involved. Some common sense rules to follow are to pull to the right and stop when you see or hear an approaching emergency vehicle; do not block intersections and do not try to second guess what an emergency vehicle will do. Interviews with operators of emergency vehicles tell how civilian drivers hampered passage of emergency vehicles and because of this ran risk of costing someone their life.

**VC 152 BICYCLE SAFETY (SECOND EDITION)**

**1987/MTI/12:25 min./VHS video cassette Audience: M**

Bicycling is a fun thing to do, and bicycle safety is a smart thing to do. This tape stresses the importance of following the rules of the road; maintaining control of the bicycle and riding defensively; performing a safety check routinely; giving

hand signals to show directional turns. By following these precautions it will be a safe experience.

**VC 153 DOMESTIC ASSAULT: THE POLICE RESPONSE**

**1987/MTI/23 min./VHS video cassette**

**Audience: LET**

Growing out of the movement by many states which have enacted legislature mandating that police officers arrest offenders using only probable cause, this tape shows the minimal amounts of evidence needed by using scenarios demonstrating interviewing techniques and the proper handling of both perpetrator and victim. Police response should include ordering the parties to stop fighting; giving parties time to react; breaking eye contact between parties; being prepared for flare-ups; physically separating the parties; remaining eye contact with partner and listening to each party's interpretation of facts.

**VC 154 CRIME CHECK FOR EMPLOYEES**

**1989/KDN Videoworks, Inc./25 min./VHS video cassette**

**Audience: A**

This tape is intended for both employer and employee viewing and covers such topics as robbery, shoplifting, bad checks and credit card fraud. A good awareness program to find out what you can do to protect yourself.

**VC 155 CRIME CHECK FOR MANAGEMENT: EMPLOYEE THEFT**

**1989/KDN Videoworks, Inc./28 min./VHS video cassette Audience: A**

Employee theft is the major cause for retail inventory losses. It is important for management to have the proper attitude and to be able to spot troubled employees. The employee may be bored, have a substance abuse problem, seeking revenge on the company or be a professional thief. Some specifics for management to look for are cash shortages, large refunds, credit card scams, customers going to specific cashiers. It is important to maintain good employee-employer relations. Some deterrents to theft are closed circuit surveillance systems, thoroughly checking applicants references and past employers and letting employees know that theft will not be tolerated.

**VC 156 DISCRETIONARY DECISION-MAKING IN LAW ENFORCEMENT**

**1985/Charles S. MacCrone Prod./26 min./VHS video cassette Audience: LET**

Law enforcement officers are called on to make decisions oftentimes without direct contact with their supervisors. This tape discusses the steps in the decision-making process and then shows a scenario followed by an audience discussion period and a commentary by Chief of Police James F. Bale, Whittier, CA. Provides good insight into why certain decisions are made. Instructor's guide available upon request.

**VC 157 DRUGS AND YOUTH...THE CHALLENGE**

**1988/California Image Assoc./23 min./VHS video cassette Audience: JH-HS-A**

This informative tape hosted by Michael Gross warns parents not to give their children inaccurate information--scare tactics do not work but knowledge does. Gateway drugs are discussed as well as the four phases of addiction. As parents it is important to learn about drugs and drug paraphernalia. Various drugs are described along with the symptoms that accompany the use of various drugs and alcohol.

**VC 158 DON'T GIVE A THIEF A FREE RIDE: PREVENTING AUTOMOBILE THEFT**

**1989/Swenson Co./13:22 min./VHS video cassette Audience: A**

An automobile is stolen every 24 seconds in the United States. Included on this tape are steps you can take to reduce your chances of being victimized by car thieves. Don't think you're exempt if your vehicle is an older model--anyone can be a target. Some preventative steps you can take are to lock your car and remove the keys, park it in a secure place, don't leave valuables in plain view, consider an alarm system, do not try to stop the car thief yourself but report immediately to police and your insurance company.

**VC 159 YOU MAKE THE DIFFERENCE: PREVENTING HOME BURGLARY**

**1988/Swenson Co./21:30 min./VHS video cassette Audience: A**

This tape deals with the steps you can take to make it more difficult for a burglar. How to properly install door and window locks; the advantages of burglar alarms; how to mark your valuables with state + driver's license # + DL and video tapes

or photographs for identification purposes; descriptions of the different types of outdoor lighting; removing concealing fences and scrubbery from your entrances; and organizing a neighborhood watch program are highlighted. Reduce the risk of being a burglary victim--you make the difference!

**VC 160 AGAINST HER WILL: RAPE ON CAMPUS**

**1989/MTI/46 min./VHS video cassette**

**Audience: HS-A-**

**LET**

Kelly McGillis hosts this hard-hitting docudrama about the serious rise in acquaintance or date rape on our college campuses. Six thousand college students responded to a study showing that 1/4 of the respondents were victims of rape or attempted rape; 84% of the victims knew their attacker; more than 1/2 of the rapes happened on dates; and prior to the rapes, three quarters of the men and over half of the women had been drinking or using drugs. Through commentaries of Ms. McGillis and three acquaintance rape victims, we share the trauma of these women who had been assaulted by men they knew. A discussion guide is available upon request.

**VC 161 D.A.R.E. BEAR YOGI**

**1989/Hanna-Barbera/6:23 min./VHS video cassette/5 copies Audience:**

**E-M**

Yogi Bear along with the Flintstone kids explain the D.A.R.E. (Drug Abuse Resistance Education) school program and how it teaches children to say no to drugs and feel good about doing so.

**VC 162 FIT FOR DUTY: ROLL CALL FOR FITNESS: FITNESS AND  
CARDIOVASCULAR ENDURANCE**

**1990/Medina Productions,Inc./18:28 min./VHS video cassette Audience:**

**LET**

The first tape in a three part series expounds on the benefits of walking to increase cardiovascular endurance. The basic stretches are shown for warming up and cooling down. Remember--the hardest part of any exercise program is getting up, dressed and walking out the door.

**VC 163 FIT FOR DUTY: FAT OR FIT: WEIGHT CONTROL AND AEROBIC POWER**

**1990/Medina Productions,Inc./15:10 min./VHS video cassette Audience:**

**LET**

Some tips for officers in this second video cassette of the series are to avoid fad diets, do not try to reduce too quickly and to get fit while attempting to tackle the fat.

**VC 164 FIT FOR DUTY: MAXIMUM FORCE: STRENGTH, FLEXIBILITY AND  
INJURY PREVENTION**

**1990/Medina Productions,Inc./15:02 min./VHS video cassette Audience:**

**LET**

Police officers need a certain amount of strength and flexibility to do their jobs. This video cassette, the third volume in this series, covers this subject.

**VC 165 HOW TO CONDUCT CELL SEARCHES**

**1989/Instructional Video Productions,Inc./15 min./VHS video cassette**

**Audience: CT**

After viewing this video, jail officers will be able to list the five rules for an effective cell search; list the eleven points to remember when conducting a cell search; define "contraband" and explain the benefits of a systematic cell search. An instructional guide is available upon request.

**VC 166 FRAUDS AND SCAMS AGAINST SENIORS**

**1990/KDN Videoworks, Inc./22 min./VHS video cassette      Audience: A-LET**

Why do scam artists prey on seniors? Different types of fraud are explained as well as some basic rules to allow you to recognize that if a deal seems too good to be true...it probably is!

**VC 167 TELEMARKETING FRAUD: DO YOU KNOW WHO'S ON THE OTHER END OF THE LINE?**

**1990/KDN Videoworks, Inc./24 min./VHS video cassette      Audience: A-LET**

This tape shows how fraudulent telemarketing boiler-room operations work. Rules presented will help to prevent you from becoming a victim.

**VC 168 UNDERSTANDING WHITE-COLLAR CRIME: THE CRIMINAL & THE VICTIM**

**1990/KDN Videoworks, Inc./26:30 min./VHS video cassette      Audience: A-LET**

This video defines white-collar crime and gives tips on how to spot a con artist and how to conduct background checks on persons/firms before committing to a contract you may later regret.

**VC 169 TACTICAL SHOTGUN TECHNIQUES**

**1989/PEM Associates/43 min./VHS video cassette      Audience: LET**

The viewer is exposed to proper gun handling techniques in this training video. A Mossberg shotgun is shown for display of nomenclature and all training sequences. It is imperative to realize that safety is a mental operation. The four principles of universal gun handling are covered: 1) all guns are always loaded; 2) never let the muzzle cover anything you are not willing to destroy; 3) keep your finger off the trigger until your sights are on the target; 4) be sure of your target and beyond. Different shotgun carry positions are discussed. For law enforcement training only.

**VC 170 STREET SMART IN THE WORLD OF DRUGS: AWARENESS AND ENFORCEMENT TACTICS**

**1990/MTI/32 min./VHS video cassette/3 copies      Audience: LET**

This training tape depicts officers performing patrol activities while incorporating drug enforcement tactics. What to look for and how to react as well as tactics for personal and vehicular searches are shared with the viewer.

**VC 171 STREET SMART IN THE WORLD OF DRUGS: DRUG INFORMATION**

**1990/MTI/24 min./VHS video cassette/3 copies      Audience: LET**

Their characteristics, paraphernalia, usage, and the behaviors of users are detailed in this thorough examination of drugs.

**VC 172 THE CASE FOR NEIGHBORHOOD WATCH**

**1983/AIMS/15 min./VHS video cassette**

**Audience: HS-A**

Home security depends on good citizenship--neighbors joined in common interests and goals. How to enlist the help of local law enforcement in setting up Neighborhood Watch is explained. The matter of shared responsibility of a number of residents is focused upon in addition to keeping the group interest alive.

**VC 173 RURAL CRIME: THEY'RE STEALIN' THE FARM**

**1982/AIMS/18 min./VHS video cassette**

**Audience: A**

Actor Slim Pickens, peace officers, and farmers and ranchers explain how to protect equipment, animals, and crops. This video helps shape crime prevention attitudes of rural people with property to protect.

**VC 174 ARMED ROBBERY: PREPARE TO SURVIVE**

**1985/AIMS/20 min./VHS video cassette**

**Audience: A**

Guidelines for robbery prevention, rules for what to do during a robbery, and what to do after one are the objectives of this video. Personal safety is stressed above all else. Positive, effective robbery deterrents are given in this production.

**VC 175 D.A.R.E.: TEACHING AMERICA'S YOUTH TO NEVER TAKE DRUGS**  
**NY State Division of Criminal Justice Svcs/22 min./VHS video cassette**

**Audience: A-LET**

A promotional video for D.A.R.E., a program that targets school age children with a comprehensive curricula designed to assist in the development and reinforcement of skills to resist pressures and the temptation to experiment with drugs, alcohol and tobacco.

**VC 176 NCIC/ATF VIOLENT FELON FILE**

**1992/NCIC & Chicago PD/11 min./VHS video cassette**      **Audience: LET**

This program explains the use and importance of the Violent Felon File the Department of Alcohol, Tobacco, and Firearms sponsors, that is available through NCIC. It lets users know if the detainee is a violent felon or is prohibited from owning a firearm. The Chicago Police Department participated in the making of this tape.

**VC 177 NCIC HIT CONFIRMATION FOR THE PATROL OFFICER**

**FBI & NY State Police/9 min./VHS video cassette**      **Audience: LET**

This video discusses the procedures to follow to confirm "hits" or matches in the NCIC system.

**VC 178 TRAFFIC OCCUPANT PROTECTION STRATEGIES LESSON PLAN VIDEOTAPE**

**1997/NHTSA /102 min./VHS video cassette**      **Audience: LET**

This video contains 50 short segments to supplement the modularized Traffic Occupant Protection Strategies Law Enforcement course developed by NHTSA.

**VC 179 MCJA: DRUG IDENTIFICATION**

**1988/MCJA/10 min./VHS video cassette/2 copies**      **Audience: A-LET**

Helps patrol officers recognize common drugs of abuse and drug paraphernalia along with their street names.

**VC 179 MCJA: MOTOR VEHICLE: SEARCH & SEIZURE**

**1988/MCJA/30 min./VHS video cassette/2 copies**      **Audience: A-LET**

Provides practical guidance on search and seizure guidelines pertaining to motor vehicles. Through a series of well-defined questions and answers, this tape clears up any "fuzzy" areas you may have had on what you can legally do.

**VC 180 TRAFFIC SAFETY PUBLIC SERVICE ANNOUNCEMENTS PREVIEW VIDEO**

**1992/NHTSA/57 min./VHS video cassette/guide**      **Audience: A-LET**

This video contains 104 examples of highway safety television public service announcements produced by many enforcement agencies and highway safety organizations throughout the country.

**VC 181 BANK ROBBERY: TRAINING MAKES THE DIFFERENCE**

**1991/Three East Video Productions/10:45 min./VHS video cassette**

**Audience: A**

Your best defense in a bank robbery is to follow security policies, train regularly and avoid panic. When approached by a robber remain calm; keep exchange

short and professional; obey robber; carefully observe robber; when it's safe-- activate the alarm. Following the robbery, note direction of escape; get vehicle ID & plate #; secure bank; protect evidence and do not discuss robbery with anyone except police.

**VC 182 AIR BAGS: A CRASH COURSE FOR RESCUE PERSONNEL**

**1990/ACTS/15 min./VHS video cassette/2 copies**

**Audience: A**

Air bags can reduce injuries in frontal or near-frontal impacts when used in conjunction with seat belts. The mechanics of air bags and how they are deployed are covered in this tape. Rescue and extrication procedures for deployed and non-deployed air bags are shown. Rescue should not be delayed because a car has air bags.

**VC 183 STOP BUSINESS CRIME: SHOPLIFTING**

**1991/Small Business Advancement Institute/15 min./VHS video cassette**

**Audience: A**

This tape explains how we all pay for the crime of shoplifting. The four stages of this crime are explained 1) the distraction; 2) the set-up; 3) the hit, and 4) the escape and the scenarios show how it is all put together by a team of professionals. Store owners must keep a watchful eye on their inventory.

**VC 184 STOP BUSINESS CRIME: SHOPLIFTING, EMPLOYEE THEFT**

**1990/Small Business Advancement Institute/30 min./VHS video cassette**

**Audience: A**

We all pay for shoplifting and employee theft. This tape covers the tactics of individual and team shoplifters. The segment on employee theft covers trash dump, pocketing merchandise, shipping and receiving theft, cash register theft, short change, embezzlement, and refund theft.

**VC 185 TWO MILLION WOMEN: DOMESTIC VIOLENCE**

**1987/MTI/29 min./VHS video cassette/2 copies**

**Audience: A-LET**

Of all the women murdered in this country, over half are killed by a spouse or friend. Each year, at least two million women will be beaten by the men they love. Collin Siedor raises awareness and answers some important questions on domestic violence in this documentary.

**VC 186 LAW ENFORCEMENT CUSTODY OF JUVENILES**

**1990/OJJDP & CRA/30 min./VHS video cassette/2 copies Audience: LET**

Designed to illustrate methods for the handling of juveniles. In this video, in rural, urban and suburban settings, two scenarios deal with status offenders and two with delinquents. These scenes, primarily involving non-violent youth, depict typical cases faced when officers must make custody decisions. Video training guide available upon request.

**VC 187 I USED TO BE A COP**

**1991/John Jay College/17 min./VHS video cassette**

**Audience: LET-A**

Former New York City police officer, William Gallagher, was indicted on 87 counts involving thefts, shakedowns and selling of narcotics, and sentenced to 2 1/2 to 7 1/2 years in prison. This short, stark video, an edited version of his lengthy interview with one of prosecuting attorneys, is long on messages.

**VC 188 FUNDAMENTALS OF GUN SAFETY: BASIC RULES OF SAFE FIREARM OWNERSHIP**

**1991/NRA/10 min./VHS video cassette**

**Audience: M-A**

Susan Howard and Steve Kanaly host this easy-to-understand, enjoyable review of the different types of firearms and ammunition as well as principles of safety to observe both at home and afield.

**VC 189 NEW ROOM TO LIVE**

**1991/Semaphore Video, Ltd./33 min./VHS video cassette/2 copies**

**Audience: HS-A**

Sgt. Jack Ware, retired Michigan State Trooper, comments on the myths affecting attitudes toward seat belts. Fifty thousand people die every year in traffic accidents in the United States...enough people to fill a ballpark stadium! Ware's presentation bounces between humorous and tragic and the audience reacts accordingly. A separate segment discusses the need to wear a lap belt in conjunction with an automatic shoulder harness. Air bags do not replace seat restraints and are only effective in frontal impacts. It will help to lock the doors if you have automatic restraints. A very moving presentation that could change habits.

**VC 190 REPUBLIC OF CHINA ON TAIWAN 1991**

**1991/Kwang Hwa/23 min./VHS video cassette**

**Audience: HS-A**

This documentary explores the political, economic, social and cultural aspects of the ROC on Taiwan. It documents the innovative behavior of the ROC government and reveals the increasing pluralization of society in Taiwan. A spirit of renewal suffuses the fast-paced film with the natural confidence that makes the ROC so unique.

**VC 191 CATCH A RISING ECONOMIC STAR: TAIWAN**

**1991/Kwang Hwa/25 min./VHS video cassette**

**Audience: HS-A**

This program reports on the present economic and trade policies of the Republic of China. The policies will be moved toward the goals of liberization, internationalization and institutionalization.

**VC 192 CHINESE NEW YEAR**

**1990/Kwang Hwa/30 min./VHS video cassette**

**Audience: HS-A**

The legendary origins, presented through shadow puppets, and the regional variations of Chinese Lunar New Year celebrations are explained. Learn more about the rich customs, some thousands of years old, commemorating the most important event in the Chinese calendar and reflecting key elements of Chinese thought and lifeways.

**VC 193 CHINESE PAPER-CUTS**

**1992/Kwang Hwa/25 min./VHS video cassette**

**Audience: HS-A**

This film introduces rich and gorgeous variations of traditional and modern Chinese folk art of papercutting, covering its developmental history, its different branches, beautifully illustrated with pictorial explanations and practical demonstrations.

**VC 194 BICYCLE SAFETY CAMP**

**1989/David Lewine and Assoc./25 min./VHS video cassette/4 copies**

**Audience: E-M**

Rita, the daredevil; Arthur, the nervous bookworm; Rebop, with an "attitude," and Boomer, the sports nut all meet Sam Sprocket, the camp counselor at Bicycle

Safety Camp. Everyone can ride safely...and love it! Stresses the importance of wearing a helmet, signaling turns, looking both ways before leaving a driveway or a stop sign...and much more.

**VC 195 BICYCLE RULES OF THE ROAD**

**1986/AIMS/16 min./VHS video cassette/2 copies**

**Audience: E-M**

Whether a bicycle is used for fun, exercise, or transportation, children have a responsibility to ride safely. Six of the most common riding violations are described. Seventy-five percent of bike deaths and permanent injuries could be prevented by wearing helmets.

**VC 196 TRAFFIC STOPS: TACTICS FOR SURVIVAL**

**1989/Video Concepts Inc.Prod./25 min./VHS video cassette      Audience: LET**

Each vehicle stop is an encounter with the unknown. This tape covers low risk and felony stops as well as one and two officers and night time approaches. Real officers disclose their near fatal experiences. Donated by Brian Mahaney, Enforcement Division, Bureau of Taxation.

**VC 197 LOCKUP USA: SUICIDE PREVENTION**

**1991/Lockup USA Prod.,Inc./35 min./VHS video cassette      Audience: CT**

Most suicides occurring in the lockup can be prevented. This tape identifies the suicidal inmate and precautions that should be taken. Myths/facts regarding suicide are discussed. Training is the ultimate key in suicide prevention.

**VC 198 SENTENCED FOR LIFE**

**1987/Ohlmeyer Communications Prod./40 min./VHS video cassette/2 copies      Audience: HS-A**

Through graphic scenes and candid discussions with young survivors of alcohol-related accidents, this tape depicts the devastating effects of drunk driving.

**VC 199 CONDUCTING SOBRIETY CHECKPOINT OPERATIONS**

**[1991]/NHTSA/30 min./VHS video cassette      Audience: LET**

Detailed instructions for conducting checkpoints are covered in this training tape.

**VC 200 ARRESTING PREJUDICE**

**1992/MTI/32 min./VHS video cassette      Audience: LET**

This documentary, hosted by Collin Siedor, looks at the issues of bias that arise between police officers and the communities they serve. An in-depth look at how police departments in Houston, Texas; Madison, Wisconsin and Atlanta, Georgia are trying to defuse the prejudice through training programs, foot patrols and community outreach.

**VC 201 BLOODBORNE PATHOGENS: THE OSHA STANDARD**

**[EMERGENCY FIRST RESPONDER]**

**1992/Long Island Prod./22:30 min./VHS video cassette      Audience: A-CT-LET**

This tape contains the Exposure Control Plan; recognition of exposure situations; practices to prevent exposure; emergency procedures; signs and labels; selection and use of protective equipment and information on HBV vaccine.

**VC 202 TAKING THE LEAD**

**1992/NHTSA/12:15 min./1/2"VHS slide/video cassette      Audience: HS**

This tape made from a slide presentation covers the 3 D's-drinking, drugs and driving without a safety belt. Steps for organizing Project Graduation are outlined. Taking the lead is only limited by your own imagination. Facilitator's guide available upon request.

**VC 203 THE AFTERMATH**

**1991/Manocheian Foundation/23:53 min./VHS video cassette Audience: JH-HS-A**

A very moving presentation by Carly Simon narrates the Bruce Kimball story. On August 1, 1988, Bruce, an Olympic diver, killed two people and injured four others in an alcohol-related accident.

**VC 204 CRASH DYNAMICS FOR TRAINING PROGRAMS**

**1992/NHTSA/18:50 min./VHS video cassette Audience: J-HS-A**

Nineteen short segments of frontal, side, rear end and rollover crashes are contained on this video. Designed to be used in training programs, it is most effective to show the protection belts offer in different types of crashes.

**VC 205 OCCUPANT PROTECTION USAGE & ENFORCEMENT**

**1992/LETN/3-segment/VHS video cassette Audience: LET**

- Show #1 The Risks [24:30 min.]
- Show #2 Crash Dynamics [24:30 min.]
- Show #3 Enforcement & Education [24:30 min.]

Crash dynamics and the benefits of occupant protection systems are discussed.

**VC 206 OPERATION BUCKLE DOWN ROLL CALL**

**1992/NHTSA/26:04 min./5-segment/VHS video cassette Audience: LET**

- Show #1 Law Enforcement Officers Are at High Risk [4:43 min.]
- Show #2 The Impact of Crashes on Officers [5:03 min.]
- Show #3 Commitment to Fellow Officers [3:56 min.]
- Show #4 Myths and Facts About Safety Belt Use by Officers [6:23 min.]
- Show #5 Myths and Facts About Enforcing Seat Belt Laws [6:37 min.]

The importance of police officers using their safety belts as part of their routine is stressed.

**VC 207 WHY ENFORCE CHILD PASSENGER SAFETY LAWS**

**1992/LETN/16:35 min./3-segment/VHS video cassette Audience: LET**

- Show #1 Why Enforce Child Passenger Safety Laws?
- Show #2 Which Safety Seat Should Parents Use?
- Show #3 Answering Parents' Questions

Officers are encouraged to utilize child passenger safety law enforcement as a positive public relations tool.

**VC 208 CRASH COURSE ON SAFETY BELTS**

**1992/LETN/20 min./4-segment/VHS video cassette Audience: LET**

- Show #1 Crash Course on Safety Belts
- Show #2 Seat Belts: An Additional Tool for Officer Survival
- Show #3 Seat Belts: Enforcement is the Key
- Show #4 F.O.P. on Seat Belts

These four roll call segments extol the benefits of occupant protection use and the need for enforcement of occupant protection laws.

**VC 209 TROUBLE SPOTS**

**1991/Seven Oaks Productions/39 min./VHS video cassette      Audience: E-M-JH-HS-A**

The potentially dangerous *Trouble Spots* that school bus drivers and riders must be aware of when driving and moving in or around school buses are discussed. Actual accidents are reenacted which enables students, bus drivers and others to better understand the consequences of their actions. Study guide available upon request.

**VC 210 A VERBAL JUDO REVIEW**

**1989/Verbal Judo Institute/118 min./VHS video cassette      Audience: LET**

This two hour presentation explains tactical communications and officer safety for police. Dr. Thompson explains the badge is a symbol of public trust and not just authority. A necessity for law enforcement professionals who wish to deal effectively with and generate voluntary compliance from "difficult people."

**VC 211 RESCUE PROCEDURES AND AIR BAGS: DEBUNKING THE MYTHS**

**1992/LETN/11 min./VHS video cassette**

**Audience: A-LET**

Facts are presented and myths are dispelled about air bags and rescue procedures. Designed to provide first responders with accurate information about air bags, the video discusses how air bags work, features of the air bag that are frequently misunderstood, and proper procedures for safe extrications from air bag equipped vehicles.

**VC 212 THE CENTER OF THE SEARCH**

**1992/Nat. Ctr for Missing & Exploited Children/15 min./VHS video cassette**

**Audience: A-LET**

John Walsh, Adam's father, hosts this video that describes the services of the National Center for Missing & Exploited Children. Since the Center opened in 1984, it has been instrumental in providing coordinated national coverage and computer age progression for abducted children. A very helpful resource only a phone call away!

**VC 213 WHY WAIT?: A HIGHWAY-RAIL GRADE CROSSING SAFETY MESSAGE FOR NEW DRIVERS**

**1992/HR Productions/24 min./VHS video cassette/2 copies**

**Audience:**

**JH-HS-A**

Michael Gross advises new drivers to yield the right-of-way to trains. Drivers use poor judgment when they think they can race a train to the crossing. Each year more people die in car/train collisions than airplane crashes. Train engineers and family members of victims involved in fatalities are interviewed. Various railroad crossing signs are discussed. Donated by Sgt. Chuck Downing, Maine State Police.

**VC 214 A FORM OF SAFETY: BUCKLE UP**

**National Business Forms Association/12 min./VHS video cassette**

**Audience: A**

In order to assist the Department of Transportation's Buckle Up program, the National Business Forms Association initiated its Form of Safety campaign. The video includes information on the campaign as well as facts on seat belt usage and interviews with survivors of accidents, law enforcement personnel and a NHTSA administrator.

**VC 215 GRADE CROSSING SAFETY: PHYSICS-101 FOR PROFESSIONAL DRIVERS**

**1992/Union Pacific Railroad Co./26 min./VHS video cassette/2 copies**

**Audience: A**

Two objects cannot simultaneously occupy the same space. It is a basic law of physics. What happens when this law is violated is graphically portrayed. The professional driver is reminded of the dangers at highway/rail crossings and the proper precautions to be taken at these intersections. The precautions taken by train crews in an effort to avoid crashes are noted. Donated by Sgt. Chuck Downing, Maine State Police.

**VC 216 BOATING UNDER THE INFLUENCE**

**Cal. Dept. of Boating & Waterways/45 min./VHS video cassette Audience: LET**

This video, produced by the California Department of Boating and Waterways and the Shasta County Sheriffs Office, outlines procedures to be followed to successfully detect, investigate, arrest and prosecute BUI incidents by law enforcement officials.

**VC 217 LOCKUP USA: GANGS IN THE LOCKUP**

**1992/Lockup USA/28:47 min./VHS video cassette Audience: CT**

This video and training guide familiarize corrections officers with the activities of inmates who are gang members and to show how these activities can be controlled. People join gangs to obtain a sense of belonging and, ultimately, power, that may be missing from their lives. Gang members, if given the chance, will attempt to carry on their illicit activities inside the facility.

**VC 218 LOCKUP USA: CLOTHED BODY SEARCHES**

**1992/Lockup USA/28:20 min./1/2"video cassette Audience: CT**

Step-by step instructions for officers to conduct a proper and complete search are contained in this video. Performing a thorough clothed search helps prevent contraband from entering the facility. Areas where inmates can hide weapons, money and drugs are shown.

**VC 219 LOCKUP USA: RELATING TO THE MINORITY INMATE I: AFRICAN-AMERICAN INMATE**

**1992/Lockup USA/30:40 min./VHS video cassette Audience: CT**

Jails and prisons are filled with inmates who come from different backgrounds, cultures and races. The officer must not show prejudice toward any group or race. This program takes a look at cultural and background differences. How stereotypes can be broken down through positive communication and relating to each person on an individual basis is stressed.

**VC 220 THE DETECTION OF DWI MOTORCYCLISTS**

**1992/NHTSA/13 min./VHS video cassette Audience: LET**

This video provides law enforcement officers with information on identifying behavioral cues to detecting impaired motorcycle operators. It discusses 14 rider behaviors found to best distinguish between impaired and unimpaired motorcyclists. A brochure and pocket detection guide is also available.

**VC 221 FAKE HELMETS: UNSAFE ON ANY HEAD**

**1992/NHTSA/12:30 min./VHS video cassette Audience: LET**

The difference between illegal/legal motorcycle helmets is shown. This tape delves into why people wear unsafe helmets and some ways to identify illegal helmets. Legitimate helmets do save lives!

**VC 222 ULTIMATE SURVIVORS**

**1991/Calibre Press,Inc./VHS video cassette Audience: LET**

Hosted by William Shatner, this video introduces you to the *Ultimate Survivors*. Four officers tell their own stories of tragedy and survival. Lives were changed but not over!

**VC 223 LOCKUP USA: PERIMETER/CONTROL ROOM SECURITY**

**1993/Lockup USA/27:05 min./VHS video cassette** **Audience: CT**

Deliberate and planned preventive security monitoring and vigilance are key issues for corrections officers to ensure a secure facility that is not prone to escape attempts or contraband importation.

**VC 224 LOCKUP USA: CORRECTIONS OFFICER SURVIVAL {part 3}**

**1993/Lockup USA/27 min./VHS video cassette** **Audience: CT**

Ideally, a corrections officer should leave their personal problems at home and not bring them to work. This video shows the consequences of losing concentration and how it can affect the entire facility.

**VC 225 LOCKUP USA: DEALING WITH FEMALE OFFENDERS**

**1993/Lockup USA/26:55 min./VHS video cassette** **Audience: CT**

Women are increasingly committing crimes of violence and are receiving longer sentences. Corrections officers need to learn new techniques in performing their daily tasks. Modern facilities built for women create an atmosphere more likely to result in attitude adjustments and building skills needed for success following release.

**VC 226 LOCKUP USA: CROSS-GENDER SUPERVISION**

**1993/Lockup USA/28:17 min./VHS video cassette** **Audience: CT**

Complex issues and concerns arising out of cross-gender supervision by corrections officers are explored in this program. The need to be professional at all times is extremely important in this type of assignment.

**VC 227 SEXUAL HARASSMENT IN THE WORKPLACE...IDENTIFY. STOP. PREVENT.**

**1990/American Media Inc./21 min./VHS video cassette** **Audience: A-CT-LET**

Although sexual harassment has existed in the work force for centuries, employers and managers alike are now forced to deal with the problem under penalty of law. This video defines sexual harassment and discusses it being a problem of inappropriate use of power. Through a series of dramatic vignettes, the major points of sexual harassment are emphasized. Training leader's guide available for loan upon request.

**VC 228 REPORT WRITING {NEW EDITION}**

**1987/MTI/20 min./VHS video cassette** **Audience: LET**

Good police reports are clear, accurate and complete objective statements of fact narrated in chronological order. "Police jargon" should be replaced with concrete terms written in first person singular. A well-done report reduces the likelihood of duplicative investigation and "surprises" in court. Following a pursuit/arrest

scenario, Trooper Pat Chase writes his report on the incident. The video closes with the officer taking his case to court.

**VC 229 LOCKUP USA: LIABILITY ISSUES FOR CORRECTIONS**

**1993/Lockup USA/25:47 min./VHS video cassette Audience: CT**

Corrections officers must be knowledgeable of their agency's policies and procedures, including any emergency plans. Many areas that contain potential for liability include: use of restraint devices; inmate complaints; suicide; discrimination; use of force and medical problems.

**VC 230 LOCKUP USA: SATANISM AND OTHER CULTS**

**1993/Lockup USA/44:22 min./VHS video cassette Audience: CT**

This video will familiarize corrections officers with the varied aspects of cult and occult groups. Group dynamics, identification and how to handle these groups in the correctional facility are covered.

**VC 231 LOCKUP USA: RELATING TO THE HISPANIC INMATE**

**1993/Lockup USA/29:05 min./VHS video cassette Audience: CT**

Hispanics are deeply influenced by their ethnic and cultural pride and history. To successfully manage a Hispanic inmate, a professional correctional institution must understand and respect the Spanish culture.

**VC 232 LOCKUP USA: THE ROLE OF THE SUPERVISOR**

**1993/Lockup USA/26 min./VHS video cassette Audience: CT**

Both new and experienced supervisors will gain insight into their role of maintaining security and efficient operations in their facility. Making the transition from line officer to supervisor is challenging and success hinges upon good communication and people skills.

**VC 233 WEAPONS AND YOU****1993/Perennial Education/18 min./VHS video cassette      Audience: JH-HS**

Carrying a gun has become a trend. Over 4,000 children under the age of nineteen die each year from gunshot wounds. The consequences of bearing and using weapons are shown through the testimonials of a father whose son was accidentally killed at a party and a young man who was paralyzed by a stray bullet. Isn't it time to start new trends?

**VC 234 CROSSING THE LINE: THE TRUTH ABOUT GANGS****1993/Perennial Education/18 min./VHS video cassette      Audience: JH-HS**

Viewers are given an inside look at what the consequences of joining a gang are, as well as specific tips for avoiding risky behavior that could lead to gang participation. Gang members, a prison warden, and a police officer present the hard reality of gang life--jail, death, hurting family and friends. As one gang member warned, "Don't get in because you won't be able to get out."

**VC 235 GETTING ALONG****1993/Perennial Education/12 min./VHS video cassette      Audience: JH-HS**

This teen-presented video depicts a successful conflict resolution model, and explains why violence is the worst possible choice for resolving disputes. A scenario shows how to express needs, identify a problem, and use good listening skills to resolve a conflict situation.

**VC 236 LEARNING THE HARD WAY****1993/MTI/24:16 min./VHS video cassette      Audience: JH-HS**

Mark Harmon hosts this hard-hitting story of four drunk drivers who committed vehicular manslaughter. These young people will serve "an emotional life sentence" for crimes they are sorry for and did not mean to commit.

**VC 237 AVOIDING COLLISIONS: HOW TO SURVIVE THE TEENAGE DRIVING YEARS****1993/Liberty Mutual/16 min./VHS video cassette/3 copies Audience: JH-HS-A**

Speeding, night driving, seat belts and drunk driving are topics discussed by teens and parents. An interesting video depicting "both sides of the coin."

**VC 238 LOCKUP USA: ESCAPE PREVENTION****1993/Lockup USA/33 min./VHS video cassette      Audience: CT**

A successful escape is an embarrassment to a facility and gives inmates the satisfaction of "getting one over" on the system as well as encouraging other inmates to try their luck at an escape. It is up to line officers to be cautious and aware of ways a clever and determined inmate can circumvent established security measures.

**VC 239 LIFELINE: DISPATCHER COMMUNICATIONS****1976/ MTI/17 min./VHS video cassette      Audience: CT**

Designed to impress on complaint talkers and dispatchers the importance and complexity of the police communications job. Shows the pressures under which

communications personnel must work, and helps to improve understanding between the dispatcher and the officers in the field. Presents the working dispatcher/communications environment in which variety of complaint calls are received and proper dispatcher field responses are demonstrated.

**VC 240 70% by '92**

**1992/NHTSA/14 min./VHS video cassette**

**Audience: LET**

Revised edition of NHTSA's informational campaign to increase seat belt usage in the U.S.

**VC 241 LOCKUP USA: COPING WITH COMMUNICABLE DISEASES**

**1993/Lockup USA/35:45 min./VHS video cassette**

**Audience: CT**

The best way for corrections officers to ensure their facility is not exposed to communicable diseases is to have a thorough understanding of these diseases and how they are spread. Development of an exposure plan to be followed by everyone working in the facility will check the spread of HIV, Hepatitis A and B and Tuberculosis.

**VC 242 WINTER DRIVING TACTICS {SECOND EDITION}**

**1985/AIMS/14 min./VHS video cassette**

**Audience: JH-HS-**

**A**

Filmed in Anchorage, Alaska, this video gives instruction in preventing winter accidents. Topics include handling a skid, using snow tires, developing a proper attitude, and winterizing your car for performance and personal safety.

**VC 243 WINTER DRIVING UPDATE**

**1992/AIMS/15 min./VHS video cassette**

**Audience: HS-A**

This program advises clearing snow and ice from windshields and letting the car warm up before driving. The importance of being prepared in the event of a breakdown is emphasized. Remaining in the vehicle and trying to keep warm is advocated over walking to find help. Common sense tips for driving in a rural setting.

**VC 244 SCHOOL BUS DRIVING: CONTROLLING SKIDS**

**1991/AIMS/15 min./VHS video cassette**

**Audience: A**

This program gives school bus drivers the information they need to control skids. Demonstrations explain why skidding occurs, as well as handling front- and rear wheel skids, all-wheel skids, power skids, spinouts and hydroplaning. Above all, school bus drivers must remain calm and alert.

**VC 245 SCHOOL BUS SAFETY AND COURTESY {SECOND EDITION}**

**1993/AIMS/24 min./VHS video cassette**

**Audience: E-M-JH**

School bus safety and emergency evacuation procedures are covered in this video. It focuses on students' personal safety, and the safety of others as well as the care of personal and public property.

**VC 246 POOH'S GREAT SCHOOL BUS ADVENTURE**

**1986/MTI/14 min./VHS video cassette**

**Audience: E**

Winnie the Pooh and Piglet discover a lunch-sized paper bag that they decide belongs to Christopher Robin. Feeling that he forgot his lunch, they set out to return the lost lunch to him by riding a school bus for the first time. Joined by their friends--Tigger, Owl, Rabbit and Eeyore--they learn the rules for a safe trip on the school bus.

**VC 247 THE POWER OF CHOICE: DRINKING AND DRIVING**

**1988/MTI/30 min./VHS video cassette**

**Audience: JH-HS**

The number one cause of death for people in their late teens and early twenties is drunk driving. Yet, close to 44% of high school sophomores admit that within the past month they knowingly rode with a driver who was using drugs or alcohol. Comedian/teen counselor Michael Pritchard visits with teenagers to talk about "how to stay out of (or get out of) drinking/driving predicaments and still be cool." A candid video about choices.

**VC 248 FIELD INTERVIEWING {NEW EDITION}**

**1989/MTI/27:25 min./VHS video cassette Audience: LET**

A drug store robbery is foiled by the pharmacist when he shoots the two male suspects. After following Lt. Winslow through the scene and listening to his conversations with other officers, it becomes evident that what seems to be chaotic is very organized. The three most common general field interview techniques are used for victims, witnesses and suspects. Specific problems to traffic accidents, elderly and juveniles are discussed and viable solutions are presented.

**VC 249 LOCKUP USA: EMERGENCY RESPONSE TEAMS**

**1993/Lockup USA/48:24 min./VHS video cassette Audience: CT**

The benefits of using specially trained teams of officers are depicted in this video. The tools/equipment available to emergency response teams [ERT] have greatly improved. These options are looked at along with the possible use of pepper sprays in reducing the need for use of force.

**VC 250 LOST AND FOUND: MEMORY LOSS VICTIMS AND LAW ENFORCEMENT**

**1993/MedicAlert/13:50 min./VHS video cassette Audience: LET**

James Garner tells us there are four million victims of Alzheimer's in the United States. Law enforcement officers will encounter people that exhibit bizarre/unusual behavior or disorientation. Identification bracelets can be critical for memory loss victims or those unable to communicate for other health reasons. Tactics for calmly dealing with special needs victims are discussed.

**VC 251 SERIOUS INFECTIONS DON'T HAVE TO COME WITH YOUR JOB**

**1991/Merck & Co.,Inc./13:55 min./VHS video cassette Audience: A-LET**

As health providers and first responders, serious bloodborne infections do not have to affect you. Always assume that blood and other body fluids are infectious. Use disposable latex gloves and resuscitation devices. Do not take anything for granted.

**VC 252 PREVENTING HEPATITIS B: THE VACCINATION DECISION**

**1989/Merck & Co.,Inc./14 min./VHS video cassette Audience: A-LET**

There is no cure for Hepatitis B. In 1987 Recombivax HB, a non-infectious vaccine, was developed and consists of three shots given intramuscularly. The question and answer session is very effective in this video.

**VC 253 LOCKUP USA: DRUG AWARENESS/IDENTIFICATION**

**1994/Lockup USA/27:16 min./VHS video cassette Audience: CT**

Drugs do find their way into correctional facilities. The need to be able to identify drugs and understand the symptoms of illegal drug use is addressed. Extensive explanation of symptoms and descriptions of the five drug categories are given.

**VC 254 TAKE ANOTHER LOOK: POLICE RESPONSE TO SEIZURES AND EPILEPSY**

**1992/Police Exec. Research Forum & Epilepsy Foundation of America/15 min./VHS video cassette/2 copies**

**Audience: LET**

Epileptic seizures produce symptoms that may resemble something else. Police must be aware they may be facing a medical problem and not some criminal behavior. They have to be alert for seizure symptoms; protect from injury; place nothing in patient's mouth; do not restrain and offer help during recovery. The first segment of video deals with seizure recognition and management and segment two deals with key issues for law enforcement personnel.

**VC 255 SECOND CHANCE VS. MAGNUM FORCE**

**118 min./VHS video cassette**

**Audience: LET**

While this film is basically a 2-hour advertisement for Second Chance Body Armor, it does remind the viewer to wear his or her armor, because an officer never knows when somebody is going to open fire. As Rich Davis says at one point, rather than slickness, they went for honesty. The result is an amateurish but informative (and amusing!) potpourri of interviews with survivors of shooting incidents, recreations of those incidents, examinations of the penetrating capabilities of various types of magnum bullets, as well as some knives, and comic relief sequences of how various groups perceive the American Law Enforcement Officer. The episode with Godzilla is particularly entertaining.

**VC 256 DIRECTING TRAFFIC: THE BASICS**

**1992/MTI/15 min./VHS video cassette**

**Audience: LET**

Professional traffic control is an important aspect of officer survival. Not only does this tape cover the signals, commands, equipment and positioning, but, most importantly, the proper "attitude." Correct use of whistles, flares and barricades is demonstrated.

**VC 257 LOCKUP USA: CONTRABAND CONTROL PT. 2: COMPREHENSIVE FACILITY SEARCH**

**1994/Lockup USA/47:40 min./VHS video cassette**

**Audience: LET**

Correctional officers must be aware of contraband smuggling into the facility and distribution inside. Random searches of the facility as well as monitoring visitors and inmates are necessary to keep contraband a manageable problem.

**VC 258 LOCKUP USA: COPING WITH THE OLDER INMATE**

**1994/Lockup USA/28:50 min./VHS video cassette**

**Audience: CT**

The special conditions and needs of the older inmate are explored in this video. As inmates, they may have to deal with problems of mental and physical issues. Correctional officers should develop special awareness and policies as many facilities were not designed around these needs.

**VC 259 LOCKUP USA: LIABILITY ISSUES FOR CORRECTIONS {PT.2}**

**1994/Lockup USA/30:15 min./VHS video cassette**

**Audience: CT**

The need for clearly defined policies and procedures involving correctional officer involvement with inmates that could become grounds for a successful lawsuit is demonstrated in this video and training guide. The prevalent areas of such

lawsuits are critical incidents, religious freedom, handicapped inmates and sexual harassment.

**VC 260 C.O.P.S.: COMMUNITY ORIENTED POLICING STRATEGIES**

**1992/MTI/36:39 min./VHS video cassette**

**Audience: A-LET**

Officer Moorman has many roles in developing a solution to the problems between citizens and a local market and its outside pay phones. Shows the complaint stage through business community discussions, leading to city council and licensing assistance in solving the problem. Dr. Robert Trojanowicz states "Community oriented policing is the philosophy of dealing with people and problems that affect us, the community as a whole; it strives to recreate an atmosphere of 'looking out for each other.'"

**VC 261 LOCKUP USA: RECOGNIZING PSYCHOLOGICAL DISTURBANCES**

**1994/Lockup USA/29:30 min./VHS video cassette** **Audience: CT**

The benefits in identifying inmates with psychological problems during the intake process is stressed in this video. Symptoms of common psychological problems which may develop during incarceration are explained. Placing troubled inmates into the general population can cause disturbances and these inmates could be victimized by others.

**VC 262 PEOPLE WITH DIABETES CAN ENJOY HEALTHIER LIVES!**

**1994/PACE Diabetes/10 min./VHS video cassette** **Audience: HS-A**

Results of a ten year study of diabetes patients who participated in both conventional therapy and intensive therapy for controlling their blood-sugar level. Interviews with patients more in control of their treatment are very informative and inspiring.

**VC 263 BIKING: GET THE BIG PICTURE**

**1994/AAA/8 min./VHS video cassette** **Audience: M-JH**

Visual skills needed to ride a bicycle safely are stressed in this fast-paced presentation. Provides tips for riding through intersections, near parked cars and making left turns.

**VC 264 OTTO THE AUTO ON SCHOOL BUS SAFETY**

**1994/AAA/14 min./VHS video cassette** **Audience: E**

Four presentations, featuring mixed animation and reality setting, teach children different aspects of bus safety. Covered topics are before you go to the bus; waiting for and getting on the bus; safe behavior on the bus and the danger zone.

**VC 265 OTTO THE AUTO ON WEARING SAFETY BELTS**

**1994/AAA/8 min./VHS video cassette** **Audience: E**

Two presentations, featuring mixed animation and reality setting, teach children why and how to wear safety belts.

**VC 266 OTTO THE AUTO ON BICYCLE SAFETY**

**1994/AAA/16 min./VHS video cassette** **Audience: E**

Four presentations, featuring mixed animation and reality setting, teach children different aspects of bicycle safety. Covered topics are basic riding rules; picking the right bike; fitting your helmet and driving your bike like a car.

**VC 267 OTTO THE AUTO ON PEDESTRIAN SAFETY**

**1994/AAA/16 min./VHS video cassette** **Audience: E**

Four presentations, featuring mixed animation and reality setting, teach children how to behave in various pedestrian situations. Covered topics are streets with no sidewalks; crossing the street; crossing streets at busy corners and walking between parked cars.

**VC 268 OTTO THE AUTO ON BEING SEEN IN TRAFFIC**

**1994/AAA/14 min./VHS video cassette** **Audience: E**

Three presentations, featuring mixed animation and reality setting, teach children how to dress and act in a way that makes them more visible as pedestrians. Covered topics are darkness and rain; watch cars and safe places to play.

**VC 269 LOCKUP USA: THE LUCASVILLE, OHIO DISTURBANCE: LESSONS LEARNED**

**1994/Lockup USA/29:40 min./VHS video cassette**

**Audience: CT**

Background for the Lucasville disturbance at the maximum security Southern Ohio Correctional Facility on Easter Sunday, April 21, 1993 is related in this video. Some of the planning and training options available to correctional administrators for properly managing critical incidents are detailed. These ideas could be used to develop or update plans in your facility.

**VC 270 LOCKUP USA: DEALING WITH THE HIGH PROFILE/CELEBRITY INMATE**

**1994/Lockup USA/26:35 min./VHS video cassette**

**Audience: CT**

Some of the options available to correctional administrators, supervisors, and line officers in the proper management of high profile or celebrity inmates are explored in this video.

**VC 271 BREAKING THE ACCIDENT CHAIN OF EVENTS**

**1994/AAA/7:04 min./VHS video cassette/2 copies**

**Audience: JH-HS-**

**A**

Through a series of vignettes, the chain of events leading to a traffic collision is depicted. The need to be a responsible driver by staying alert, being decisive, and being reasonable and polite in traffic is stressed.

**VC 272 FREEWAY DRIVING**

**1994/AAA/7:52 min./VHS video cassette**

**Audience: JH-HS-**

**A**

Freeway driving demands a high level of attention. How to merge onto and from a multi-lane highway smoothly and decisively, how to handle weave lanes, and how to know when you have reached your exit is discussed.

**VC 273 USING YOUR EYES EFFECTIVELY WHEN DRIVING**

**1994/AAA/9:34 min./VHS video cassette**

**Audience: JH-HS-**

**A**

Demonstrates how to use your eyes effectively and where to concentrate your attention when driving. Discusses central and peripheral vision and the effects of alcohol on a driver's visual perception.

**VC 274 SELF-DEFENSE STRATEGIES FOR WOMEN: A FIGHTING CHANCE**

**1993/Fighting Chance Video, Inc./73 min./VHS video cassette** **Audience: HS-A**

This instructional video teaches women how to be less vulnerable by providing options on ways to respond and methods for escape when faced with violence. Theory is based on self-defense workshops created and developed by Lauretta Gregoire.

**VC 275 LOCKUP USA: ETHICS AND PROFESSIONALISM FOR TODAY'S C.O.**

**1994/Lockup USA/28:30 min./VHS video cassette**

**Audience: CT**

All correctional officers should view their career at the highest level of professionalism in their dress, attitude, approach and demeanor. Over 1.3 million persons are incarcerated in the U.S., a three-fold increase since the 1970's. In order to maintain respect from fellow staff officers and inmates and to ensure a safe facility for inmates, it demands high standards of ethics from all staff.

**VC 276 LOCKUP USA: DEALING WITH INMATES AT HOLIDAY TIME**

**1994/Lockup USA/22:18 min./VHS video cassette** **Audience: CT**

Correctional institutions need to explore the possibilities of initiating programs to help offset unrest and depression in inmates during the holiday season. In order to maintain good security during these periods, it is important to keep the inmates busy and their minds active.

**VC 277 LOCKUP USA: STAFF COMMUNICATIONS/RELATIONS**

**1994/Lockup USA/31:33 min./VHS video cassette** **Audience: CT**

The importance of good communications and relationships between line officers, supervisors, and administration in a well-run correctional facility is stressed in this program. How communication occurs, how it fails, and what can be done to prevent failures are studied in this video.

**VC 278 LOCKUP USA: THE INMATE'S COOKBOOK**

**1994/Lockup USA/34:31 min./VHS video cassette** **Audience: CT**

Dangerous contraband made from everyday items either issued or permitted by correctional facilities is reviewed in this video. Recipes for escapes, assaults and nuisance contraband are shown. Correctional officers must learn to think like an inmate when recognizing what could be utilized for contraband.

**VC 279 ROLL CALL: SATANIC MURDER INVESTIGATION**

**1990/30 min./VHS video cassette** **Audience: LET**

A graphic presentation of a grisly murder committed on July 11, 1990, in Warren, Michigan. It all began when three young ladies walked into the police department carrying a bag that contained a human head. The first segment of this tape focuses on the crime scene and the second part focuses on the human sacrifice itself. Donated by Philip Watkins, Oakland (ME) Police Department.

**VC 280 K.S.O. (KENNEBEC COUNTY SHERIFF'S OFFICE) TAPE ON SATANIC AND RITUAL MATERIAL**

**1994/5 min./VHS video cassette** **Audience: LET**

Narrated and filmed by Philip Watkins, this video depicts the confiscated ritualistic materials from a young man with suicidal tendencies who was committed to an area psychiatric ward. Donated by Philip Watkins, Oakland (ME) Police Department.

**VC 281 DRUG CRACKDOWN: CULTS OF SANTERIA AND POLO MOYAMBE**

**1991/LETN/25 min./VHS video cassette** **Audience: LET**

A conference lecture depicts the two old religions of Santeria and Palo Mayombe that worship many gods and have no strict moral codes. These African cultures came to America and have become well known symbols of these religions on their premises. **Donated by Philip Watkins, Oakland (ME) Police Department.**

**VC 282 AMERICANS WITH DISABILITIES ACT: IMPACT ON CORRECTIONS TITLE I AND TITLE II**

**1994/NIC/15 min./VHS video cassette**

**Audience: CT**

This video depicts the hiring process in a correctional setting. Some of the issues addressed are what questions are allowed and which questions should be omitted by the interviewer. What course of action should be followed if a corrections employee becomes disabled while on the job?

**VC 283 IN CONTROL**

**1994/So. Portland Safer Streets Task Force & Day One/18:15 min./VHS video cassette**

**Audience: JH-HS-**

**A**

Susan Kimball narrates this Maine-produced video dealing with choices and being in control of your mind and reflexes. Interviews with individuals who have taken alcohol/drugs and driven and then testimonials from victims/families of victims show the tragic results. Designed to make you reflect on choices you have made in the past and those you will make in the future.

**VC 284 LOCKUP USA: DEALING WITH TODAY'S INMATE {pt. 2}**

**1995/Lockup USA/27:55 min./VHS video cassette**

**Audience: CT**

This program explores the changes in inmate population over the past few years and the need for line officers to be on the watch for aggressive inmates. Inmates lack of respect for authority has challenged the correction's profession to find new ways to deal with issues.

**VC 285 STOP AND LOOK WITH WILLY WHISTLE**

**1993/NHTSA/8:17 min./VHS video cassette**

**Audience: E**

*STOP AND LOOK WITH WILLY WHISTLE* teaches the most critical behaviors needed by young pedestrians to avoid the "dart-out" accident on residential streets.

**VC 285 WALKING WITH YOUR EYES**

**1993/NHTSA/14:15 min./VHS video cassette**

**Audience: M**

*WALKING WITH YOUR EYES* helps the older child venture into more complicated commercial areas on their walk. Lessons build on the premise of stopping when you come to a curb {or the side of the road} and looking left--then right--then left again before crossing. Teacher's video guide available upon request

**VC 286 WALKING THROUGH THE YEARS**

**1993/NHTSA/22 min./VHS video cassette**

**Audience: A**

Informing older adults {65 years +} of their increased risk and helping them to recognize and avoid the types of crashes to which their age group would be the most vulnerable is the focus of this video. The three major risk areas are intersection crashes; crashes involving backing vehicles and crashes involving conspicuity.

**VC 287 BE HEAD SMART--IT'S TIME TO START**

**1994/NHTSA/18 min./VHS video cassette**

**Audience: JH-HS**

Real life situations stress the importance of wearing a helmet on every bicycling occasion. Filmed in a hospital waiting room, teenagers are waiting for news of a friend, who has been injured in a biking accident. This hard-hitting message delivered by teens to teens does strike home.

**VC 288 UNLICENSED RIDERS**

**1994/NHTSA/8:35 min./VHS video cassette**

**Audience: LET**

Over 40% of fatally injured motorcycle operators are not properly licensed to operate a motorcycle. Major reasons cited for not obtaining the proper license were inconvenient process; did not think they would be caught by law enforcement and they would not be punished even if cited. This video explores problem and states proper enforcement techniques of checking licenses; ticketing offenders and impoundment of cycles.

**VC 289 WORKING TOGETHER FOR YOUTH**

**1995/EDC/23:25 min./VHS video cassette**

**Audience: A-LET**

Law enforcement agencies come into contact with a significant number of homeless and runaway youth. This video encourages the collaborative efforts between youth service and law enforcement agencies.

**VC 290 LOCKUP USA: USE OF PEPPER SPRAY AND STUN DEVICES**

**1995/Lockup USA/29:53 min./VHS video cassette Audience: CT**

Proper use of non-lethal weapons such as pepper sprays {OC} and electrical stun devices are explored in this video. Procedures, policies and guidelines must be followed to reduce, if not eliminate, court action brought by inmates in the aftermath of their use.

**VC 291 LOCKUP USA: THE INMATE'S VISIT**

**1995/Lockup USA/30:15 min./VHS video cassette Audience: CT**

Human and non-human factors that must be addressed prior, during and after an inmate is visited by anyone from outside the correctional facility are explored in this video.

**VC 292 Y.E.S.: YOU'RE IN CONTROL**

**1992/Farmers Insurance Group/8:45 min./VHS video cassette Audience: HS**

Driving is a skill developed through experience. Accidents occur because people are not following the rules. To protect yourself and others, you must be in control. Take responsibility for your own life. Insurance protects your losses. This video covers which factors determine your insurance premiums. Be in control of your own safety and help control your insurance costs.

**VC 293 LOCKUP USA: THE KITCHEN: CULINARY MANAGEMENT**

**1995/Lockup USA/29:30 min./VHS video cassette Audience: CT**

Corrections personnel will see the need for management and planning in the operation of the kitchen in a correctional facility to assure a secure, healthy and safe setting. Inmates may be tempted to convert kitchen items into weapons, or have poor work habits that could compromise the facility's food service.

**VC 294 LOCKUP USA: SECURITY ISSUES FOR NON-SECURITY STAFF**

**1995/Lockup USA/32:30 min./VHS video cassette Audience: CT**

Security is everyone's responsibility for all who work or visit a correctional facility. Numerous aspects of security for non-security personnel and volunteers are touched upon in this video.

**VC 295 COACHING THE EMERGENCY VEHICLE OPERATOR: POLICE**

**1993/FLI Learning Systems, Inc./15 min./VHS video cassette Audience: LET**

This video deals with collisions that occur during emergency situations while officers are using lights and sirens. The "effective" range of sirens as well as the emotional change that emergency personnel undergo when hearing a siren are demonstrated. Five case study slides of actual officer-involved collisions litigated in court are also available for loan upon request.

**VC 296 LOCKUP USA: HUMAN BEHAVIOR-HUMAN NEEDS**

**1995/Lockup USA/27 min./VHS video cassette**

**Audience: CT**

Inmates juggle complex emotional issues daily just as we do. Inappropriate behavior can be modified when correctional officers and staff attempt to understand the needs of inmates. Security or established policies of the facility do not have to be compromised in dealing with these needs.

**VC 297 LOCKUP USA: IMPORTANCE OF DOCUMENTATION FOR THE LINE OFFICER**

**1995/Lockup USA/32:30 min./VHS video cassette**

**Audience: CT**

Supervisors and line officers in any correctional institution need to accurately document, on a regular basis, all the events occurring inside the facility. Whether it is better to use informal or formal documentation in particular instances is discussed.

**VC 298 RISING TO THE CHALLENGE**

**1991/Parents' Music Resource Center/38 min./VHS video cassette**

**Audience: A**

This explicit video, narrated by Art Linkletter, covers the themes of suicide, drug and alcohol abuse, graphic violence, sexual exploitation, the occult, racism and bigotry found in today's music. Most children listen to music for 4 to 6 hours each day. This "carefully documented evidence sure to change the way you and your children listen to music!" Please review before sharing with Youth.

**VC 299 MORT: THE TRAFFIC GUY IN "MORT BAGS IT": WHAT YOU NEED TO KNOW ABOUT AIR BAGS**

**1995/ACTS/16 min./VHS video cassette**

**Audience: HS-A**

Mort, the Traffic Guy, launches an investigation into why his air bag did not deploy in a car crash. With the help of an animated character, Delta V, the process of what makes an air bag deploy is explained through a humorous story, similar to a sitcom. Airbag contact injuries are covered and the importance of wearing a seat belt even in an airbag-equipped vehicle.

**VC 300 THE MAINE DRUG EVALUATION & CLASSIFICATION PROGRAM**

**1995/Maine Bureau of Highway Safety/12:40 min./VHS video cassette/2**

**copies**

**Audience: LET**

What do you do if a subject is high on drugs instead of alcohol? This video explains how the Drug Evaluation & Classification {DEC} Program works in the field. The traffic stop is shown followed by the administration of sobriety tests. The arresting officer suspects impaired driving but intoxilyzer results are not supportive. The drug recognition technician {DRT} is called in to do the following: check blood alcohol; interview with arresting officer and the preliminary exam. If the DRT believes there is enough supportive evidence they may continue with the eye exam; divided attention psycho-physical tests; vital signs exam; dark room exam; muscle tone exam; exam for injection sites; suspect interview on drug use; form an opinion on impairment and request a blood or urine sample. The seven drug categories are explained as well as the arduous training of the drug recognition technician.

**VC 301 OFFICER SURVIVAL & ENFORCEMENT: OCCUPANT PROTECTION ISSUES**

**NHTSA/90 min./VHS video cassette & instructor's guide/2 copies**

**Audience: LET**

Educating officers regarding the benefits of occupant protection systems has proven to increase officer safety belt use and the enforcement of occupant protection laws. Having a better understanding of the issue has made many officers advocates in promoting seat belt and child safety seat use in their communities, which has resulted in a reduction in crash-related deaths and injuries and a significant increase in seat belt use. This program guides the viewers through a series of discussion questions and exercises for an innovative and practical "viewer active" training format. Includes instructor's guide.

**VC 302 ENTOMOLOGY AND CRIMINOLOGY**

**1994/BBC/45 min./VHS video cassette**

**Audience: LET**

How crimes are solved through forensics using microscopic plants, animals and insects is the focus of this video. In many murder cases, the first witness is a fly. Insect evidence can determine the time of death. Absence of insects has also been used as evidence to prove/disprove guilt in suspects. Interviews with forensics experts on particular criminal cases are fascinating.

**VC 303 LOCKUP USA: PROPERTY CONTROL PROCEDURES**

**1995/Lockup USA/33 min./VHS video cassette**

**Audience: CT**

Inmates personal property should be documented during the intake process, safely stored and returned in the same condition. If items are lost or stolen, the facility will probably be found liable for replacement. Solutions for good property control systems and some mistakes which are made are highlighted in this video.

**VC 304 BONNIE'S STORY**

**1995/VP Film & Tape Prod./19 min./VHS video cassette/2 copies**

**Audience: JH-HS-A-**

**LET**

This Maine-produced video has excerpts by a registered nurse and several municipal law enforcement personnel. They concurrently relate personal stories of notifying parents of their childrens' deaths in alcohol-related accidents. A wake-up call to all who think it will never happen to them or someone they love.

**VC 306 LOCKUP USA: CLASSIFICATION OF INMATES**

**1995/Lockup USA/37:21 min./VHS video cassette**

**Audience: CT**

This training video stresses the importance of proper classification of an inmate at the onset and through their period of incarceration. Different types of classification headings are discussed.

**VC 307 LOCKUP USA: THE INMATE'S COOKBOOK {PART 2}**

**1995/Lockup USA/36:30 min./VHS video cassette**

**Audience: CT**

Topics included in this training video are officer awareness; toilet paper tricks; items for assault; items for escape; making "hotch" and drug implements.

**VC 308 SAFE RETURN**

**1995/Lifecycle Prod./9:40 min./VHS video cassette**

**Audience: LET**

Alzheimer victims were once called senile or said to have hardening of the arteries. Sixty percent of these victims will wander away from their homes. They need to be found quickly or risk the possibility of injury or death. Their short term memory is affected, it is not mental illness. Officers should approach the subject from the front; speak slowly and simply; identify yourself and avoid restraints. These people have loss of their memories, not their feelings or their need for protection. Remember...act quickly by contacting the Alzheimer's Association at 800-572-1122.

**VC 309 COMMUNICATING THROUGH THE MEDIA**

**1995/LETN/2 VHS video cassettes**

**Audience: LET**

This six-segment two-part training video contains the following information: 1) Establishing good media relations {part 1} (24:30 min.) 2) Legal issues of information release (25 min.) 3) The media preparation plan (24:30 min.) 4) Media relations during crisis situations (25 min.) 5) Resolving bad news situations (24:30 min.) 6) Establishing good media relations {part 2} (25 min.)

**VC 310 HATE CRIMES**

**1995/National Audiovisual Center/19:17 min./VHS video cassette**

**Audience: LET**

A hate crime is described as any traditional offense motivated by hatred or bias. The purpose is to terrorize the victim. There are certain criteria the investigating officer must consider in classifying an offense as a hate crime. It is important to inform the victim that hate offenses will not be tolerated.

**VC 311 TRAFFIC STOPS: HIGH RISK VEHICLE CONTACTS**

**1995/Alert, Inc./26: 50 min./VHS video cassette**

**Audience: LET**

This tape touches upon both unknown and high risk vehicle contact. The three keys to remember while conducting a stop are communication, coordination and control. Convince them their best option is surrender. Training guide available upon request.

**VC 312 LOCKUP USA: SEXUAL HARASSMENT**

**1995/Lockup USA/33 min./VHS video cassette**

**Audience: CT**

The many types of sexual harassment that can take place between staff members of a correctional institution are depicted in this video. The legal definition is discussed as well as what a person can do to reduce or eliminate the damaging consequences.

**VC 313 DEFENSIVE DRIVING TACTICS {3RD EDITION}**

**1989/AIMS/16 min./VHS video cassette**

**Audience: HS-A**

The difference between defensive driving and aggressive driving is vividly depicted by two professional drivers. The defensive driver is aware of pedestrians, conditions and other vehicles. Aggressive drivers tend to be over confident, distracted and hurried which puts themselves and others at risk.

**VC 314 DUII: THE PRICE IS TOO HIGH**

**1987/AIMS/23 min./VHS video cassette**

**Audience: HS-A**

The life-altering legal consequences of driving under the influence of intoxicants {DUII} is made clear in these three stories of first-time offenders. After their arrests, each driver faces the loss of their driver's license, retaining an attorney, sentencing, paying fines and more.

**VC 315 SAFE DRIVING TACTICS**

**1993/AIMS/26 min./VHS video cassette**

**Audience: HS-A**

Viewers are advised on how to react to and avoid menacing situations involving rollovers, head-on collisions, hydroplaning and highway hypnosis. Basic defensive driving tactics are covered as well as segments on air bags, seat belts and drinking and driving. Keeping a positive attitude and staying alert behind the wheel are stressed.

**VC 316 DRINKING AND DRUGS: DRIVING UNDER THE INFLUENCE**

**1992/AIMS/18 min./VHS video cassette**

**Audience: HS-A**

Mixing drugs or alcohol with driving are dramatized in these true stories taken from the files of the National Highway Traffic Safety Administration. Driving simulator and controlled-reaction tests show that mind-altering substances affect a driver's reaction, perception and judgment.

**VC 317 HABIT DEFENSE: COVERING THE BRAKE**

**1991/AIMS/12 min./VHS video cassette**

**Audience: HS-A**

A teenage boy shows his father what he has learned in driver's education class. By "covering the brake," it reduces the car's total stopping distance.

**VC 318 THE ULTIMATE DRIVING CHALLENGE**

**1995/AIMS/30 min./VHS video cassette**

**Audience: JH-HS-**

**A**

Hosts Craig T. Nelson and Paula Zahn introduce questions to test the audiences reactions to twenty specific driving situations. A challenging and fast-paced video with cameo appearances by other celebrities.

**VC 320 SOBRIETY CHECKPOINTS**

**1995/NHTSA/LETN/24:40 min./VHS video cassette/2 copies      Audience: LET**

The United States Supreme Court decision, *Michigan Department of State Police v. Sitz*, upheld the use of sobriety checkpoints to detect and apprehend impaired drivers. Four main elements for conducting checkpoints are guidelines; model policy; briefing guide and motorist survey questionnaire. This can be an integral part of any community's overall drunk and drugged driving enforcement program. Checkpoints raise the perceived risk that those drivers who choose to drive while impaired will be stopped and arrested.

**VC 322 OFFICER STRESS MANAGEMENT I: STRESS OF THE GUNFIGHT**

**1995/ALERT/29:55 min./VHS video cassette      Audience: LET**

Certain events and factors can affect and create stress. The most stressful event in law enforcement work is the shooting situation. Failing to deal effectively with stress could lead to long term physical and mental health problems. Following a shooting incident, officers need to be debriefed or defused as soon as possible to get them back into service when practicable. Communication is important. Officers need to talk freely about the incident and their feelings.

**VC 323 LOCKUP USA: CONTAINING SECURITY THREAT GROUPS**

**1995/Lockup USA/27:52 min./VHS video cassette      Audience: CT**

How to contain security threat groups is investigated in this video. Correctional facilities are having problems with gangs and other groups that menace security. Ohio's response to contain these groups is looked at as well as the line staff's role in stopping gang activity. Sometimes gangs will pose as religious groups that are protected under the first amendment.

**VC 324 LOCKUP USA: BALANCING MEDICAL ISSUES & SECURITY NEEDS**

**1995/Lockup USA/30:20 min./VHS video cassette      Audience: CT**

It is necessary to balance the issues of medical and security needs for all the staff in an institution. Communication is vital between security staff and medical personnel. With the rising costs of medical care, some facilities have had to devise unique ways to screen potential phony inmate complaints. Care and diagnosis of inmates that might have mental problems and officer response are discussed.

**VC 325 LOCKUP USA: OBSERVING UNIVERSAL PRECAUTIONS**

**1995/Lockup USA/20:30 min./VHS video cassette      Audience: CT**

The correctional officer must not become complacent when taking universal precautions while dealing with the diseases that could be a part of the prison population. Communicable diseases can be brought into the prison by new inmates. It only takes one careless instant to become exposed to life-threatening germs and diseases. Protect yourself!

**VC 326.1 SWORN TO PROTECT: CONDUCTING SENSITIVE CHILD ABUSE INVESTIGATIONS: THEY'RE COUNTING ON YOU**

**1996/Edmund S. Muskie Institute/23:35 min./VHS video cassette**

**Audience: LET**

First in the series, this tape offers an overview of the entire video tape program in child abuse investigations for law enforcement agencies: Included are the role of the law enforcement in child maltreatment investigation, issues of sensitivity and victim trauma, scope of child maltreatment, and debunking myths of child maltreatment. It brings to the audience the important issue of successful child abuse investigations.

**VC 326.2 SWORN TO PROTECT: CONDUCTING SENSITIVE CHILD ABUSE INVESTIGATIONS: ON THE FRONT LINES**

**1996/Edmund S. Muskie Institute/23:25 min./VHS video cassette**

**Audience: LET**

This video addresses the issue of a first response situation where child maltreatment may have occurred. Targeted for sheriffs and police officers, this tape offers tips on recognizing situations of abuse in the home, indicators of physical, emotional, and sexual child maltreatment, initial child interviewing, procedures for investigation and reporting abuse, evidence collection and preparation, collaborating with child protective services, and specifically highlights the important role a first responding officer can have in making a successful case in child abuse investigations.

**VC 326.3 SWORN TO PROTECT: CONDUCTING SENSITIVE CHILD ABUSE INVESTIGATIONS: CONDUCTING THE INVESTIGATION**

**1996/Edmund S. Muskie Institute/24:38 min./VHS video cassette**

**Audience: LET**

This video focuses on the important aspects of first response child abuse investigations. Technical aspects of the investigation are discussed, including information on investigation preparation, interviews, accessing the crime scene, and collecting and documenting evidence.

**VC 326.4 SWORN TO PROTECT: CONDUCTING SENSITIVE CHILD ABUSE INVESTIGATIONS: INTERVIEWING THE CHILD**

**1996/Edmund S. Muskie Institute/24:38 min./VHS video cassette**

**Audience: LET**

Sensitive child interviewing is one of the most important aspects of an investigation. Covered here is the continuum of interviewing child victims, noting specifically: preparation of the interview, interviewing techniques and documentation.

**VC 326.5 SWORN TO PROTECT: CONDUCTING SENSITIVE CHILD ABUSE INVESTIGATIONS: INTERVIEWING THE SUSPECT**

**1996/Edmund S. Muskie Institute/25:25 min./VHS video cassette**

**Audience: LET**

This video notes the importance of interrogating the suspect. Profiles of suspects are given, interrogation strategies, the importance of information gathering prior to the interrogation, confronting, disclosure, and ending the interrogation.

**VC 326.6 SWORN TO PROTECT: CONDUCTING SENSITIVE CHILD ABUSE INVESTIGATIONS: MAKING THE CASE**

**1996/Edmund S. Muskie Institute/24:30 min./VHS video cassette**

**Audience: LET**

The sixth in this series, this program encompasses the role of the prosecution, and an overview of the law enforcement officer's duty in court. Getting the case successfully to court is featured, noting the importance of preparing the child for court and the role of the witness advocate and social services, making a child-friendly court room, and evidence preparation. The training prepares the officer for court room testimony, the stress of court on the officer and the child, and possible court and trial outcomes.

**VC 327 THEY SHOULDN'T DIE THIS WAY**

**1996/Hr Productions, Inc./17 min./VHS video cassette/3 copies Audience: LET-EVO**

Michael Gross narrates this video that opens with three real-life incidents that occurred between emergency vehicles and trains. A panel of EMTs, firefighters and police officers discusses what they encounter when responding to an emergency. A locomotive engineer stresses the fact that because of schedules,

one never knows when a train may be coming. It cannot stop quickly----even for an emergency vehicle.

**VC 328 IN THE LINE OF DUTY: GEORGIA STATE POLICE SHOOTING**

**1995/Line of Duty, Inc./20 min./VHS video cassette Audience: LET**

Trooper Benjy Hodges with the Georgia State Patrol was patrolling Interstate 95, north of Savannah. A motor vehicle stop, filmed through a cruiser camera, shows what led up to a passenger being shot.

**1996/So. Carolina ETV/240 min./VHS video cassette/2 copies    Audience:  
A-LET**

## VC 330 PATHS OF THUNDER II

**A**

## VC 331 THE REDMAN SUIT

## VC 332 THE ENHANCED REDMAN SUIT

## VC 333 THINK: VIOLENCE IS FOR PEOPLE WHO DON'T

Violence prevention begins at home. The key issue is respect for others and for ourselves. Through a series of eight vignettes, this video can be used to teach violence prevention skills. Following each scenario, ideas are listed leading into question provoking discussion from the audience.

## VC 334 DEALING WITH DIVERSITY

These scenarios depict how easy it is to be misunderstood by citizens or fellow employees. They demonstrate stereotyping and prejudicial behavior against minority and gender groups and suggestions for overcoming these problems. The major lesson taught is to be tolerant of others, and to make allowances for cultural differences, values and beliefs. Treat all people with respect!

## VC 335 ACID BOMBS

One of the most dangerous explosive devices used today is the acid bomb. They account for 52% of the bombings in the United States in 1993. The prime

targets are residential mailboxes. Filming of three different metallic mailboxes shows the impact of the bomb. The chemical cloud as well as flying debris will cause bodily injury. The time delay of these bombs varies from 15 to 40 seconds up to 2 to 3 hours, depending on the contents. **Restricted to Law Enforcement Training Only. Donated by Sgt. Poirier, Maine State Police.**

**VC 337 THE GOOSE STORY****1992/Eastern Kentucky University/3:45 min./VHS video cassette****Audience: A-CT-****LET**

Why do geese fly in a V-formation? As each bird flaps its wings, it creates an uplift for the birds following. The flock adds at least 71% greater flying range than if each bird flew on its own. When the lead goose tires, it rotates back and another goose flies point. The geese honk from behind to encourage the leaders to keep up their speed. When a goose is sick or wounded, two geese fall out of formation and follow it down to help and protect until it's able to fly or dies. They then launch out on their own or with another formation to catch up with the group. If we have the sense of a goose, we will stand by each other! A good motivational message.

**VC 338 STEP AWAY FOR SAFETY****1996/NY State Police Video Prod. Unit/47 min./VHS video cassette/2 copies****Audience: M**

A New York State Police officer instructs a class of 4th, 5th and 6th graders on how to protect themselves. Sarah Ann Wood's abduction and death is discussed as well as other abductions. One quick-witted young girl faked an asthma attack to escape an abductor. Some key points stressed are to keep from being vulnerable; trust your instincts; know how to protect your safety zone; not to be lured from a safe place to an unsafe place and sharing a code word with family members. A critical lesson for children!

**VC 339 ZERO TOLERANCE: A SERIES ON REDUCING WORKPLACE VIOLENCE (PROMOTIONAL TAPE)****1996/Crime Prevention Resources/7 min./VHS video cassette Audience:****A**

This 7 minute promotional tape describes the two-volume "Zero Tolerance" series in which a panel of experts illustrate the problems that lead to workplace violence and teach how to establish a close relationship with law enforcement to reduce the chances of an incident.

**VC 340 KIDS AND AIRBAGS****1996/Insurance Institute for Highway Safety/4:30 min./VHS video cassette/3 copies****Audience: A**

Airbags are a big success. They've saved more than 1,500 lives. Airbags are causing some adverse side effects including serious injuries and deaths. These injuries occur when someone gets in the path of an airbag early in inflation. Infants in rear-facing restraints and unrestrained children are especially at risk. Using crash test footage and demonstrations of correct infant and child restraint use, this video tells how to protect children in airbag-equipped vehicles.

**VC 343 POSITIVE PERSONAL CONTACTS: THE ART OF BEING NICE****[199-]/Southeastern Center for Liability Management/26 min./VHS video cassette****Audience: A-LET**

Randy Means advocates to reduce the hassles and stresses of the profession, be as nice to people as possible. Anger is the primary cause behind citizen complaints and lawsuits. As one very successful officer said, "Give people what they want—they'll get what they deserve." An important message for all! Donated by Sergeant Jeff Gallagher, Maine Department of Marine Resources.

**VC 344 GENERAL GANGS OVERVIEW**

**1993/IIR/118 min./VHS video cassette**

**Audience: A-LET**

Keith Burt's, San Diego County District Attorney's Office, conference presentation on an overview of gangs and related gang activity. Donated by The Institute for Intergovernmental Research.

**VC 345 CRIPS AND BLOODS****1993/IIR/113 min./VHS video cassette****Audience: A-LET**

Commander Hourie Taylor's, Compton (CA) Police Department, conference presentation of an overview on Crips and Bloods gang activity. Donated by The Institute for Intergovernmental Research.

**VC 346 CONFIDENTIAL INFORMANT HANDLING****1993/IIR/33 min./VHS video cassette****Audience: A-LET**

Captain Ed May's, Portland [OR] Police Bureau, conference presentation on problems that can arise when working with confidential informants. He shares his techniques he has used for 20+ years to cultivate his informants. Donated by The Institute for Intergovernmental Research.

**VC 347 EROSION OF UNDERCOVER EFFECTIVENESS****1994/IIR/84 min./VHS video cassette****Audience: A-LET**

SSA Michael J. Speedling's, U.S. Air Force Office of Special Investigations, interesting conference presentation on the undercover erosion process. Some of the points stressed are the undercover agent responsibilities; advantages versus disadvantages of undercover operations; sources of stress, warning signs and preventative measures to combat the erosion process. Donated by The Institute for Intergovernmental Research.

**VC 348 PROSECUTION ISSUES****1994/IIR/28 min./VHS video cassette****Audience: A-LET**

A roundtable discussion by six Portland, Oregon-based prosecutors discussing problems and solutions for today's prosecutorial issues. Donated by The Institute for Intergovernmental Research.

**VC 349 SPECIALIZED SEARCH AND SEIZURE****1995/IIR/62 min./VHS video cassette****Audience: A-LET**

Assistant District Attorney Phil Weiner's, Suffolk County Massachusetts District Attorney's Office, conference presentation on the seizure of safe deposit boxes and cellular telephones. Donated by The Institute for Governmental Research.

**VC 350 SURVEILLANCE TECHNIQUES****1993/IIR/24 min./VHS video cassette****Audience: A-LET**

This video depicts the Kansas Bureau of Investigation as they follow and successfully arrest a suspected drug dealer using surveillance techniques in rural and urban settings. Both car and foot surveillance are covered. Donated by The Institute for Intergovernmental Research.

**VC 351 CONFIDENTIAL INFORMANTS: A NECESSARY RISK****1990/IIR/43 min./VHS video cassette****Audience: A-LET**

Procedures and techniques that will help narcotics' task force officers use confidential informants and manage and control the negative aspects are discussed in this video. Recruiting; never completely trusting an informant; never trying drugs yourself and never meeting an informant alone are some tips for SUCCESS. Donated by The Institute for Intergovernmental Research.

**VC 352 RAIDS: THE PLANNING PROCESS**

**1991/IIR/22 min./VHS video cassette**

**Audience: A-LET**

Portland, Oregon's Regional Organized Crime Narcotics Task Force plan the simultaneous execution of six different search warrants. Points covered are contact with other agencies; group briefings; role of the "Path Finder"; command center operation and search warrant execution. Drives home the saying, "If you fail to plan...plan to fail." Donated by The Institute for Intergovernmental Research.

**VC 353 UNDERGROUND MARIJUANA GROW**

**1992/IIR/7 min./VHS video cassette**

**Audience: A-LET**

Sergeant Ed May of Portland, Oregon's Regional Organized Crime Narcotics Task Force conducts a walk-through of an underground bunker that was used to grow marijuana. Donated by The Institute for Intergovernmental Research.

**VC 354 REVERSE TRANSACTIONS**

**1992/IIR/52 min./VHS video cassette**

**Audience: A-LET**

Portland, Oregon's Regional Organized Crime Narcotics Task Force plan and execute a reverse transaction—or "Sting"—operation on narcotics traffickers. Donated by The Institute for Intergovernmental Research.

**VC 355 RISK REDUCTION IN UNDERCOVER NARCOTICS OPERATIONS**

**1994/IIR/28 min./VHS video cassette**

**Audience: A-LET**

Follow the Kansas Bureau of Investigation as they simulate a drug deal and the risks involved with narcotics operations. Agents show ways to lessen the risks and to offer safety solutions. Donated by The Institute for Intergovernmental Research.

**VC 356 EVIDENCE OFTEN OVERLOOKED**

**1995/IIR/24 min./VHS video cassette**

**Audience: A-LET**

Some of the mistakes that can occur when searching a building are shown in this video. Techniques for searching a room, closets, hanging articles of clothing; appliances and junk cars are covered. Items contained in an evidence kit are briefly discussed. Donated by The Institute for Intergovernmental Research.

**VC 357 BASICS OF THE BODY WIRE**

**1995/IIR/14 min./VHS video cassette**

**Audience: A-LET**

The correct and incorrect ways to use a body wire transmitter are depicted in this video. Scenarios show some of the problems encountered if improper use of the body wire unit occurs. Donated by The Institute for Intergovernmental Research.

**VC 358 APPLICATIONS OF INFRARED LIGHT IN SURVEILLANCE SITUATIONS:  
INCLUDING SAFETY CONSIDERATIONS**

**1993/IIR/98 min./VHS video cassette**

**Audience: A-LET**

Riley Bell's, Mid-States Organized Crime Information Center, very technical conference presentation on a general overview on infrared lighting and all related applications that impact law enforcement capacity. Donated by The Institute for Intergovernmental Research.

**VC 359 DNA****1994/IIR/13 min./VHS video cassette****Audience: A-LET**

David Coffman's, Florida Department of Law Enforcement Senior Crime Laboratory Analyst, presentation on what Deoxyribonucleic Acid {DNA} is and how it is used in prosecuting and investigating crimes. This is an ever-changing technology. Donated by The Institute for Intergovernmental Research.

**VC 360 DO THE RIGHT THING: IT'S A BIKE THING****1997/Gtr Portland Council of Gov./10:20 min./VHS video cassette****Audience: E-M**

This bicycle safety video stresses the following tips: fitting your bike; safety check; checking the brakes; checking the tires; wearing a helmet and bicycle navigation. Remember...bicyclists should obey the same rules of the road as automobile drivers. Donated by David Willauer, Greater Portland Council of Governments.

**VC 361 SENTENCED TO LIFE: THE TIANA TOZER STORY****[1993]/SBAI/25 min./VHS video cassette****Audience: JH-HS-****A**

Driving under the influence of intoxicants is the leading cause of death in teenagers. After being a victim of a traffic crash caused by an impaired driver, Tiana didn't want to live. During her three months of hospitalization, support from friends made a difference in her survival. She relates her story to assembled young people. The message...if you're drinking, don't drive----it can happen to anyone! Donated by the Waterville Police Department.

**VC 362 LITTLE RED DRIVING HOOD****1995/Circuit Court of Cook County & Illinois D.O.T./23 min./VHS video cassette****Audience: M-JH**

Rap narrative dealing with choices, consequences and personal responsibility. Little Red faces serious legal consequences for drinking and driving with Wolf. Teaches young people not to succumb to peer pressure. Safe choices should be made before being faced with the serious responsibility of driving. Guide available upon request.

**VC 363 AIDS: ON-THE-JOB PROTECTIVE MEASURES****1989/AIMS/15 min./VHS video cassette****Audience: A-CT-****LET**

Protective measures are outlined that every officer can use without losing efficiency. High risk situations are shown along with appropriate precautions.

**VC 364 BURGLARIES IN PROGRESS: AN ANALYSIS OF OFFICERS KILLED****1991/AIMS/15 min./VHS video cassette****Audience: A-LET**

There are many ways to die on a burglary call. Through reenactments of true risks along with statistics of officers killed, this video may make the difference in surviving.

**VC 365 CRIME CHECK: SECURITY PROCEDURES FOR BANK EMPLOYEES**

**1994/AIMS/19 min./VHS video cassette**

**Audience: A**

Bank tellers will learn how to handle check kiting, confidence games played on bank customers, the manager approval scam and more.

**VC 366 DIFFUSING AGGRESSIVE BEHAVIOR**

**1989/AIMS/18 min./VHS video cassette**

**Audience: A-LET**

Scenarios of confrontational situations point out the dangers of dealing with people who are angry or out of control. The strategies shown will lessen the person's desire to attack. Certain behaviors and physical traits are identified that may predict violence.

**VC 367 DOMESTIC VIOLENCE: MORE THAN A PRIVATE AFFAIR**

**1989/AIMS/22 min./VHS video cassette**

**Audience: A-LET**

Officers are asked to analyze their attitudes regarding domestic violence. Vignettes followed by interviews with victims and batterers depict the only recourse is professional intervention.

**VC 368 ELDER AND DEPENDENT ADULT ABUSE**

**1996/AIMS/32 min./VHS video cassette**

**Audience: A-LET**

Law enforcement officers must be able to recognize and report dependent and elder abuse. Indicators of abuse, gathering evidence and officers' responsibilities are covered in this video.

**VC 369 ETHICS IN LAW ENFORCEMENT**

**1989/AIMS/19 min./VHS video cassette**

**Audience: A-LET**

High ethical standards need to be constantly reinforced. Officers discuss how easily careers can be ruined by professional and personal frustrations and attitudes.

**VC 370 HIGH SPEED PURSUITS: CODE THREE OPERATIONS**

**1994/AIMS/19 min./VHS video cassette**

**Audience: A-LET**

Specific policy guidelines enforced by training and regular practice can prepare an officer to pursue or to know when to terminate a pursuit. The situation should be continually assessed and reevaluated to see if a high-speed chase is justified.

**VC 371 INITIAL BURGLARY INVESTIGATION**

**1989/AIMS/22 min./VHS video cassette**

**Audience: A-LET**

Three investigations are shown and attention is focused on the officers' observation, curiosity, judgment and questioning techniques.

**VC 372 LAW ENFORCEMENT AND THE MENTALLY DISORDERED**

**1997/AIMS/16 min./VHS video cassette**

**Audience: A-LET**

The signs and symptoms to look for when assessing a situation involving someone who appears to have a mental disorder are explained. Officers' safety can depend on de-escalating tensions.

**VC 373 PREVENTING POLICE LIABILITY: EMERGENCY VEHICLE OPERATION  
199 /Southeastern Center for Liability Management/ min./VHS video  
cassette Audience: LET**

The key to avoiding liability-causing accidents, while stressing the line officer's point of view is described in this video. The legal impact of driving accidents on both individuals and departments is stressed.

**VC 374 ROBBERY IN PROGRESS: AN ANALYSIS OF OFFICERS KILLED  
1993/AIMS/14 min./VHS video cassette Audience: A-LET**

This video depicts the results of a ten year study on why officers were killed while dealing with robberies in progress. The main dangers facing officers as well as the principles that can save their lives are presented.

**VC 375 SEEING IS BELIEVING  
1993/AIMS/11 min./VHS video cassette Audience: A-LET**

This humorous dramatization of the importance of proper demeanor and appearance when testifying in court is presented. What mannerisms have a negative or positive effect on jurors?

**VC 376 SHOPLIFTING: PREVENTING THE CRIME  
1986/AIMS/23 min./VHS video cassette Audience: A**

Narrated by a professional shoplifter, who explains the reasons people shoplift. Kids under 18 years of age make up one third of all shoplifters. Prevention tips are practical and easy to follow. Entertaining and informative.

**VC 377 SUSPICIOUS PERSON CALLS: AN ANALYSIS OF OFFICERS KILLED  
1992/AIMS/17 min./VHS video cassette Audience: A-LET**

Scenarios of actual events depict how officers are murdered while responding to suspicious person calls. Survival tips include observing from a safe position; confronting individuals from cover; maintaining position of advantage over suspects and wearing a vest.

**VC 378 TELECOMMUNICATION OFFICER TRAINING**

**1996/AIMS/15 min./VHS video cassette**

**Audience: A**

Telecommunication officers will receive helpful training in communication between law enforcement agencies, fire departments, emergency medical services and the public. This video touches upon the resources in the National Crime Information Computer {NCIC}, common radio broadcast errors, ten codes and how to properly answer the phones.

**VC 379 USE OF FORCE: HOW TO WIN**

**199 /Southeastern Center for Liability Management/ min./VHS video cassette**

**Audience: LET**

Randy Means develops three "keys" for rightful use of force with emphasis on officer safety as well as liability reduction.

**VC 380 WORKPLACE VIOLENCE: CUSTOMER SERVICE & FIELD PERSONNEL**

**1994/AIMS/26 min./VHS video cassette**

**Audience: A**

Service oriented organizations' employees will know how to be aware of possible violent confrontations and how to protect themselves. This version includes dealing face-to-face with customers and also field workers.

**VC 381 CORRECTIONAL OFFICER: HANDLING AGGRESSIVE INMATES**

**199 /AIMS/21 min./VHS video cassette**

**Audience: CT**

Dramatizations of actual situations in which officers were injured demonstrate how to handle violent inmates. Strategies are geared to reducing an inmate's desire to attack.

**VC 382 CORRECTIONAL OFFICER: ETHICS AND CONDUCT**

**1987/AIMS/20 min./VHS video cassette**

**Audience: CT**

This video will help officers understand what attitudes are expected of them, both on and off duty.

**VC 383 CORRECTIONAL OFFICER: PRINCIPLES OF SECURITY**

**1993/AIMS/18 min./VHS video cassette**

**Audience: CT**

More than twenty principles of security that all departments in a correctional facility should maintain are outlined in this video. Each employee is responsible for the security of their area so be very familiar with it. It doesn't hurt to think like an inmate in order to avoid escape attempts and discover hidden weapons.

**VC 384 CULTURAL DIVERSITY IN CORRECTIONS**

**1994/ACA/15:55 min./VHS video cassette**

**Audience: CT**

The "melting pot" of America has been replaced by "tossed salad," where different cultures complement each other and retain their distinctive characteristics. Corrections work has changed over the years. Good interpersonal skills are imperative for corrections officers. Cultural sensitivity training is important for the staff to understand their co-workers and also the inmates. Be aware of other cultures and accept and respect their differences.

**VC 385 CRIME CHECK: PERSONAL SECURITY**

**1994/AIMS/17 min./VHS video cassette**

**Audience: HS-A**

Helpful safety precautions that can be applied when dealing with criminals in any situation are dramatized. This video will help the average person in recognizing and avoiding dangerous confrontations.

**VC 386 INTERPERSONAL COMMUNICATIONS****1990/AIMS/25 min./VHS video cassette****Audience: CT**

Set in a custody environment, this video shows how an officer's mannerisms and body language can affect the outcome of a situation. Vignettes between officers and prisoners show how poor communication skills can create problems. Contains language some may find offensive.

**VC 387 EMPLOYEE AWARENESS: SEXUAL HARASSMENT****1992/AIMS/19 min./VHS video cassette/trainer's manual Audience: A**

This program will help employees recognize subtle sexual harassment. They will have a better understanding of why some well-intentioned advances are seen as threatening; how to monitor their behavior so as not to harass co-workers; why no one should endure behavior that makes them uncomfortable; what someone should do if they feel harassed; and why mutual respect among co-workers is so important for an enjoyable and productive workplace.

**VC 388 INTERVIEWING & INTERROGATION: THE REID TECHNIQUE****1991/Law Enforcement Resource Center/4 VHS video cassettes/facilitator guide;70:40 min.****Audience: LET**

**Tape 1:** The Psychology of Interviewing {17:30 min.} Problems an officer or investigator will encounter when trying to gather information are reviewed and proper vs. improper methods of interviewing are outlined. Privacy is stressed and different types of questions are examined.

**Tape 2:** Verbal Behavior Analysis {19:30 min.} A well trained police officer can usually detect when someone is lying by evaluating suspect's verbal responses.

**Tape 3:** Evaluating Nonverbal Behavior during an Interview or an Interrogation {16:10 min.} An in-depth look at nonverbal behavior as it relates to interviewing and interrogation. Such items covered are posture, eye contact, protective gestures, grooming gestures, etc.

**Tape 4:** Nine Steps of Interrogation {17:30 min.} Certain recommended environmental considerations that set the stage for a successful interview or interrogation are reviewed. When and how the Miranda warning must be given to interrogated individuals is covered.

**VC 389 A LINE IN THE SAND: TAKING A STAND AGAINST CRIME...****1995/Educational Systems & Resources/24 min./VHS video cassette****Audience: A**

A "line in the sand" traditionally means losing something or taking a stand. Crime and violence are destroying the American way of life. What can we do to make a difference? This video shows the problem of crime and how it can be reduced through the participation of community members. Law enforcement cannot control crime themselves—they need citizens cooperation. Know what to do, have a plan and act on it.

**VC 390 HOMICIDE INVESTIGATION: PROTECTING, PROCESSING & SEARCHING THE CRIME SCENE**

**1992/LA Educational Media/15 min./VHS video cassette Audience: LET**

This video shows criminal investigators at the actual scene of Jimmy William's homicide on April 19, 1991. Some points stressed for the first officers on the scene at the crime is verification of death, not moving the body; interviewing witnesses and locating, marking and preserving all evidence. The facts are presented and the viewer is given time to solve the crime before the case is unraveled using the clues presented.

**VC 391 BASIC LIFE SUPPORT**

**1993/American Heart Association/76 min./VHS video cassette Audience: A**

This video consists of the following segments: 1} Introduction [13:10 min.]; 2} One Rescuer CPR-Adult [15:28 min.]; 3} FBAO [10:40 min.]; 4} Pediatric CPR & FBAO [20:45 min.]; 5} Special Techniques [6:50 min.]; 6} Safety in CPR [8:30 min.]

**VC 392 LOCKUP USA: FIRE SAFETY IN THE LOCKUP**

**1991/Lockup USA/30:45 min./VHS video cassette Audience: CT**

Fire safety is the responsibility of all corrections officers. This video stresses having a fire preparedness plan; what is an effective response by corrections officers; and the proper use and maintenance of fire fighting equipment found in most correctional facilities.

**VC 393 LOCKUP USA: HIGH-RISK TRANSPORT**

**1991/Lockup USA/31:21 min./VHS video cassette Audience: CT**

This program stresses the extensive precautions necessary to effect the movement of a high-risk inmate outside the secure facility. Some of the things that could go wrong with the transport and how these situations should be handled by officers are discussed.

**VC 394 LOCKUP USA: COPING WITH SPECIAL NEEDS INMATES**

**1991/Lockup USA/35:53 min./VHS video cassette Audience: CT**

Corrections officers are made more aware of types of special needs inmates and how to provide for their individual types of medical or psychological requirements. Correctional facilities that show a "deliberate indifference" to these inmates' needs are likely to encounter liability problems.

**VC 395 LOCKUP USA: CELL SEARCHES**

**1991/Lockup USA/27:33 min./VHS video cassette Audience: CT**

This program shows the corrections officers where inmates can hide contraband and how to conduct a through and systematic search of an inmate's cell.

**VC 396 LOCKUP USA: STAFF/INMATE COMMUNICATIONS**

**1992/Lockup USA/27:40 min./VHS video cassette Audience: CT**

Good communications skills are an important and necessary tool for corrections officers who come into daily contact with a wide variety of inmates. An officer that has good rapport and treats inmates fairly will gain the respect of the inmate population.

**VC 397 LOCKUP USA: BEING AWARE OF THE CON GAME**

**1992/Lockup USA/25:10 min./VHS video cassette**

**Audience: CT**

Inmate con games are a fact-of-life in the corrections profession and officers must learn how to handle themselves so they won't be targeted for a setup by inmates.

**VC 398 LOCKUP USA: INMATE DISCIPLINE**

**1992/Lockup USA/26:10 min./VHS video cassette**

**Audience: CT**

Maintaining discipline among the inmate population is critical to the security and fluid operation of the facility. Fair and consistent discipline puts inmates on notice that the rules and regulations will be enforced equally.

**VC 399 LOCKUP USA: HOSTAGE SURVIVAL**

**1992/Lockup USA/27:55 min./VHS video cassette**

**Audience: CT**

Corrections officers will see how to survive a hostage situation if they should ever be taken captive by inmates. Why inmates take a hostage, what kind of treatment the officer can expect, how the hostage should behave and pointers on mental survival are lessons stressed.

**VC 400 LOCKUP USA: SIGNS OF AN IMPENDING DISTURBANCE**

**1996/Lockup USA/27:55 min./VHS video cassette**

**Audience: CT**

The warning signs of a planned disturbance in a correctional facility are shown in this video. A well-planned inmate disturbance can last for days or even weeks. An observant officer will notice the preparations that take place for a scheduled disturbance.

**VC 401 LOCKUP USA: CONTRABAND CONTROL {Part 1}**

**1992/Lockup USA/31:30 min./VHS video cassette**

**Audience: CT**

This program covers the most common types of contraband and how it's smuggled into and moved around inside a facility. Ways inmates manufacture contraband while inside and the most effective ways of controlling these items are also discussed. A collection of items seized over the years inside the U. S. Penitentiary at Marion, Illinois is presented.

**VC 402 LOCKUP USA: GANGS {PART 2}: BUSINESS ACTIVITIES**

**1996/Lockup USA/28:55 min./VHS video cassette**

**Audience: CT**

Gangs are a major problem for correctional facilities, and members will try to carry on their illegal activities even though they are incarcerated. This program makes staff aware of these activities and to be observant and consistent in enforcing the rules for all inmates.

**VC 403 LOCKUP USA: CONFLICT RESOLUTION**

**1996/Lockup USA/25:05 min./VHS video cassette**

**Audience: CT**

Jails and prisons are not the types of places to let personal problems go unresolved, so they must be dealt with immediately by staff. Conflicts covered include conflicts among the inmate population, between staff and inmates and

among the staff. Filmed at the Cumberland County Correctional Facility in Portland, Maine.

**VC 404 CRIME CHECK: LATCHKEY KIDS**

**1994/AIMS/30 min./VHS video cassette**

**Audience: A**

Some latchkey kids are ready for the responsibility of taking care of themselves in an empty home daily. Others are not ready and face serious risks. Experts discuss how to judge your child's readiness; how to recognize a good day care program; latchkey parent's legal responsibilities; training your child to handle strangers at the door, prank phone calls, fire and weather emergencies and how to keep peace with other siblings.

**VC 405 STAYING HOME ALONE**

**1992/AIMS/15 min./VHS video cassette**

**Audience: E-M**

This program targets children between six and thirteen years of age to make them aware of being "at-risk" from crime, injury and even death due to in-home accidents.

**VC 406 SURVIVING GROUND ASSAULTS**

**1996/Calibre Press, Inc./40 min./VHS video cassette**

**Audience: LET**

This video deals with techniques on escaping when you're on your back, on your face, being choked, falling without injury and more.

**VC 407 MEMPHIS PD: WAR ON THE STREETS**

**1996/Calibre Press, Inc./60 min./VHS video cassette**

**Audience: A-LET**

Faced with violence and death daily, many officers internalize their witnessed inhumanity in order to cope with their lives and jobs. Many are unable to deal with the stress and isolation they feel and are victims of depression, alcohol, violence and even suicide. Yearly in America, more than twice as many police officers commit suicide as are killed in the line of duty.

**VC 408 FREEWAY MADNESS**

**1996/Calibre Press, Inc./45 min./VHS video cassette**

**Audience: LET**

A compilation of actual footage, filmed over the past fifteen years, of truck fires, collapsed bridges, crashes, riots, fires, earthquakes and police pursuits are captured on this video.

**VC 409 DANGEROUS PURSUITS**

**1996/Calibre Press, Inc./60 min./VHS video cassette**

**Audience: LET**

Unedited aerial videos of actual police pursuits from the streets of Los Angeles.

**VC 410 COPS ON THE EDGE**

**1995/Calibre Press, Inc./50 min./VHS video cassette**

**Audience: LET**

This candid documentary, told by police officers, of the graphic reality of life on the streets shows the desperation and pain of the job. Some possible solutions are offered to this national epidemic of officer suicide.

**VC 411 MAKING IT TO THE TOP OF THE LIST**

**1997/Calibre Press,Inc./120 min./VHS video cassettes/2 tapes Audience: LET**

Dr. Tom Mahoney conducts this preparation seminar on law enforcement promotional exams. Topics covered are: oral interviews, assessment centers, group exercises, the visual biography, the in-basket exercise, how to dress to impress and your exam "tool kit."

**VC 412 THE ADDICTED BRAIN**

**1995/Films for the Humanities & Sciences/26 min./VHS video cassette Audience: HS-A**

This video looks at the cutting edge of developments in the biochemistry of addiction & addictive behavior. Topics discussed are joggers' highs, thrill seekers, certain types of obsessive-compulsive behavior and the drive for power and dominance.

**VC 413 CRISIS INTERVENTION**

**1993/Performance Dimensions,Inc./28 min./VHS video cassette Audience: LET**

Conflicts may escalate quickly into a crisis. This video provides officers with numerous methods to diffuse a situation.

**VC 414 CONTACT AND COVER**

**1994/Performance Dimensions,Inc./28 min./VHS video cassette Audience: LET**

Safety and survival are stressed in this two-officer subject control training video. Vignettes depict the contact officer dealing with the subject, while the cover officer provides safety and security to the contact officer.

**VC 415 MANAGEMENT OF AGGRESSIVE BEHAVIOR**

**1994/Performance Dimensions,Inc./20 min./VHS video cassette Audience: LET**

This video shows how to recognize and identify signs of aggressive behavior and how to effectively manage these actions.

**VC 416 INTERPERSONAL COMMUNICATIONS**

**1993/Performance Dimensions,Inc./29 min./VHS video cassette Audience: LET**

Communicating with others involves more than just talking and hearing. Voice inflection, distance, body language and listening skills are assets that make an effective law enforcement officer.

**VC 417 OFFICER SURVIVAL TIPS: ADVICE FROM THE PROS**

**1994/Performance Dimensions,Inc./42 min./VHS video cassette Audience: LET**

All aspects of officer survival are shared by thirty experienced officers—emotional, legal, professional, physical and psychological.

**VC 418 A FAMILY SECRET****1990/MTI/11 min./VHS video cassette****Audience: A-LET**

In the United States, more than a million elderly people suffer from some sort of abuse or neglect. Caring for the elderly is stressful and can strain relations within the caregiver's family. In cases where the family fails to handle the stress, outside support agencies can help the elderly person and their family.

**VC 419 HOMICIDE: FIRST OFFICER ON THE SCENE****1980/MTI/17:45 min./VHS video cassette****Audience: LET**

Following a reenactment of a homicide, the basic skills for conducting a preliminary investigation of a major crime scene are discussed. Points stressed are tactics for approach and entry, officer survival skills, aid to victims, crime scene protection and observance and recording of evidence. Responsibilities of the first officers responding to a homicide call are stressed.

**VC 420 EVOLUTION OF THE INNER COP****1985/MTI/16 min./VHS video cassette****Audience: LET**

The psychological and emotional development of an officer emerging from a rookie to a veteran is reviewed. Describes the close bonding within the ranks and the "separateness" of police life. Ways to reattach to society outside the force are detailed.

**VC 421 SURVIVING OCCUPATIONAL STRESS****1985/MTI/20:16 min./VHS video cassette****Audience: LET**

Job stress and its disastrous effects are examined from the officer's point of view. Healthy alternatives to using drug and alcohol as stress deterrents are discussed.

**VC 422 LAW ENFORCEMENT ETHICS****1992/Performance Dimensions, Inc./28 min./VHS video cassette****Audience: LET**

This video uses a lecture format combined with live footage and interviews to address ethical concerns faced by law enforcement officers throughout their careers.

**VC 423 CHILDBIRTH****1992/MTI/22 min./VHS video cassette****Audience: A-LET**

All major aspects of childbirth in a pre-hospital setting are dealt with in this program. Topics discussed are anatomy, stages of labor, preparing the mother, care of the mother and infant, complications and special considerations for normal and abnormal delivery.

**VC 424 DISPATCHERS: THE VITAL LINK****1995/LERC/69 min./4 VHS video cassettes/pt. 1[24:15]; pt. 2[20:15]; pt. 3[12:50];****pt. 4[12:10]/Instructor's guide and procedure manual Audience: A-LET**

This training program is divided into six modules dealing with situations a dispatcher might encounter. Unit 1 deals with effective techniques for handling calls; sharpening your listening skills; keeping control of the call and basic questions to ask. Unit 2 depicts the dispatcher's role in officer survival. Unit 3 discusses how to handle different types of callers. Unit 4 discusses guidelines for handling burglaries, fires, auto accidents and domestic disturbances. Unit 5 shows mistakes that have been made by dispatchers. Unit 6 points out tips on how to handle the stress of the job.

**VC 425 FIRST RESPONDERS TO SIDS: YOU MAKE A DIFFERENCE**

**1992/Concept Media/38 min./VHS video cassette/3 copies Audience: A-LET**

Sudden Infant Death Syndrome {SIDS} claims the lives of 7,000–10,000 children usually under one year of age each year. Reenactment deals with the death of a child and the grief of the parents. Discusses how to distinguish between SIDS and child abuse. Currently SIDS is considered a diagnosis of exclusion and autopsies are performed to rule out other causes.

**VC 426 MOTOR VEHICLE STOP**

**1992/Maine State Police/5 min./VHS video cassette/6 copies Audience: LET**

Captured in this video is footage of a routine traffic stop in which a motorist becomes irate. Discussion and analysis of this incident are included in the video, *Irate Motorist*, (VC 427) produced by Line of Duty, Inc.

**VC 427 IN THE LINE OF DUTY: IRATE MOTORIST**

**1996/Line of Duty Inc./20 min./VHS video cassette Audience: LET**

A traffic stop in Maine enrages a motorist to the point where extraordinary restraint must be used by the officer involved. Although some of this footage was widely disseminated through the media, we interview Maine State Police to learn how a potentially dangerous situation was effectively quelled.

**VC 428 IT NEVER WENT AWAY: VOICES OF HEROIN IN THE 90'S**

**[1997]/DEA/11:56 min./VHS videocassette Audience: HS-A**

Testimonials from heroin addicts tell us the worst nightmare is being hooked on heroin. Heroin never went away and is more potent today than the drug of the 50s. There are no guidelines to establish the typical heroin user. Users rationalize that if they don't use a needle, they're not an addict.

**VC 429 POLICE AND PEOPLE WITH DISABILITIES**

**1996/LERC/45 min./2 VHS video cassettes/facilitator's guide Audience: A-LET**

In the United States, there are approximately forty-three million people with some type of disability, and that number is expected to grow in the next few decades. The chances of contacting a disabled person while on a call are better than one in ten. How does an officer arrest someone in a wheelchair? How should an officer interview a deaf person? Can someone who is mentally retarded be a credible witness? Deals with many issues that have been impacted by the Americans with Disabilities Act. Topics covered are mobility impairment; mental illness; mental retardation; speech impairment; epilepsy; deafness and blindness.

**VC 430 FIRST RESPONDER: YOUR FIRST RESPONSE IN EMERGENCY CARE**

**1998/Jones & Bartlett Pub./2 VHS video cassettes/instructor's resource manual/instructor's**

**slide set/instructor's test bank Audience: A-CT-LET**

This multi-faceted training package will supply the skills, knowledge and confidence to care for victims of sudden illness and accidents. The resource manual contains lesson plans, proficiency tests and teaching strategies. The two videos, *First Responder Skills* and *CPR for the Professional*, supplement the text material. The instructor's slide set highlights the most important text information while the trauma slides prepare for real-life emergencies. The instructor's test bank includes 1,000 test questions and corresponds to the text chapters.

**VC 431 IN CONTROL: AMERICA'S DRIVING REFERENCE**

**1995/J.B. Heimann Prod./31 min./VHS video cassette**

**Audience: HS-A-**

**LET**

This video stresses the limits of your car and some simple, but effective safe driving techniques that could save your life. There is a section of anti-lock brakes, secret on steering, braking and overall handling as well as avoiding a variety of everyday driving hazards.

**VC 432 CHEMICAL TIME BOMBS: HAZARDS OF CLANDESTINE DRUG LABS**

**1998/DEA/25 min./VHS video cassette**

**Audience: LET**

Raiding clandestine drug labs, which are really miniature chemical factories, is a dangerous operation. Some of the things to be concerned about are the risk of violence; identification and proper handling of chemicals; pre-raid briefings; training in specialized equipment and disposal of hazardous materials.

**VC 433 DOMESTIC VIOLENCE UPDATE: A TELECOURSE FOR LAW ENFORCEMENT**

**1996/POST/120 min./VHS video cassette**

**Audience: A-LET**

There are three million domestic violence incidents in this country each year. Topics covered in this informative telecourse are power and control; officer danger; first response; understanding state laws; on-scene contacts; children and other victims; preliminary investigation; restraining orders and follow-up investigations. A panel discussion with phone in audience questions follows the scenarios.

**VC 434 IT AIN'T LOVE**

**1998/Olmost Prod.,Inc./60 min./VHS video cassette**

**Audience: HS**

This graphic documentary looks at the problems of control and violence in teen dating relationships. The Brooklyn-based group of young people battle for control, to improve their self image and their attitudes toward the opposite sex in these improvisation-based scenarios. This video uses strong language and frank discussions of sex.

**VC 435 ONE FOR OVER THE LINE**

**1998/WABI-TV/15 min./VHS video cassette/6 copies**

**Audience: JH-HS**

A realistic reenactment of an alcohol-related multiple-injury motor vehicle accident, which occurred on Lakeview Road in Glenburn, Maine. The point of view of the camera cuts from the hospital and the families of the victims to the young person arrested for driving under the influence. The judge sentences Leo Trask to twelve years behind bars for killing two and severely injuring two others. Donated by Chief Deputy Glenn Ross, Penobscot County Sheriff's Department.

**VC 437 DETECTING IMPAIRED MOTORCYCLISTS**

**2000/NHTSA/8 min./VHS video cassette**

**Audience: LET**

This short video, developed with results from a study of law enforcement focus groups conducted by NHTSA, provides cues for detecting impaired motorcyclists. A brochure and pocket detection guide is also available.

**VC 438 IMPAIRED DRIVERS: YOU DRINK & DRIVE, YOU LOSE**

**2000/NHTSA/12 min./VHS video cassette/2 titles on 1 video**

**Audience:**

**LET**

The You Drink & Drive, You Lose campaign was developed in 1995 by NHTSA and other traffic safety organizations in order to reduce the number of injuries and fatalities due to alcohol-related traffic accidents. This video encourages law enforcement officials to get involved by raising public awareness, building community support and by enforcing existing laws.

**VC 438 DETECTING IMPAIRED MOTORCYCLISTS****2000/NHTSA/8 min./VHS video cassette/2 titles on 1 video****Audience:****LET**

This short video, developed with results from a study of law enforcement focus groups conducted by NHTSA, provides cues for detecting impaired motorcyclists. A brochure and pocket detection guide is also available. (Same as VC 437)

**VC 440 GANGS, COMMUNITY & CORRECTIONS****1998/NIC/120 min./VHS video cassette****Audience: A-CT-****LET**

The first hour of this National Institute of Corrections teleconference covers gangs in the community. Gangs are described as “three or more individuals with common attributes involved in criminal behavior” and the 14 to 24 year olds are the most criminally active. Gang types and development of a gang intervention strategy are discussed. The second hour deals with early identification, creating gang member validation criteria and gang deprogramming efforts. One panel member stated they treated gang involvement as an addiction.

**VC 441 RESPONDING TO ALIEN CRIMES****1998/Immigration & Naturalization Service/25 min./VHS video cassette****Audience: LET**

Aliens are often involved with illicit drugs and serious crime. One out of four inmates are foreign-born. Many are in the United States illegally. Criminal aliens are in the rural areas as well as the more populated areas. Local law enforcement agencies should contact the Immigration & Naturalization Service to see if the aliens arrested have the proper paperwork. The deportation process is outlined. It must be stressed that we will not tolerate those who disregard our laws.

**VC 442 IN THE LINE OF DUTY: DOMESTIC VIOLENCE****1998/Line of Duty Inc./58 min./VHS video cassette/2 copies****Audience:****LET**

Retired Detective Sergeant Anne O'Dell states that everyone has the right to be protected from assault. The victim is held silent by fear. Fifty percent of all homicides in this county are related to domestic violence. Victims cannot stop domestic violence, just hope the batterer will change. Seventy-five percent of homicides occur after the victim leaves the batterer. Look for older injuries to include in your report and return 36 to 48 hours later to take additional photographs of the injuries. Apply single standard regardless of who the batterer is. Police have tremendous power with the victim. Understand them and do a complete investigation. Let the victim vent and interview children away from the parents. Explain the violence is not their fault and what the batterer did was wrong and they will be getting them the help they need. Each department must have a written policy; more understanding of the victim; injury training and cooperation with the courts.

**VC 443 WASHINGTON STATE Y2K CONFERENCE**

**1999/Federal L.E. Training Ctr/60 min./VHS video cassette      Audience: LET**

Filmed at a day-long conference in Seattle Washington in 1998, the video contains information to alert and orient the law enforcement community to the potential impacts of the year 2000 (Y2K) computer bug.

**VC 444 CHICAGO-BASED GANGS IN CORRECTIONAL FACILITIES**

**1996/AIMS/27 min./VHS video cassette      Audience: CT**

This program takes a look at the history of the Chicago-based gangs, lists the names of their offshoots, discusses the tattoos, handsigns and symbols that are used as identifiers and for communication, and explores the mentality and philosophy of leaders and members.

**VC 445 THROUGH THE EYES OF A CHILD: REDUCING THE TRAUMA OF CHILD REMOVAL**

**1998/AIMS/22 min./VHS video cassette**

**Audience: A-LET**

Removing a child from their parents and home is very serious and causes extreme trauma. This video discusses the many factors to be considered by social workers and police officers involved in child removal situations.

**VC 446 LOCKUP USA: SEXUAL MISCONDUCT AWARENESS**

**1998/Lockup USA/25:30 min./VHS video cassette**

**Audience: CT**

Filmed at Cumberland County [ME] Jail, this video explores staff and inmates getting into relationships leading to sexual misconduct. Everyone is susceptible to manipulation by an inmate. Why do staff members become involved with inmates? Reasons include feelings of low self esteem, the excitement offered and they never think they will be caught. The trouble starts when that first step is taken. It will impact other staff and family members as well as the security of the facility. Officer awareness, more training and mentor counseling can help prevent these destructive relationships. Donated by Chris Muse, Cumberland County Sheriff's Department.

**VC 447 SURVIVING THE SECONDARY DEVICE: THE RULES HAVE CHANGED**

**1997/BJA/10 min./VHS video cassette**

**Audience: LET**

A secondary device explodes and there are two categories of intended victims...the survivors of the blast and the first responders called to assist them. This video provides suggestions for responding to and managing a bomb incident as well as protecting the public and saving the lives of the first responders. The five steps are simplified as follows: anticipate the secondary device, search for a secondary device, manage the scene effectively, rapid evacuation and evidence recovery. Donated by Sherman LaHaie, Deputy Administrator, Maine Fire Training & Education in conjunction with the Self-Study Program entitled Emergency Response to Terrorism.

**VC 448 PROBABLE CAUSE: SEARCH AND SEIZURE**

**1975/MTI/25 min./VHS video cassette**

**Audience: LET**

How does an officer determine probable cause to arrive at the decision that sufficient facts exist to search/seize/arrest with or without a warrant? Scenarios illustrate how to obtain eyewitness information, use an informant and obtain a warrant.

**VC 449 MAINE STATE POLICE: A NEW CENTURY**

**1998/Camp Keyes Visual Information Center/20 min./VHS video cassette/2 copies**

**Audience: M-JH-HS-**

**A-LET**

This locally produced video depicts the historical highlights and looks at the duties and responsibilities of today's Maine State Police. Donated by Lt. Randall Nichols, Maine State Police.

**VC 450 UNDERSTANDING MUTUAL FUNDS****1998/Investment Company Institute/16 min./VHS video cassette****Audience: A**

This video, introduced by SEC Chairman Arthur Levitt, Jr., covers 9 key items investors should consider, including: the fund's goal, most significant risks, fees and expenses and the manager.

**VC 451 WHY CAN'T WE TALK?: WHEN LIVES ARE AT STAKE****1998/NIJ/13 min./VHS video cassette****Audience: A-LET**

Effective radio communications systems to protect the residents of the United States are essential. Too often, radios used by one department are incompatible with another agency's equipment. Testimonials from emergency services personnel, police officials, firefighters and policy makers who have encountered interoperability-related problems and proposed solutions are included in this video. As one person said, "Time is life."

**VC 452 DRINKING & DRIVING: WE HAVE TO MAKE IT STOP!!: CARL & CARLIE'S STORY****1998/Wyoming D.O.T./20:30 min./VHS video cassette****Audience: HS-A-****LET**

This moving documentary details the death of five year old Carlie, daughter of Sgt. Carl McDonald with the Wyoming Highway Patrol. Carlie was in the passenger seat of a car driven by her intoxicated mother when it ran into the back of a flatbed trailer.

**VC 453 ROHYPNOL & OTHER DRUGS USED TO COMMIT RAPE****1998/U.S. Attorney's Office/180 min./2 VHS video cassette/2 copies****Audience: LET**

This training video is an edited version of the jointly sponsored conference at the University of Maine in Orono. It deals with identifying, investigating and prosecuting cases where drugs are used in sexual violence. Designed to be used for in-service training for law enforcement, medical and emergency first responders, rape crisis and victim advocates.

**VC 455 COPING WITH VIOLENCE IN NON-VIOLENT WAYS: AVOIDING GANG-ORIENTED RELATIONSHIPS****1997/D.A.R.E. America/8 min./VHS video cassette/[Lesson 7]****Audience:****M-JH**

Teens discuss video clips of abusive relationships, handling a peer who is armed with a deadly weapon and staying away from dangerous areas.

**VC 456 D.A.R.E. TO KNOW****1997/D.A.R.E. America/9:02 min./VHS video cassette/[Lesson 2]****Audience: M-JH**

This animated quiz game challenges teens to lessons learned about nicotine, marijuana and alcohol by watching participants at a party and attending a concert.

**VC 457 HOME EMERGENCIES****1997/Safety Tech/80 min./VHS video cassette****Audience: A**

This informative video deals with the basics of the following home emergencies: water and electrical emergencies; odor investigations; security concerns; medical emergencies and the prevention, early detection and flight or fight decisions of a house fire.

**VC 458 SAFE BABYSITTING****1997/Safety Tech/53 min./VHS video cassette****Audience: JH-HS-****A**

A good guide for both parents and babysitters on selecting a sitter; knowing the house; coming prepared; identifying emergencies and security concerns and learning basic first aid. Question and answer session with real-life group of teenage babysitters stress the seriousness as well as the rewards that come with the job.

**VC 459 MAKING YOUR HOME SAFE FOR CHILDREN****1997/Safety Tech/62 min./VHS video cassette****Audience: A**

How safe is your child in your own home? Never underestimate what a child can do. This video explains the products available to safeguard your child from potentially harmful household items.

**VC 460 FIRE SMART...THE ULTIMATE LESSON****1998/Safety Tech/53 min./VHS video cassette****Audience: A**

What can a fire do to your home, possessions and your family? This tape depicts the speed with which a fire can overtake a home, and the wake of devastation it leaves behind. Information is provided on the following: ways a fire can begin; the three components of a fire; contributors to a fire and plans for escape routes. Interviews with a physician who specializes in treating burn survivors and the family of a severely burned child are used as a summary.

**VC 461 EVERYBODY COUNTS: PROJECT OUTREACH****1992/NIMCO, Inc./27 min./VHS video cassette****Audience: HS-A-****LET**

Encourages parents, teachers, churches, and law officials to become involved with drug education/intervention programs. No one organization can combat the war against drugs, but through unification it can be done. Offers hope for those taking drugs.

**VC 462 THE TROUBLE WITH TOBACCO****1996/United Learning, Inc./10:30 min./VHS video cassette****Audience:****M-JH**

Why young people view smoking as appealing is explained in this video. Shows what smoking is all about. Hazardous chemicals found in toilet bowl cleaners and car batteries are found in cigarette smoke. The major diseases caused by tobacco use are discussed. Teacher's Guide available upon request.

**VC 463 SMOKING: EVERYTHING YOU & YOUR FAMILY NEED TO KNOW**

**1988/Home Box Office, Inc./30 min./VHS video cassette Audience: HS-A**

Narrated by former Surgeon General, Dr. C. Everett Koop, this program depicts the actual health risks of smoking. The destructive nature of smoking is compared to heroin, crack, cocaine, alcohol, car accidents and AIDS. Study guide available upon request.

**VC 464 DIRTY BUSINESS**

**1988/Varied Directions, International/23 min./VHS video cassette**

**Audience: JH-HS-**

**A**

Cigarette manufacturers spend \$2.5 million on advertising to replace the 1.6 million customers who quit smoking and the 365,000 who die of the effects of smoking every year. Instructor's guide available upon request.

**VC 465 LIVING WITH HEALTH: TOBACCO**

**1993/RMI Media Prod., Inc./30 min./VHS video cassette Audience: HS-A**

In 1613 the tobacco industry was born. This video explains the effects of substances in tobacco on the body and the health risks posed to smokers and non-smokers. Discusses the psychological part of stopping the smoking habit and various smoking cessation programs. Includes interviews with smokers who are trying to quit the smoking habit.

**VC 466 BILAL'S DREAM**

**1990/Durrin Prod., Inc./12:13 min./VHS video cassette Audience: E-M**

This video, created and performed by young people, combines rap, music and scenarios. Features "The Boys" and presents a strong anti-smoking message. Discussion guide available upon request.

**VC 467 DON'T THROW DIRT ON MY SHIELD: ETHICS IN LAW ENFORCEMENT**

**1985/Charles S. MacCrone Prod./27 min./VHS video cassette Audience: LET**

This program depicts the visibility, examination and reinforcement of ethics at all levels of rank. As the presenter in the orientation says, "Extraordinary authority requires extraordinary accountability." Six scenarios portray taking gratuities; petty stealing; dishonesty; discourteous conduct and questionable judgments.

**VC 468 AMERICA BRAKES FOR SAFETY**

**1998/ABS Education Alliance/7 min./VHS video cassette/lesson plan/5 transparencies/2 MAC version diskettes Audience: JH-HS**

This tape demonstrates the proper use of anti-lock braking systems (ABS). Stresses a firm foot on the brake, that pulsations and mechanical noise are normal and to steer away from hazards. Remember...brake and steer! **Donated by Sergeant Jim Hodges, Bangor Police Department.**

**VC 469 DOMESTIC ABUSE: RED ALERT**

**1999/Southern Kennebec Domestic Abuse Council/29:30 min./VHS video cassette**

**Audience: HS-A**

Narrated by Governor Angus King and First Lady Mary Herman, this Maine produced video depicts what constitutes domestic violence. Covers the power and control cycle, the effects of abuse, drawing the line between abuse and excusable behavior, why victims stay and why abusers abuse and intervention and prevention. Abuse in our communities is unacceptable. People need to be safe in their homes.

**VC 470 PEDESTRIAN SAFETY TOOLKIT**

**1999/NHTSA/VHS video cassette/CD-Rom/User Manual/Resource Catalog/Sample Materials**

**Audience: A**

States and communities can use these resource materials to achieve their pedestrian safety goals and programs. This kit contains a video compilation of pedestrian safety videos; an interactive CD-Rom of pedestrian resources; a user manual that explains how to build effective pedestrian safety programs; a resource manual and sample materials.

**VC 471 WINDOWS 95: INTRODUCTION**

**1995/ViaGrafix /75 min./VHS video cassette/learning disk**

**Audience: HS-A**

"Learning Windows 95, Introduction" will teach you the following topics: desktop, using the mouse, and explaining the features of a window; instruction on menus, folders, files, scroll bars, and changing views; multi-tasking; using the explorer; creating, saving, moving, renaming, deleting, and coping files and folders; installing a printer; formatting floppy disks; and using the recycle bin.

**VC 472 WINDOWS 95: ADVANCED**

**1995/ViaGrafix /60 min./VHS video cassette/learning disk**

**Audience: HS-A**

"Learning Windows 95, Advanced" will teach you the following topics: renaming a shortcut; customizing desktop wallpaper; floating toolbars, alettes; installing Microsoft Fax and Exchange; installing a modem; sending, receiving, viewing a fax; deleting mail; explanation of WordPad, Clipboard Viewer, and the Phone Dialer.

**VC 473 WINDOWS 95: NETWORKING**

**1995/ViaGrafix /60 min./VHS video cassette/learning disk**

**Audience: HS-A**

"Learning Windows 95, Networking" will teach you the following topics: discussing networks; explaining NICs; how the hardware works together; network protocol; using plug and play; peer-to-peer, client/server and direct cable networking; sharing resources and examining user profiles.

**VC 474 WINDOWS 95: INTERNET**

**1995/ViaGrafix /60 min./VHS video cassette/learning disk**

**Audience: HS-A**

"Learning Windows 95, Internet" will teach you the following topics: discussing the Internet and its features; connecting to the Internet; aspects of e-mail and

attachments, electronic mailing lists and newsgroups; defining and using File Transfer Protocol [FTP]; defining and using a gopher and using Telnet.

**VC 475 WINDOWS 95: SECRETS/TIMESAVERS**

**1995/ViaGrafix /60 min./VHS video cassette/learning disk Audience: HS-A**

“Learning Windows 95, Secrets & Timesavers” will teach you the following topics: using the right mouse button; shortcut menus; creating folders and shortcuts in folders; the Taskbar pop-up menu and resizing the Taskbar; discussing the Explorer; quick copying and viewing a file; explanation of Windows 95 Briefcase.

**VC 476 BEGINNING MICROSOFT POWERPOINT 97**

**1999/Learnkey, Inc. /100 min./VHS video cassette Audience: HS-A**

“Beginning Microsoft PowerPoint 97” will teach you the following topics: creating presentations; choosing a design; creating bullet lists; building graphs; editing and formatting graphs; printing; getting the most out of Outline view; using slide sorter view and presenting slide shows.

**VC 477 INTERMEDIATE MICROSOFT POWERPOINT 97**

**1999/Learnkey, Inc. /105 min./VHS video cassette Audience: HS-A**

“Intermediate Microsoft PowerPoint 97” will teach you the following topics: creating tables; adding lines, arrows and shapes; inserting clipart and other graphic files; making global changes to a presentation; adding transition effects to slide shows; creating builds for bullet slides; producing speaker notes and printing handouts.

**VC 478 ADVANCED MICROSOFT POWERPOINT 97**

**1999/Learnkey, Inc. /90 min./VHS video cassette Audience: HS-A**

“Advanced Microsoft PowerPoint 97” will teach you the following topics: advanced transitions; multi-media effects; web publishing and strategies.

**VC 479 BEGINNING MICROSOFT WORD 97**

**1999/Learnkey, Inc. /110 min./VHS video cassette Audience: HS-A**

“Beginning Microsoft Word 97” will teach you the following topics: basic text handling; getting help; file management; navigation; installation; viewing a document; document formatting; error correction and printing.

**VC 480 INTERMEDIATE MICROSOFT WORD 97**

**1998/Learnkey, Inc. /120 min./VHS video cassette Audience: HS-A**

“Intermediate Microsoft Word 97” will teach you the following topics: drawing a table; converting text to table; doing mathematical formulas in tables; using styles; creating new styles, templates and forms; using mail merge, mailing labels and headers and footers.

**VC 481 ADVANCED MICROSOFT WORD 97**

**1998/Learnkey, Inc. /83 min./VHS video cassette Audience: HS-A**

“Advanced Microsoft Word 97” will teach you the following topics: outlining; customizing the toolbar; creating new menus; search and replace techniques;

macros; putting graphics in a document; text wrapping; importing a photo and kerning and tracking.

**VC 482 BEGINNING MICROSOFT ACCESS 97**

**1998/Learnkey, Inc. /90 min./VHS video cassette**

**Audience: HS-A**

“Beginning Microsoft Access 97” will teach you the following topics: using access; creating a database; creating forms, queries, a report and Access and the World Wide Web.

**VC 483 INTERMEDIATE MICROSOFT ACCESS 97**

**1999/Learnkey, Inc. /110 min./VHS video cassette**

**Audience: HS-A**

“Intermediate Microsoft Access 97” will teach you the following topics: adding tables; modifying tables and table properties; complex forms and subforms; date search and filters; building complex queries; modifying reports; special reports and printing Access data.

**VC 484 ADVANCED MICROSOFT ACCESS 97**

**1998/Learnkey, Inc. /120 min./VHS video cassette**

**Audience: HS-A**

“Advanced Microsoft Access 97” will teach you the following topics: action queries and query expressions; HTML and hyperlinks; Access and other applications; customizing Access and macros.

**VC 485 BEGINNING MICROSOFT EXCEL 97**

**1999/Learnkey, Inc. /115 min./VHS video cassette**

**Audience: HS-A**

“Beginning Microsoft Excel 97” will teach you the following topics: using a spreadsheet; getting help; worksheet and workbook navigation; managing workbooks; formatting values and ranges; making calculations; validating worksheets; printing and charting.

**VC 486 INTERMEDIATE MICROSOFT EXCEL 97**

**1998/Learnkey, Inc. /120 min./VHS video cassette**

**Audience: HS-A**

“Intermediate Microsoft Excel 97” will teach you the following topics: getting efficient; controlling the worksheet appearance; working with formulas; creating practical formulas; making formulas readable; creating sample data; looking up values; making decisions and working with lists and dates.

**VC 487 ADVANCED MICROSOFT EXCEL 97**

**1998/Learnkey, Inc. /115 min./VHS video cassette**

**Audience: HS-A**

“Advanced Microsoft Excel 97” will teach you the following topics: making sophisticated charts; making rules; linking beyond the worksheet; sharing workbooks; creating pivot tables; accessing external databases; creating jumps; integrating with the Internet; using active x controls and creating macros.

**VC 488 BEGINNING MICROSOFT OUTLOOK 97**

**1999/Learnkey, Inc. /110 min./VHS video cassette**

**Audience: HS-A**

“Beginning Microsoft Outlook 97” will teach you the following topics: work in an integrated environment; find and view information easily; get organized anywhere; access and manage information; IntelliSense features; auto preview, date, name check and create; drag and drop between modules; AutoName, AutoAddress, and AutoJournal; communicate and share information; full MAPI client; Message Flag, Message Recall and Message Book.

**VC 489 LEARNING WINDOWS 98: INTRODUCTION**

**1998/ViaGrafix /110 min./VHS video cassette/learning disk/2 copies**

**Audience: HS-A**

“Learning Windows 98, Introduction” will teach you the following topics: desktop, using the mouse, and explaining the features of a window; instruction on menus, folders, files, scroll bars, and changing views; multi-tasking; using the explorer; creating, saving, moving, renaming, deleting, and coping files and folders; installing a printer; formatting floppy disks; and using the recycle bin.

**VC 490 LEARNING WINDOWS 98: ADVANCED**

**1998/ViaGrafix /70 min./VHS video cassette/learning disk/2 copies**

**Audience: HS-A**

“Learning Windows 98, Advanced” will teach you the following topics: renaming a shortcut; customizing desktop; installing new hardware; adding and removing programs; discussing system maintenance; accessibility tools; multiple video cards and multiple monitors.

**VC 491 LEARNING WINDOWS 98: INTERNET****1998/ViaGrafix /60 min./VHS video cassette/learning disk Audience: HS-A**

“Learning Windows 98, Internet” will teach you the following topics: learning about the Internet Explorer and the channel bar; setting a web page as a desktop; using hyperlinks; discussing a search engine; listing Internet security concerns; using FrontPad to create a web page and discussing the Web Publishing wizard.

**VC 492 LEARNING WINDOWS 98: NETWORKING****1998/ViaGrafix /50 min./VHS video cassette/learning disk Audience: HS-A**

“Learning Windows 98, Networking” will teach you the following topics: learn key networking terms; discuss the 3 standard network topologies; learning about network protocols; Windows 98 built-in network support; network options in control panel; setting up and assigning passwords for shared access to resources.

**VC 493 LEARNING WINDOWS 98: SECRETS/TIMESAVERS****1998/ViaGrafix /60 min./VHS video cassette/learning disk Audience: HS-A**

“Learning Windows 98, Secrets/timesavers” will teach you the following topics: Windows 98 desktop; using shortcut keystrokes; minimizing open windows/using toolbars; viewing hard drive properties; customizing, swapping mouse buttons and adding trails; playing sounds/audio clips and adding them to documents and adjusting multimedia settings.

**VC 494 LEARNING ACCESS 2000: INTRODUCTION****2000/ViaGrafix /80 min./VHS video cassette/learning disk Audience: HS-A**

“Learning Access 2000, Introduction” will teach you the following topics: introducing databases and determining table structure; creating a database; entering and finding records; discussing and filtering data; using controls and inserting graphics.

**VC 495 LEARNING ACCESS 2000: INTERMEDIATE****2000/ViaGrafix /90 min./VHS video cassette/learning disk Audience: HS-A**

“Learning Access 2000, Intermediate” will teach you the following topics: examining table relationships; setting cascade options; creating and modifying fields; optimizing data usage; displaying records; applying calculated controls; creating and modifying queries and exploring query types.

**VC 496 LEARNING ACCESS 2000: ADVANCED****2000/ViaGrafix /90 min./VHS video cassette/learning disk Audience: HS-A**

“Learning Access 2000, Advanced” will teach you the following topics: creating a new report and producing reports from queries; grouping records; inserting a graphic and chart; creating a switchboard and hyperlinks; encrypting and decrypting a database; using the Macro Builder and running a macro.

**VC 497 LEARNING ACCESS 2000: VISUAL BASIC VOLUME 1****2000/ViaGrafix /90 min./VHS video cassette/learning disk Audience: HS-A**

“Learning Access 2000, Visual Basic Volume 1” will teach you the following topics: creating new modules to store functions and sub procedures; manipulating the Access Interface and enhancing the functionality of the standard Access forms.

**VC 498 LEARNING ACCESS 2000: VISUAL BASIC VOLUME 2**

**2000/ViaGrafix /90 min./VHS video cassette/learning disk Audience: HS-A**

“Learning Access 2000, Visual Basic Volume 2” will teach you the following topics: using Access’ properties and methods to change its appearance and functions; using the open record set to retrieve entire tables or individual records and adding security features.

**VC 499 EXCEL 2000: INTRODUCTION**

**2000/ViaGrafix /110 min./VHS video cassette/learning disk Audience: HS-A**

“Learning Excel 2000, Introduction” will teach you the following topics: exploring the Excel workspace; entering texts and numbers; modifying the size of columns and rows and using AutoFit; editing and merging cells; entering formulas in a cell; using AutoSum; setting page margins/centering and headers/footers.

**VC 500 EXCEL 2000: INTERMEDIATE**

**2000/ViaGrafix /110 min./VHS video cassette/learning disk Audience: HS-A**

“Learning Excel 2000, Intermediate” will teach you the following topics: changing zoom settings; splitting a worksheet; freezing and hiding/unhiding columns and rows; utilizing the office clipboard; preparing and revising formulas; applying borders/shading and autoformats; creating templates; customizing an invoice and applying date formats.

**VC 501 EXCEL 2000: ADVANCED**

**2000/ViaGrafix /90 min./VHS video cassette/learning disk Audience: HS-A**

“Learning Excel 2000, Advanced” will teach you the following topics: getting started in Excel; discussing grouping; outlining and previewing a worksheet; opening multiple workbooks; using data forms; applying data filters; exporting to other applications; importing from Text files and a table from an HTML file.

**VC 502 EXCEL 2000: FORMULAS & FUNCTIONS**

**2000/ViaGrafix /80 min./VHS video cassette/learning disk Audience: HS-A**

“Learning Excel 2000, Formulas & Functions” will teach you the following topics: calculating data using a variety of formulas and functions ranging from basic formulas to financial, logical and statistical functions; using auditing tools to track down formula errors and working with data validation.

**VC 503 LEARNING EXCEL 2000: MACROS & CHARTS**

**2000/ViaGrafix /110 min./VHS video cassette/learning disk Audience: HS-A**

“Learning Excel 2000, Macros & Charts” will teach you the following topics: creating macros; using the Visual Basic toolbar; assigning macros to images; creating command buttons and assigning macros to command buttons.

**VC 504 LEARNING OUTLOOK 2000: SCHEDULING**

**2000/ViaGrafix /80 min./VHS video cassette/learning disk Audience: HS-A**

“Learning Excel 2000, Advanced” will teach you the following topics: keeping records of your contacts; creating new tasks and folders; filtering; sorting new information; assigning tasks and requesting meetings with others.

**VC 505 LEARNING POWERPOINT 2000: INTRODUCTION**

**2000/ViaGrafix /90 min./VHS video cassette/learning disk Audience: HS-A**

“Learning PowerPoint 2000, Introduction” will teach you the following topics: using a template; editing slides; inserting headers and footers; using the AutoContent wizard; inserting ClipArt; inserting charts and editing datasheets; setting up a slide show; adding speaker notes; customizing handouts and printing notes/handouts.

**VC 506 LEARNING POWERPOINT 2000: ADVANCED**

**2000/ViaGrafix /80 min./VHS video cassette/learning disk Audience: HS-A**

“Learning PowerPoint 2000, Advanced” will teach you the following topics: inserting/formatting a Word table; importing text; creating and modifying tables; adding/formatting bullets; copying slides and altering slide layout; setting tabs; rotating/filling/aligning/distributing and drawing objects; customizing ClipArt; adding video clips; applying animation effects; creating an Agenda Slide and placing text inside shapes.

**VC 507 LEARNING POWERPOINT 2000: PRESENTATIONS**

**2000/ViaGrafix /70 min./VHS video cassette/learning disk Audience: HS-A**

“Learning PowerPoint 2000, Presentations” will teach you the following topics: using and customizing a template; creating watermarks; adding animated GIF graphics; inserting hyperlinks; formatting and publishing web presentations; sending presentations by e-mail; using NetMeeting; subscribing to/broadcasting a presentation; formatting output; exporting to 35mm slides; using Pack and Go; saving slides as graphics and exporting an outline to Word.

**VC 508 USING POWERPOINT 2000: EFFECTIVE PRESENTATIONS**

**2000/ViaGrafix /90 min./VHS video cassette/learning disk Audience: HS-A**

“Using PowerPoint 2000, Effective Presentations” will teach you the following topics: developing and perfecting your own personal style; selecting equipment that is necessary to have and also choosing what other whiz-bang presentation equipment that is currently available and using sounds, pictures and visual effects.

**VC 509 LEARNING WORD 2000: INTRODUCTION**

**2000/ViaGrafix /90 min./VHS video cassette/learning disk Audience: HS-A**

“Learning Word 2000, Introduction” will teach you the following topics: creating documents; formatting documents; proofing documents; printing documents and saving documents.

**VC 510 LEARNING WORD 2000: INTERMEDIATE**

**2000/ViaGrafix /90 min./VHS video cassette/learning disk Audience: HS-A**

“Learning Word 2000, Intermediate” will teach you the following topics: creating and modifying headers, footers, tables, lines, objects and 3D shapes and performing a mail merge from start to finish.

**VC 511 LEARNING WORD 2000: ADVANCED**

**2000/ViaGrafix /90 min./VHS video cassette/learning disk Audience: HS-A**

“Learning Word 2000, Advanced” will teach you the following topics: creating master documents, hyperlinks and watermarks; creating tables of contents, footnotes, bookmarks and cross-references; embedding Excel worksheets and creating document versions as well as forms and macros.

**VC 512 USING MS OFFICE 2000: INTEGRATION**

**2000/ViaGrafix /90 min./VHS video cassette/learning disk Audience: HS-A**

"Using MS Office 2000, Integration" will teach you the following topics: embedding and linking an Excel spreadsheet; dragging and dropping from Word to Access; exporting from Access to Excel; creating hyperlinks and creating a Publisher newsletter.

**VC 513 CHILD FIRESETTING & JUVENILE ARSON: A CALL FOR COMMUNITY ACTION**

**1999/FEMA/10 min./VHS video cassette Audience: A-LET**

More than \$2 billion yearly in property loss is due to arson. Juveniles under the age of 18 set 700 arson fires daily in this country. Child firesetting and juvenile arson are becoming national epidemics. What the community can do to educate juveniles in fire safety and coping with their feelings are explored.

**VC 514 CHILD FIRESETTING & JUVENILE ARSON: INTERVIEWING KIDS AT RISK**

**1999/FEMA/8 min./VHS video cassette Audience: A-LET**

What motivates juveniles to set fires? This video discusses getting started with an interview and the available options following the interview.

**VC 515 RESPONDING TO HATE CRIMES: A ROLL CALL TRAINING VIDEO FOR POLICE OFFICERS**

**2000/Bureau of Justice Assistance/20 min./VHS video cassette/instructor's guide/manual**

**Audience: LET**

This video explains the difference between a hate incident and a hate crime and how to distinguish between the two. Specific details for first responders are special care taken in gathering eyewitness testimony, importance of maintaining a non-judgmental attitude and showing compassion for the victim and the community. Hate crimes cannot be dealt with solely by law enforcement, but with the support of the community.

**VC 516 POLICE-FIRE-RESCUE EMERGENCY FLARE TRAINING**

**2000/Orion/8:33 min./VHS video cassette Audience: A-LET**

How and when to use emergency safety flares is covered in this video. A discussion of the advantages of flares over other types of signals; flare lighting and deployment; flare extinguishing and finishing up with myths and truths about flares.

**VC 517 DRIVING IN BAD WEATHER**

**1994/AAA/9 min./VHS video cassette Audience: HS-A**

Using the setting of a television newscast, this video dramatizes the blinding effects of fog, dust, smoke, rain, snow and ice. Stresses the need to slow down to maintain control or get off the road safely in adverse conditions.

**VC 518 SHARING THE ROAD**

**1994/AAA/7 min./VHS video cassette Audience: HS-A**

Helps motorists understand the special concerns and dangers faced by pedestrians, truck drivers, motorcyclists, bicyclists and ambulance drivers.

**VC 519 NIGHT DRIVING**

**1994/AAA/9 min./VHS video cassette**

**Audience: HS-A**

Demonstrates how darkness limits drivers' vision. Discusses the biggest hazards drivers face in night driving and the ways in which drivers must change their driving to drive at night.

**VC 520 FELONY VEHICLE STOPS****1992/AIMS/45 min./VHS video cassette****Audience: LET**

This program details the procedures for making a felony vehicle stop from the moment the suspect is noticed to the point where they are arrested and locked in the back of a patrol car. How and where suspects should be pulled over, how patrol cars should be positioned and specifically what the primary and secondary officers are each responsible for is demonstrated in this video. Viewers will learn how to safely extract suspects from their vehicles, immobilize them and search and handcuff them. The importance of teamwork and practice is stressed.

**VC 521 "CHOICES": STORIES FROM THE MAINE STATE PRISON****1999/Intl Film & Television Workshop/15 min./VHS video cassette****Audience: JH-HS-****A**

Filmed at the Maine State Prison, this video depicts the choices made by several inmates and the consequences of these decisions.

**VC 522 COPS & COMPANY: WHAT IS A LAW ENFORCEMENT OFFICER?****1996/LA Educational Media/19 min./VHS video cassette Audience: HS-A**

An informative introductory video for anyone interested in a career in law enforcement. Depicts the federal enforcement agencies as well as state and municipal departments. Highlights the necessary application qualifications.

**VC 523 GOLDEN TEARS: CRIME PREVENTION FOR THE ELDERLY****1992/LA Educational Media/25 min./VHS video cassette Audience: A**

Tips on how to keep your golden years from turning into golden tears. Vignettes depict various confidence games and bogus medical remedies. Cautions how to avoid being a victim of a violent crime. Some basic guidance is provided on the safest entry doors and lock systems.

**VC 524 PRISONER TRANSPORT: NO SHORTCUT TO SURVIVAL****1998/LA Educational Media/18 min./VHS video cassette Audience: CT-LET**

Reenactments of prisoner transports gone awry reinforce the basic safety steps to be taken before transporting a prisoner. This video covers reviewing prisoner profiles, vehicle search and mechanical check, application of physical restraints, determining the primary route and not deviating, and not relaxing your guard.

**VC 525 WITNESS: HOW TO IDENTIFY A ROBBER****1994/LA Educational Media/20 min./VHS video cassette Audience: HS-A-LET**

The two most important tools a police officer has at his disposal are his eyes and his powers of observation. Following a reenactment of a robbery, the narrator poses twelve questions on the viewer's observation of the robber. A good introduction on what to relate for a description if ever called upon to be a witness to a crime.

**VC 526.1 CITY OF SHELTER: A COORDINATED COMMUNITY RESPONSE TO DOMESTIC VIOLENCE: STARFISH AND HOUSE OF HORRORS**  
**2000/Global Village Communications, Inc./102 min./VHS video**  
**cassette/discussion starter/reference manual/2 segments on 1 video**

**Audience: A-LET**

Part 1: Starfish [41 min.] examines how attitudes and law changes have affected the way we approach the problems of domestic violence.

Part 2: House of Horrors: The Dynamics of Domestic Violence [61 min.] examines the experiences of victims, batterers, police officers, prosecutors, judges, victim advocates, and batterers' intervention specialists to offer insight into the reason victims stay in abusive relationships, the terror victims live with, and the barriers they encounter when trying to leave.

**VC 526.2 CITY OF SHELTER: A COORDINATED COMMUNITY RESPONSE TO DOMESTIC VIOLENCE: HERDING CATS AND THE HEALTH CARE RESPONSE**  
**2000/Global Village Communications, Inc./78 min./VHS video**  
**cassette/discussion starter/reference manual /2 segments on 1 video**

**Audience: A-LET**

Part 3: Herding Cats: Beginning a Coordinated Community Response [48 min.] contains advice about the barriers domestic violence coordinating councils encounter and ideas for over-coming those barriers.

Part 4A: Walk a Mile in My Moccasins: The Health Care Response [30 min.] begins cross-understanding of everyone else's procedures in response to domestic violence by looking at the health care response.

**VC 526.3 CITY OF SHELTER: A COORDINATED COMMUNITY RESPONSE TO DOMESTIC VIOLENCE: THE LAW ENFORCEMENT RESPONSE AND THE SHELTER/ADVOCATE RESPONSE**

**2000/Global Village Communications, Inc./117 min./VHS video**  
**cassette/discussion starter/reference manual /2 segments on 1 video**

**Audience: A-LET**

Part 4B: Walk a Mile in My Moccasins: The Law Enforcement Response [76 min.] looks at changing laws, changing procedures, and changing attitudes among law enforcement officers. Dual arrest, primary aggressor, and evidence gathering are some of the areas addressed.

Part 4C: Walk a Mile in My Moccasins: The Shelter/Advocate Response [41 min.] looks at the struggles of running a shelter, dealing with the court system, collaborating with police officers and, above all, keeping victims safe.

**VC 526.4 CITY OF SHELTER: A COORDINATED COMMUNITY RESPONSE TO DOMESTIC VIOLENCE: THE PROSECUTORS' RESPONSE, THE JUDICIAL RESPONSE AND THE BATTERERS' INTERVENTION RESPONSE**

**2000/Global Village Communications, Inc./119 min./VHS video**  
**cassette/discussion starter/reference manual /3 segments on 1 video**

**Audience: A-LET**

Part 4D: Walk a Mile in My Moccasins: The Prosecutors' Response [56 min.] addresses philosophical and legal issues involved in domestic violence cases,

including recanting or uncooperative victims, threats and lack of clear physical injuries, and changing attitudes among prosecutors. Touches on recent DV case laws.

Part 4E: Walk a Mile in My Moccasins: The Judicial Response [45 min.] discusses recanting victims, batterer manipulation, sentencing, no-drop policies, lethality reviews, full-faith and credit, setting bond, dedicated domestic violence courts, and court watch programs.

Part 4F: Walk a Mile in My Moccasins: Batterers' Intervention Response [18 min.] explores the effectiveness of batterers' intervention programs touching on length of treatment, accountability and coordination with courts and probation.

**VC 526.5 CITY OF SHELTER: A COORDINATED COMMUNITY RESPONSE TO DOMESTIC VIOLENCE: COORDINATING COUNCILS MATURE AND CITY OF SHELTER**

**2000/Global Village Communications, Inc./75 min./VHS video cassette/discussion starter/reference manual /2 segments on 1 video**

**Audience: A-LET**

Part 5: Coordinating Councils Mature [42 min.] speaks candidly about dealing with difficult council members, analyzing statistics, death review committees, case conferences, coordination of information and procedures between agencies and building relationships.

Part 6: City of Shelter [33 min.] summarizes the series with police officers, judges, advocates and other community members reminding us that the ultimate goal of a coordinated community response is to save lives.

**VC 527 DOMESTIC VIOLENCE: THE LAW ENFORCEMENT RESPONSE**

**1998/LERC/4 VHS video cassettes/instructor overview/student's guide/overheads**

**Audience: LET**

Video 1: Domestic Violence: The Law Enforcement Response [28 min.] is an introduction to the special issues and problems that domestic assault cases present to responding officers.

Video 2: Handling the Call: Domestic Violence Vignettes [55 min.] contains eight 5- to 10-minute vignettes depicting officers responding to domestic assault calls.

Video 3: Writing the Report [30 min.] describes how to write a thorough domestic violence-related arrest and investigative report.

Video 4: Preparation for Training [51 min.] contains excerpts from interviews with experts in the domestic violence prevention field and addresses some of the issues that will be raised in the training.

**VC 528 SIGNS, SIGNALS & MARKINGS: UNDERSTANDING THE LANGUAGE OF THE ROAD**

**2000/AAA/17:40 min./VHS video cassette**

**Audience: HS-A**

Describes the underlying rules and logic behind traffic control signs, signals and markings. Demonstrates the importance of obeying signs to driving safely.

**VC 529 JUST ANOTHER SATURDAY NIGHT**

**1998/AAA/13 min./VHS video cassette**

**Audience: HS-A**

Follow-up to the classic video, "Just Another Friday Night." A night of revelry turns tragic when a popular college-bound student takes the wheel after several drinks. Dramatizes the events and decisions leading up to a drunk driving tragedy. Courtroom dialogue encourages further discussion about the personal and legal consequences of drinking and driving.

**VC 530 MANAGING SPACE AND TIME FOR SAFE DRIVING**

**1991/AAA/8 min./VHS video cassette**

**Audience: HS-A**

Illustrates how good drivers continually adjust their speed and position to maintain a safe space cushion in traffic. Emphasizes the importance of safe following distances and active scanning to stay alert to what is going on ahead, to the side and behind.

**VC 531 PREVENTING ROAD RAGE: ANGER MANAGEMENT FOR DRIVERS**

**1998/AAA/20 min./VHS video cassette/2 copies**

**Audience: HS-A**

Violent aggressive driving, or "road rage," is a growing public concern. This video teaches viewers how to avoid offending other drivers, manage their own anger and disengage from an angry encounter. Includes footage of on-the-road encounters between angry drivers and personal anecdotes from real people who have reformed themselves by practicing anger management techniques.

**VC 532 UNLOCKING THE MYSTERY OF ANTILOCK BRAKES**

**2000/AAA/15:45 min./VHS video cassette**

**Audience: HS-A**

A private eye is working late one night and hears a crash--was it the brakes? Learn how to use antilock brakes properly and how vehicles equipped with antilock brakes handle differently than those with conventional brakes.

**VC 533 SEMI CONSCIOUS: DRIVING IN THE REAL WORLD**

**1996/AAA/12 min./VHS video cassette**

**Audience: HS-A**

Four teenagers demonstrate basic tips for sharing the road with trucks, using music to reinforce their message. Entertaining as well as informative, this video is a must for driver education classrooms.

**VC 534 GETTING SAFELY PAST THE ORANGE BARRELS**

**1992/11 min./VHS video cassette**

**Audience: HS-A**

Promotes cooperation in protecting the lives of highway construction workers. Shows what construction workers and markings mean and how to adjust driving when passing through road construction areas.

**VC 535 THE TRUTH IS IN THE EYES**

**1999/Bureau of Transportation Safety/8:50 min./VHS video cassette**

**Audience: LET**

This video discusses the standardized approach to apprehending impaired drivers. The visual signs lead to a traffic stop and the officer administers the walk and turn test, the one-legged stand test and the horizontal gaze nystagmus [HGN] test. In the split screen close-ups of the same subject prior to consuming alcohol and then following impairment, it is easy to detect the nystagmus. The eyes of the impaired subject will drift away and then jerk back to the moving

object and can be readily observed by a trained officer, even when the test is administered in the evening hours.

**VC 536 CRIME TO COURT: INVESTIGATIVE DETENTION: SEIZURE OF LUGGAGE  
1999/NIMCO/23 min./VHS video cassette/2 titles on 1 video      Audience:  
LET**

A reenactment of train station/drug interdiction investigation and seizure of a duffle bag without detaining the person. Follows the case through the eventual arrest at the police station and then into the court. Cites case law.

**VC 536 DEATH NOTIFICATION  
1996/NIMCO/14 min./VHS video cassette/2 titles on 1 video      Audience:  
LET**

Death notification is a difficult but necessary part of being a law enforcement officer. This video offers suggestions for handling this terrible situation. How to approach the family and tips for what should and should not be said are discussed.

**VC 537 CRIME TO COURT: KNOCK AND ANNOUNCE RULE  
1999/NIMCO/18 min./ VHS video cassette/2 titles on 1 video      Audience:  
LET**

A reenactment of a forcible, no-knock entry into a motel room where cocaine and money were confiscated in the bathroom. Follows the case into court and cites case law relating to these circumstances.

**VC 537 SCHOOL SECURITY  
1997/NIMCO/14 min./VHS video cassette/2 titles on 1 video      Audience:  
LET**

The role of the school resource officer is discussed with emphasis placed on how the officers interact with other law enforcement functions. Some of the advantages of having an officer in the school are this position provides a visual deterrent to prevent students from engaging in violence and enhances the relationships of the law, school and students. Interviews with students who share their views on the school resource officer.

**VC 538 A PREVENTABLE TRAGEDY: FIRST RESPONSE TO SUICIDAL YOUTH  
2000/Maine Youth Suicide Prevention/24 min./VHS video cassette  
Audience: LET-A**

This videotape is designed to educate public safety personnel, educators, counselors, therapists and parents about youth suicide and early intervention steps to help prevent the tragedy. It also provides information on how to support family members after an attempted or completed suicide. Study guide available upon request.

**VC 539 BREAK THE CODE OF SILENCE: SAVE A LIFE!**

**1995/Alfred Higgins Productions /18 min./VHS video cassette Audience: JH-HS**

Tells the true story of a teenager who was killed when a gun accidentally discharged in a classroom. Encourages students to tell a trusted authority if they know someone is carrying a gun at school, or considering suicide, or any other problem that could endanger someone's life.

**VC 540 SUICIDE BY COP (PART I)**

**1999/California POST Television/116 min./VHS video cassette Audience: LET**

In a Suicide by Cop incident, law enforcement officers become unwilling executioners for suicidal individuals or criminals who cannot face the lawful consequences of their apprehension. These incidents have long-term, often devastating effects on those involved. This video includes: background information on the phenomenon and the behavior of "Suicide by Cop" subjects; information gathering strategies and assessment tools for Call Intake Personnel; and profiles of two incidents narrated by the actual officers involved.

**VC 541 PARENTING WISELY: AN EFFECTIVE INTERACTIVE PROGRAM**

**Family Works Inc. /24 min./VHS video cassette Audience: JH-HS**

The Parenting Wisely program gives parents and secondary students essential parenting and family living skills. The aim of the program is to reduce teen behavior problems and improve family relationships. This preview video contains 2 of the 9 segments.

**VC 542 ROLL CALL: HIGHWAY-RAIL GRADE CROSSING SAFETY**

**1999/Operation Lifesaver/10 min./VHS video cassette Audience: LET**

This video will help law enforcement officers educate motorists and pedestrians about highway safety near railroads. It explains the need for enforcement of traffic and trespassing laws, types of warning signs and signals, laws and civil rulings, available enforcement tools, and the investigation of grade-crossing collisions.

**VC 543 ROAD RAGE AND AGGRESSIVE DRIVING: VIEW FROM THE DRIVER'S SEAT**

**1998/AIMS /20 min./VHS video cassette Audience: JH-HS-A**

This timely program looks at road rage and aggressive driving from the driver's perspective. Viewers learn what to do if they are the object of an enraged driver and how to avoid becoming enraged themselves.

**VC 544 BODY LANGUAGE: AN INTRODUCTION TO NON-VERBAL COMMUNICATION**

**1993/Learning Seed/25 min./VHS video cassette Audience: JH-HS-A**

This video and accompanying guide present an introduction to non-verbal communication. The program explores how we communicate through body movements and gestures and through our use of personal space. When non-

verbal messages conflict with words, we choose body language as the most reliable. Being able to "read" non-verbal gestures and signals is a highly practical and valuable communication skill.

**VC 545 READING PEOPLE: THE UNWRITTEN LANGUAGE OF THE BODY**  
**1998/Learning Seed/23 min./VHS video cassette**      **Audience: JH-HS-A**

This video shows how to become a "people reader" attuned to non-verbal clues. Learn about paralanguage, eye behavior, cultural differences, touch, space, and time. The lively video examples are fun, the explanations easy to understand, and the concepts part of everyday life. An excellent follow-up to *Body Language* (VC 544).

**VC 546 QUIET RAGE: THE STANFORD PRISON EXPERIMENT****1992/Philip G. Zimbardo/50 min./VHS video cassette****Audience: HS-A-****CT**

This 50-minute documentary of a classic experiment in social psychology began on Sunday morning August 14, 1971, with the surprise arrests of students by the city police. It was terminated prematurely on August 20, because the situation had become so volatile that the researchers felt they no longer had control over the guards and the safety of their research subjects. This unique film reveals the chronology of the transition of good into evil, of normal into abnormal. New film, flashback editing, follow-ups 20-years later, and an original music score combine to make this an invaluable teaching resource for educators.

**VC 547 LOCKUP USA: HELD HOSTAGE: SURVIVING THE LUCASVILLE UPRISING****1998/Lockup USA/35 min./VHS video cassette****Audience: CT**

On April 11, 1993, Easter Sunday, more than 200 inmates at the Lucasville, Ohio maximum security prison rioted, taking eleven Correctional Officers hostage and causing more than \$10 million in damage during the ensuing 11-day standoff. One Correctional Officer was murdered along with nine inmates. This program consists of an interview with CO Larry Dotson, who breaks his five-year silence and describes for the first time the events which occurred inside the prison when he was held hostage. Others describe the scene outside the prison as police and prison officials worked to free the hostages and settle the uprising. Due to the sensitive nature of the material presented, no study guide is included with this program.

**VC 548 STAFF SUPERVISION FOR CORRECTION PROFESSIONALS****1999/US Dept of Justice/5 VHS video cassettes****Audience: CT**

Becoming a first line supervisor involves many changes and challenges. This course, originally delivered as a distance learning event, introduces ideas, insights and perspectives that will immediately impact supervision effectiveness. Modules include: building blocks of supervision (what is a supervisor and supervisory competencies); personal competencies (vision, values and principled behavior); organization context (mission, culture and working with stakeholders); supervisory styles; problem solving (critical thinking, decision making and conflict management); effective communications (the dynamics of communications, listening and responding, and written communication); encouraging performance (assessing and coaching performance, counseling and discipline, and performance appraisals); and action plan. Instructor manual available upon request.

- *VC 548.1 Day 1/84 min.*
- *VC 548.2 Day 2/96 min.*
- *VC 548.3 Day 3/117 min.*
- *VC 548.4 Day 4/115 min.*
- *VC 548.5 Demonstration of On-Site Activities/85 min.*
- *VC 548.6 Role-Playing Vignettes Only/35 min.*

**VC 549 TECHNOLOGY ON THE JOB**

**2001/National Institute of Justice/30 min./VHS video cassette Audience:  
LET**

This video contains six short segments detailing new technologies and services developed for the law enforcement community to improve public safety, safeguard officers' lives and prevent and solve crimes.

**VC 550 IN THE LINE OF DUTY: LESS THAN LETHAL FORCE OPTIONS**

**2000/Line of Duty, Inc./20 min./VHS video cassette Audience: LET**

More and more departments are expressing great interest in the options available to them that involve less than full lethal force. Public safety, of course, is a very important factor as are the ever growing problems associated with department liability. This program is geared specifically to provide officers and departments with the very latest options currently available involving weapons of less than lethal force. This includes actual video of both the bean bag and the TASER in use and tutorials on both provided by law enforcement experts.

**VC 551 IN THE LINE OF DUTY: REMAINING CALM DURING MAJOR ADRENALINE RUSHES**

**2000/ Line of Duty, Inc./7 min./VHS video cassette Audience: LET**

A state trooper loses all patience and cool when a motorist fails to pull over despite his flashing lights and siren. As a result, he angrily and forcefully yanks her from her vehicle. The resulting uproar causes the trooper to lose his job. The graphic video is unforgettable and makes a lasting impression on all cops. In this roll call presentation, viewers learn the critical lessons needed to stay calm under the most intense pressure from the physical fitness expert with the St. Louis Metropolitan Police Department.

**VC 552 BASIC REPORT WRITING**

**2000/Police Training Network/28 min./VHS video cassette Audience: LET**

Included in this valuable training aid are unique methods for planning and organizing the police narrative, making the report "reader friendly" for a non-police audience, eliminating slang and jargon, obtaining effective statements, and editing strategies. Four dynamic video scenarios are presented that force students to solve writing problems and learn from real-world writing practice. Handbook also available upon request.

**VC 553 ADVANCED REPORT WRITING**

**2000/Police Training Network /32 min./VHS video cassette Audience: LET**

This video is designed to reinforce the ideas presented in the *Basic Report Writing* video (VC 552). It focuses on the advanced concepts of narrative structure and organization, writing for a non-police audience, and editing strategies. It contains four dynamic scenarios that force students to solve writing problems and learn from real-world practice. Handbook also available upon request.

**VC 554 DRUGS THAT IMPAIR DRIVING**

**1996/NHTSA/20 min./VHS video cassette Audience: LET**

This educational program discusses the effects of different drugs causing a failed sobriety test. The video also shows the effects to the eyes, walk and balance.

**VC 555 DO RIGHT**

**1988/Washington Productions /35 min./VHS video cassette      Audience: HS-A**

Lou Holtz and motivation are practically synonymous. This video is an expression of coach Holtz' lifelong philosophy, told in his own words and illustrated by action footage of Notre Dame football.

**VC 556 DO RIGHT II**

**1990/Washington Productions/23 min./VHS video cassette      Audience: HS-A**

*Do Right II* with Lou Holtz focuses on the importance of teamwork, the cornerstone of every individual and organizational success. Coach Lou Holtz discusses teamwork and four fundamental factors which together create successful teamwork: 1) Develop a sense of purpose-a clear strong and common goal; 2) Communicate your goal; 3) Utilize the individual and diverse talents of everyone in your organization and 4) Empower others to make their own decisions.

**VC 557 SEXUAL HARASSMENT IN THE 21<sup>ST</sup> CENTURY**

**2000/AIMS/22 min./VHS video cassette      Audience: A**

*Sexual Harassment in the 21<sup>st</sup> Century* defines what sexual harassment is, identifies the types of personal consequences that may result from this behavior, provides examples of common types of sexual harassment situations, outlines possible consequences for an individual who sexually harasses another individual, and gives general advice regarding the parameters of acceptable behavior in a work environment. This program reflects the most recent Supreme Court rulings on sexual harassment.

**VC 558 KIDS AND GUNS: MAKING THE RIGHT CHOICE**

**2000/Maine Youth Suicide Prevention/30 min./VHS video cassette      Audience: M-JH**

*Kids and Guns: Making the Right Choice* is an exceptionally powerful and effective educational tool, designed to educate children in grades 6-8, parents and other concerned adults about staying safe around guns. Performed by real students, three situations involving firearms are demonstrated in a school play format. Also included are segments about youth suicide, with a shooting victim, and with parents who lost their 15-year-old son.

**VC 559 PARTNERSHIP IN PROTECTION: COMMUNITY POLICING TO COMBAT DOMESTIC VIOLENCE**

**1997/Center for Educational Media/3 VHS video cassettes      Audience: LET**

Developed by the Maine Criminal Justice Academy, the Maine Coalition of Family Crisis Services, and the Muskie School of Public Service, this training program provides advanced domestic violence training to law enforcement personnel. Included in the program is an instruction manual, a series of overhead transparencies and 3 videos.

- VC 559.1 *Emily*/2 copies
- VC 559.2 *Craig*/2 copies
- VC 559.3 *Susan*/2 copies

**VC 560 NEW LAW UPDATE**

**2001/MCJA /120 min./VHS video cassette      Audience: LET-CT**

Developed by the Attorney General's Office and the Maine Criminal Justice Academy, this mandatory training program provides information regarding new and amended public laws of interest to the law enforcement community. Handout available upon request.

**VC 561 CIVIL LIABILITY**

**2001/MCJA /120 min./VHS video cassette**

**Audience: LET-CT**

Developed by the Attorney General's Office and the Maine Criminal Justice Academy, this mandatory training program provides information regarding current and ongoing issues of police liability. Handout available upon request.

**VC 562 THE ETHICAL DILEMMA VIDEO TRAINING SERIES**

**1993/The National Institute of Ethics/2 VHS video cassettes      Audience: LET**

This video series, developed by the National Institute of Ethics, utilizes realistic ethical scenarios and interactive, probing questions to help police officers be prepared to make the right decision when faced with ethical dilemmas. See also VC 563 for additional scenarios.

**VC 563 COMMUNITY ORIENTED POLICING: ETHICAL DILEMMA VIDEO TRAINING SERIES**

**1999/The National Institute of Ethics/2 VHS video cassettes      Audience: LET**

This video series, developed by the National Institute of Ethics, utilizes realistic ethical scenarios and interactive, probing questions to help police officers be prepared to make the right decision when faced with ethical dilemmas. See also VC 562 for additional scenarios.
